Hands as hard as Stone

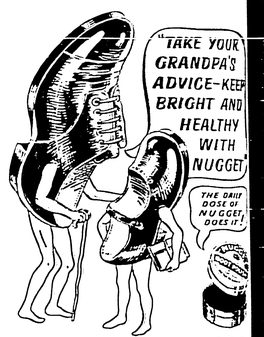

"You can imagine how pleased I am," writes a lady from Premier Mine (Cape 1421), "my hands were as hard as stone from cracks caused by eczema. One tin of Felaform Ointment and one cake of Felaform Soap caused the cracks to soften and fall off.

Mr. B. E. van Niekerk of Wakkerstroom district, writes: "Send me another cake of Felaform Soap and another bottle of Felaform Blood Tonic. It is the best I have ever used. My face was a mass of pimples, blackheads and blotches, but is now beautifully clear and smooth."

Hundreds of sufferers from eczema and other skin troubles have obtained complete relief from pain, itching and disfigurement, by using the Felaform remedies. All chemists sell Felaform Ointment, Felaform Soap, Felaform Skin Powder, Felaform Blood Tonic and Felaform Shaving Sticks.

FEET EVER FEEL LIKE LEAD?

More often than not, the cause of leaden, heavy and cold feet is due to poor blood circulation. The heart, like the hands, are your body's alternators, and need good circulation of pure blood to keep them in trim. Some time back, a Mr. H. Barker, of Boxfly, paid great tribute to the wonder blood-restoring and circulation-stimulating powers of R.F.R., by writing to the R.R.R. Company as follows:

"During the past six winters, I have been under the doctor for pains in the feet. I could hardly walk. The pains were so keen, but now I can walk without any discomfort or discomfort, and I want to express my sincere thanks for the way R.R.R. has cured me of my trouble."

So, you see, as with the heart, muscles, liver, kidneys and stomach, so with the feet, R.F.R. in the correct and most successful way. Once again it is proved that R.F.R. is the one and only where ordinary treatment has not achieved results. In 24 or 2 ailments R.F.R. will restore a normal course. It has a remarkable health action on the entire body, because it contains all liver, liver stimulant, laxative, nerve, blood purifier and all nerve tonics. No matter what ails you wrong with you, R.F.R. is sure to do your good.

Take R.F.R. and Be Well Again!

Obtainable from all chemists and stores at the following prices: R.F.R. small size (for 24 weeks treatment) and BOK (one week's treatment), 1/6 each. Large money-back guarantee. Sole agents of R.F.R. for Africa.

Election Leaflet No. 2.
NATAL INDIAN CONGRESS ELECTIONS

WHAT IS THE CONGRESS ELECTION COMMITTEE?

It is a body of men of all sections of the Indian Community—the Workers, the Farmers, the Merchants, the petty Storekeepers—who have come together for the purpose of creating a Congress of all Indians for all Indians.

What does it Stand For?

Food
Housing
Work for all South African Citizenship

What is the Anti-Segregation Council?

It is a body of men, some of them Communists, some of them Trade Unionists, some of them members of the present Congress Committee and Congress Executive who were defeated in various elections of Congress arrived at democratically and who, dissatisfied, formed an opposition body working on parallel lines to the Congress while at the same time remaining members of the Congress Committee and Executive.

What is the Difference between the Two?

IT IS THIS:—

The Anti-Segregationists, led by Communists, who are Communists first and Indians second, say:—

1. Indians must unite with the Non-European Unity Movement in a militant struggle and in a policy which the Natal Indian Congress has not been asked to formulate.
2. Indians must demand the full franchise for Africans, Coloureds and Indians or nothing.
3. Indians must repudiate the policy of progress based on constitutional negotiations.

The first of these would be to hand over Indian affairs to NON-INDIANS for decision. This would mean that the Indians would lose their separate identity—an identity which we have consistently guarded since Mahatma Gandhi's time.

The second and third must be determined in the circumstances of time and place, by the forces at our disposal. It is easy to shout for a list of high-sounding "demands," but useless and irresponsible to do so unless account is fully taken of the methods by which such demands are to be attained. By no stretch of imagination can the meetings at the Red Square be called a militant struggle.

Do you honestly think—

1. That the Government will give all Non-Europeans over 21 years the vote on the common roll and the right to sit in Parliament, in Provincial Councils, and in City Councils—ALL AT ONCE—just when the Anti-Segregationists ask for it?
2. That we should join the Non-European Unity Movement and accept policies and terms laid down for us by others without having been consulted?

IN MEMORIAM

In loving memory of my dear wife, and our dear mother, Bhagwatie, who passed away Feb. 27, 1944, at Lourenco Marques.

The cruel wish was too hard on dear, Beautiful memories are all we have left; Of one we all loved and will never forget.

A loving smile, a beautiful face,
A broken link we can never replace,
Things have changed in many ways,
but one thing changes never,
The memories of the happy days
When we were all together.
The ends the first sad year,
Ever remembered by her dear husband,
5 x boys and eight loving children,
Jaadhaw, Bhaporka, Parthap, nathpuni, Chanderabhe, Lutchman, Hiradevi and Dhanabeti.

In treasured memory of our dear loving father, who fell asleep on February 28, 1945. Dear us, dear loved one, thy labours are over,
Thy willing hands will toil no more,
In silence you suffered, in pain you bore,
Till God called you home, to suffer no more.

Remembered by his loving Sons, Brothers, Daughters-in-law and Grandchildren.

E HITS OUT AT GEO. NGH AND DADOO

...were passed between Mr. A. I. Kajee, on the one side, and ... and Dr. Dadoo, on the other, when they met on a common ...ment of the Indpenco branch of the Natal Indian Congress on ...

DEFENCE, Tuesday. ...council meeting of the ...of the Natal Indian ...Sunday, the Leftwing ...W. Godfrey, George ...C. Anglin and Dr. ...others present were ...Many of the ...members were still out of ...Many invited ...tion of the Fabian workers camp for ...year.

Speaking feelingly Mr. Kajee said: "I am speaking to my people. I have lived for Congress and Congress has lived for me. I have been chairman, ...chairman, Mr. Dadoo ...Congress presses on ...

Mr. Kajee said the Committee had stated that the A.S.C. proposal to ...Indians had been ...by the Communist Party and Indian ...I am ...Congress.

In tabling the Pro...Godfrey said that ...Indians so there was ...and, according to ...Congress was ...fighting for the Indian ...Congress was ...hard to say ...to say."

...and that it was the ...the N.I.C. leaders ...Godfrey and the ...Agreement meant ...Indians must remain a ...separate ...but it ...Indians must remain a ...permanently."

Mr. Kajee interrupted with an emphatic "No", when Mr. Kajee stated that ...Indians had been ...Durban must remain a ...separate ...but it ...separate ...permanently."

Mr. Kajee continued to say that he would stand down if the A.S.C. were going to fight the Government only, but ...they intended fighting the Indian ...and spoke of Hindus, going to ...fight the Government. "I am going to fight the Government, Hindus, Muslims, Christians, Hindus, Gandhi and others were also ...I have been with the Congress for 30 years, I, too, ...and ...Communist platforms but found that it did not pay."

Beginning an attack on Mr. Geo. Singh, Mr. Kajee said that when Mr. Singh wanted an exemption from Africans for his L.R.D. he went to Mr. Geo. Singh ...intervened to say that the Land ...to Mr. Kajee as the Congress ...Mr. Kajee stated ...that was not ...Mr. Geo. Singh had ...and that was in favour of the ...Agreement, the latter replied with "I lied".

Mr. Kajee continued: "A policy of the Indians must be submitted to all Indian ...Whether a worker in the ...belongs to Congress or Indian ...Congress or Indian workers should fight on its behalf."

Speaking on the question of trading ...during the elections, Mr. Kajee said, "Fifty per cent. of the Indian traders in this country is made up of non-Muslims and most of them are downright ...people." He also said that the Indians School was built largely through Muslim help, and that in a place like Wyebank, where there were a few Muslims, a Muslim had undertaken the building of a school.

Dr. Dadoo told Mr. Kajee not to meddle in his personal matters when Mr. Kajee referred to Dr. Dadoo's father having obtained freedom to purchase and resided in the Transvaal.

In concluding, Mr. Kajee said: "Dr. Dadoo, you and I may stay with our ...and not with the Congress, but we ...have to live ...for him to come to Natal ...with a smile ...if divide us, then I have ...no regard for him."

STAY IN INDIA

The Transvaal Indian Congress has received a telegram from the High Commissioner for India, who has received information from the Secretary of State for India, stating that: "Indian Government has agreed to ...extension of period of validity of ...certificates to Indians who have left India after MAY 26, 1939, provided ...Government of India certifies in each individual case that passage booked and ...accommodation not available."

It is authoritatively learnt, states the United Press of India, that Mr. Gabriel Lourenzon, a prominent Indian Socialist ...has been appointed Professor of Oriental Science in the Moscow University.

CONGRESS ELECTIONS —A SETTLEMENT?

There are possibilities that the election fever, which now in a Natal epidemic, will have a sudden drop, for attempts are being made among both the Congress Elections Committee and the Anti-Segregation Council to arrive at a fixed number of officials.

The Council, it is learned, is wanting 50 per cent. representation. This, the Congress considers too high and that there are indications that it will be prepared to concede 25 per cent.

If settlement is reached on these lines there will be no radical changes in the present composition of the officials.

MARITZBURG TECH.

This Institute should now have its own buildings wherein to conduct evening classes in commercial subjects, and later provide for the teaching of technical subjects, stated the secretary, Mr. F. S. Dhoray, in his annual report presented at the annual meeting of the Maritzburg Indian Technical Institute.

It was anticipated that after the war South Africa's women labour supply ...diminished, and therefore it was necessary to prepare technicians to meet the demand. Technical subjects could only be taught in a suitably equipped building. The council has appointed a building sub-committee and interested in with the object of instituting this scheme.

Indians are keenly alive and aware of the value of being fully trained in this country, in a recent issue of the Africanus class was commenced in February last.

The following were elected officials for the ensuing year: Chairman, Mr. S. R. Moodley; vice-chairman, Mr. S. D. Chetty; hon. treasurer, Mr. Ismail Ameed; hon. secretary, Mr. Sarojini Hurri; hon. auditor, Mr. Ramsay Hurri; committee members, Messrs. R. Dookran, ...C. Lingaya, L. Anthony, D. R. Singh, ...P. Satyapal, Hajee Mia, S. Hassanee, ...Rajaseemah, R. S. Moodley, A. Ahamadmia Mahomed, A. Bowan and two representatives from the Natal Indian Congress.

INDIAN BROADCAST

On Sunday next, from the Durban studio, during the Indian session, Mr. Kazee Goonedee and his people will broadcast a programme of Karnatic songs and music.

The council of the Yakoob Hoos, golf champions, on Monday 26, defeated D. J. Naidoo 72, R. Sewnarain 73, Bobby Naidoo 78, V. Pillay 74, V. V. Naidoo 79. Yoo no returns.

In the Natal tennis competitions Ryan Hoon beat Kismet by 5 matches to 2.

Congress Complains of Indian Teachers' Low Salary

THE Natal Indian Congress gave evidence before the Teachers' Salary Enquiry Commission recently. The Congress was represented by Messrs. P. K. Pather, V. Lazarus, A. K. Xaleem and W. C. Sweet.

A memorandum was submitted and ...the differing Indian teachers' qualifications and their salaries, together with Indian education, were discussed.

It was stressed by the Congress that the salaries of Indian teachers generally were low; men and women were paid on the same basis and no teachers. There were teachers who were holders of degrees, some ...double degrees, and teaching diplomas and who were doing the same work as the same institutions with Europeans, but received only about half the amount of salaries that the European teachers received.

Mr. M. Bowman, secretary to the commission, pointed out that there were many teachers with low qualifications and were receiving good salaries.

The Congress stoutly denied this and emphasised the fact that such teachers with ...camp ...qualifications and who were doing very good work according to Government inspectors' reports.

A point of contention for ...Indian teachers gave rise to certain differences in time of service which always ...the Indian teachers. The Congress ...that the Indian teachers should be ...for European teachers ...and that there should be no discrimination ...salary scale for Indian teachers.

Women were coming forward as ...but there was not sufficient ...encouragement for them from a salary ...point of view, the same scale of salary should apply to both male and female teachers.

The Indian community was greatly perturbed at the increasing number of the best qualified teachers who were resigning from the profession. The Teachers' Society and the Indian community have ...and time again made representations to the authorities but without satisfaction.

The Indian teacher had become absolutely ...between Indians and the best he could ...and therefore ...

Yet again another representative of the Government of India in this country is a grass widower. The new High Commissioner has not been able to bring his wife across with him. He is the fifth diplomat to be enjoying the advantages of bachelorhood since the outbreak of war. Four daughters and a son. We have had seven representatives of India in this country and only one brought his wife with him. Another was joined by his wife and daughters for a short period. Old Leadership On the Run

DESPITE the fact that the Anti-segregationist Council has spread unwarranted alarm among sections of the Indian community, despite the fact that in spite of the loud and shrill attempts of Congress hacks to pack the Bantaloo Hall on Saturday last, despite the Anti-segregationist Council officials and other speakers, Mr. R. H. Lalla was in the chair,

Speakers at the meeting were Dr. Naidoo, Dr. H. F. Chetty, Dr. Lew Christopher, Dr. D. Pirandi, Mr. A. Christopher and Mr. Lee Bengh.

The policy of compromise and political expediency, which had culminated in the disastrous Pretoria Agreement and its offspring the Natal Ordinances were severely criticised.

Dr Naidoo warned the people that there were more behind the move to segregate another unrepresentative whole, under the Pretoria Agreement.

The arrival of the Right Commissioner, the plight of the Indians in the Transvaal and the continued persecution of other Indians were discussed.

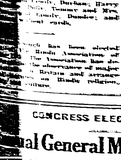

In view of this, the speakers urged upon the Indian people the importance of unity and the necessity of standing shoulder to shoulder in our struggle for democracy.

Mr Lee Bengh said that the Indian masses were today politically conscious and were aware of what was at stake. Hundreds of women had joined the Congress movement. Anti-Segregation Council meetings and functions are meeting vast support. Speaking of the said Mr. Cassim Jadwat, who had come recent from Cape Town, "The old apartment leadership is on the run and nothing will stop the onward march of the Indian people."

Mr. Lalla moved a vote of full confidence in the Anti-Segregation Council which was endorsed unanimously.

Messages of confidence from the Anti-Segregation Council were passed at these meetings from Messrs. Pather, Pentonia Rise Hindu

received from the Dundee Mr. L. J. Terrence Pillay and Gilbert (Port Elizabeth Pather,

CONGRESS ELECTION COMMITTEE

Special General Meeting and Election

Notwithstanding the fact that the Committee of the Indian Congress at the meeting held on 4th March, 1945, decided to postpone the Election Meeting, it is hereby notified for information of the Indian Community that work of the Congress Election Committee will continue as heretofore. The postponement will in no way affect the work of the Committee in regard to the enrolment of members, distribution of literature and addressing of meetings.

Don't Be Misled by the

PROPAGANDA
OF THE
KAJEE—PATHER GROUP
A Reply to the Congress Election Committee
Election No. 2

Leaflet No. 2 says:—
"The Anti-Segregationists are led by Communists, who are Communists first and Indians second."

We say:—
There are Communists in the Anti-Segregation Council as there are Communists in the Congress Committee, as also in the Indian National Congress and the Muslim League of India. There is nothing contradictory in an Indian being a Communist. To say that the Communists are Communists first and Indians second is to indulge in cheap sentimental trash, aimed at diverting the attention of the people.

The Policy of the Anti-Segregation Council is not dictated by any group or section. It is arrived at in a democratic manner.

Moreover, the Communists have not sold the right of the Indian people as the Kajee-Pather group has done. THE COMMUNISTS ARE FIGHTERS IN THE CAUSE OF FREEDOM FOR ALL PEOPLE.

The Communist Bogey was used by Hitler and his gangsters to suppress the Jews, the workers and the people of Germany and elsewhere and to bolster up the racial superiority of the German race.

The Communist Bogey is also being used in South Africa by the Fascists—the Malans, the Louws, the Pirows and Van Rensburgs—to suppress the Indian and other Non-European peoples.

Now, the Kajee-Pather group is using the Communist bogey to divert the attention of the people from the great crime which they have committed against the community in concluding the PRETORIA AGREEMENT.

Leaflet No. 2 says:—
"The Anti-Segregationists say . . . Indians must unite with the Non-European Unity Movement. . . . Indians must demand the full franchise for Africans, Coloureds and Indians or nothing."

We say:—
Congress must make common cause with other sections of the Non-European peoples on common economic and political issues, and therefore we ask for the implementation by the Natal and the S.A. Indian Congress of the Unity Resolution passed by the S.A.I.C. in 1943 (proposed by A. Ismail and seconded by A. I. Kajee).

We want:—
Full franchise, i.e., the right of every Indian, man and woman over the age of 21, to elect and be elected to Parliament, Provincial and Municipal Councils.

Kajee-Pather Group wants:—
Restoration of the franchise, i.e., the right to vote for only those Indians who enjoy property qualifications and no vote for women.

We want:—
Franchise for all Indians.

Kajee-Pather Group wants:—
Franchise for only a few.

IS PRETORIA AGREEMENT DEAD?
WHY HAVE THE ELECTIONS BEEN POSTPONED?

Kajee-Pather Group says:—
Why make a fuss about the Pretoria Agreement? General Smuts says it is dead.

We say:—
Do not be hoodwinked. Doors are left wide open for another dishonourable agreement. The Smuts Government is very much concerned about Indians challenging protest. General Smuts, on the eve of his departure for London and San Francisco, would like to repeal the Pegging Act if he could secure the segregation of our people with our own consent and cooperation. The Kajee-Pather Group is on the way to conclude another agreement as dishonourable as the Pretoria Agreement.

NO WONDER KAJEE-PATHER GROUP WANTS TO REMAIN IN OFFICE AT ALL COSTS!
NO WONDER THE KAJEE-PATHER GROUP MANAGED TO HAVE THE ELECTIONS POSTPONED INDEFINITELY!
DO NOT BE MISLED BY THEIR ARGUMENTS THAT THEY WANT A DEMOCRATIC METHOD OF ELECTIONS. IT IS AN EYE-WASH!

REMEMBER
The Congress Election Committee stands for:—
Kajee-Pather Group—The Notorious Pretoria Agreement—Dishonourable Compromises.
BEWARE OF THE DANGERS OF HARMFUL COMPROMISES AND SELL-OUTS.

WAKE UP YOUR TORPID LIVER BILE—
Without Calomel—And You'll Jump Out of Bed Full of Pep and Vigour.

Your liver should secrete one pint (litre) of bile into the bowels every day. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas forms. You get constipated. Poisons from this decaying food are absorbed into the blood and you feel sick, headachy, nauseated, and all "gone" inside. A mere movement of the bowels does not relieve you. It takes those good, old-fashioned, purely vegetable liver pills known as Carter's Little Liver Pills to get you right. Ask for Carter's Little Liver Pills. Refuse substitutes. Price 1/6.

SATURDAY, MARCH 10, 1945.

A Deplorable

[HERE]AS the next wedding event, to record here, at the Natal Indian Congress session of Sunday's issue of the Natal Leader, was the engagement of Miss Ancamall, eldest daughter of Mr. and Mrs. K. Vellon of Tongaat, to Mr. Coopantham Pillay, eldest son of the late Mr. and Mrs. Velli Pillay, of Tongaat, we had taken and had no choice in the matter but to publish the announcement in the form in which it was received. The proof that we had taken and that no alteration was made in the notice was duly checked and returned to the sender. We had no reason to suspect that the notice was not genuine and that the parties concerned were not in agreement with the engagement. We had also taken it for granted that the notice was inserted with the consent of the parents of the bride and bridegroom

Lady ashamed of her own body

Mrs. George Delaporte wrote: "I am very thankful for what Pelaform Soap and Ointment have done for me. I had a nasty skin eruption which gradually spread over almost the whole of my body. I was ashamed of my own person, and tried various treatments without success. This lasted for about 10 years. Now, after the use of Pelaform Soap and Ointment, my skin is beautifully clean. I cannot adequately express my gratitude."

Hundreds of sufferers from eczema and other skin troubles have obtained complete relief from pain, itching and disfigurement, by using the Pelaform remedies. All chemists sell Pelaform Ointment, Pelaform Soap, Pelaform Skin Powder, Pelaform Blood Tonic and Pelaform Shaving Sticks.

AUSSIE SERGEANT "CRACKS UP"

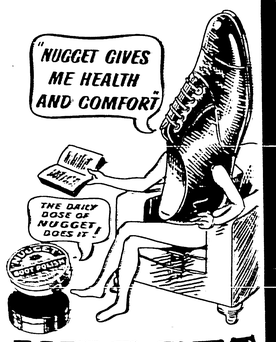

The strenuous days of Army life soon found out the weak spots in Sgt. L. H. Lachlan's health. He writes: "For several years before joining the A.I.F. I suffered from

rheumatic aches, constipation and sleeplessness, but the vigorous life of the Army soon caused me to crack up properly. Pains in my legs were a nightmare and at night sleep was an impossible luxury of the rheumatic pains. On the advice of friends, I took K.U.K., and let me say that it is a 100 per cent. remedy. My rheumatic pains disappeared and the tired feeling left me completely. To-day I consider myself a new man, thanks to the curative properties of pure mineral ingredients in Kruschen. I'd like to say to my friends in the A.I.F. and elsewhere, that Kruschen Salts and K.U.K. are the finest tonic and blood purifier I have ever taken. It's unsolicited testimonial is at your service. You can use it as you may see fit and do not hesitate to do so."

Kruschen is an all round tonic and stores at the following prices: 5/6 small size (for 21 weeks' treatment), and 10/6 large size (for 52 weeks' treatment), which saves you 2/6 in comparison. If you are not taking a 2 weeks' course of K.U.K. your health does not improve, your money will be refunded on a purchase of K.U.K. today!

Fratricidal Gu

THERE are many things in connection with the Indian Question which leave us completely baffled. Some of these things are so intelligent and others so stupid that we are at a loss to know which is which. Nothing is more baffling than the attitude of certain sections of the community vis-a-vis the Anti-Segregation Movement. Neither side to the controversy can be blamed for the attitude which marks the attitude of the community and has marked it for nineteenth century history. Whatever else, whatever else, we are not concerned with the subterranean of the Indian community. We are concerned with the open and the overt. There are many among us, there is no doubt about it, who think that there is no harm in waging their political battles among themselves. It is a perfectly legitimate thing to do. There is no reason why anyone should be kept in the dark about the differences that exist between the various sections of the community. Indeed, it is necessary that the public should be kept informed of the developments that are taking place in the political field. Public meetings, press statements, and the like are the recognised methods of keeping the public informed of the progress of political movements. But there are limits to the extent to which the public should be taken into confidence in the matter of the differences that exist between the various sections of the community. Indians have recently had the example of a Round Table Conference in which the differences between the various sections of the community were equally apparent to any that is now taking place in Durban. But the Conference was held behind closed doors. The public was not admitted to the meetings. Only the results of the deliberations were made known to the public. Why should not the same procedure be followed in the present case? Why should not the differences that exist between the various sections of the community be thrashed out behind closed doors? Why should not the public be kept in the dark about the differences that exist between the various sections of the community? Why should not the public be kept in the dark about the differences that exist between the various sections of the community? Why should not the public be kept in the dark about the differences that exist between the various sections of the community

made an exceptionally able accuser, strangely enough Mr. Arnett had nothing to say. If he was present then he must have missed a wonderful opportunity to vilify the Indian people of South Africa, especially now that the Natal Ordinances have been temporarily put into cold storage. Dr. Malan and Mr. Arnett have to themselves all the attributes for the formation of the next Nazi Party after Hitler has been duly exterminated. The theories of Hitler and these two worthies were are fundamentally the same only the modus operandi is different.

BAN AGAINST COLOURS BAR

While Dr. Malan preaches the Divine Right of the White Man in the country New York State has taken a definite step to make illegal, discrimination on the basis of race, colour or creed in employment. The Bill passed effect to this was signed the other day by Governor Dewey of the New York State, Employers in that American State will be liable to a special tax in future, for if they refuse employment to any person because they will dislike it, a fine should follow. Either now or year in the course. At least this is giving some tangible application of the doctrine of the Coloured man in the war. Up till now words of great worth have been poured out to the people of the world by statesmen but nobody got down to ground level for some good work. America has also taken a lead in another direction—the relaxation of the immigration restrictions in respect of Indians. Provisions are being made to allow one hundred Indians into the country every year. Let us hope that these suppressive liberalism do not end at this stage or immediately the war is over.

"SHUT UP, PLEASE"

I have just been told of a meeting where the chairman warned all the speakers and to indulge in party politics. Speakers, however in number, had been invited to address the gathering. They came in the innocent belief that they would make some beautiful electioneering campaign of the meeting. Unfortunately speakers thought that they could speak in support of the Anti-segregationists and the Rights-Liberal people that they would make some hay for the C.P.S.A. Unfortunately their leader's bargained for the chairman, who immediately he sensed that some people were out to make political capital declared firmly that the meeting was one for non-political work. They then settled down and I now learn that quite a large sum of money has been raised for the purpose of building a school in that area.

INDIA'S FACE A PROBLEM

What Will General Smuts Say?

SOME PERTINENT QUESTIONS FOR THE PRIME MINISTER

A FIVE hour meeting of the Natal Indian Congress executive in Durban during the weekend it was decided to send a deputation to interview the Prime Minister, General Smuts, in connection with his recent statement on the Indian question.

The deputation will consist of Mr. J. W. Godfrey, Mr. A. I. Kajee, who is already in Cape Town, Mr. P. S. Pather, Mr. A. Theodore, Mr. S. P. Naidoo (who has expressed his inability to go), Mr. P. Lutha (Maritzburg), Yusuf Mowr (Standerton), representatives from South and North Coasts, with other excepted members. They left Durban yesterday (Friday).

The Premier in Parliament later abandoned the creation of separate residential areas for Indians. In his opinion a solution would be obtained along these lines, if the Indians were given His own areas, the Indian would be able to live in his own locality and the Europeans likewise. This was the only practicable and satisfactory solution of the problem.

An Opposition member: Will it apply also to Indians in Natal?

The Prime Minister: No, only to coloured areas.

The deputation, it is understood, will ask General Smuts if he is in a position to state what Indians are supposed to segregation, and still more

A London Memorandum

A London message states that a deputation headed by Mr. Fenner Brockway, representing the Indian Freedom Campaign, handed a memorandum concerning the conditions of Indians in South Africa to the delegates to the British Commonwealth Relations Conference in London.

The memorandum demanded that Indians in South Africa should be given full right of franchise in local and provincial elections, and urged all the Dominion delegates to press the South African Government to abolish all racial discriminatory legislation. The deputation was received by Sir Muhammad Zafrulla Khan and Sir Maharaj Singh.

ORDER INVOKED

On the advice of their counsel the three members who spoke to the boycotters of the Natal Indian Congress asking that the annual general meeting of the Congress be held immediately, are now petitioning the Supreme Court for an order calling upon the officials of the Natal Indian Congress to hold the annual meeting and the election with the least possible delay.

INDIAN BROADCAST

On Sunday next the Madrid broadcast from Pretoria will broadcast a programme of Hindi and Tamil songs and music from the Durban Studio during the Indian session. The programme will be conducted by Mr. V. S. Chetty.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed Full of Fun and Vigor

Your liver should pour into your bowels 12 ounces of bile juice every day. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

It takes those good, natural laxative bile movements to get rid of it. Ordinary laxatives only move the bowels. STANGER—NO CHANGE

Stanger will not have Borough status until such time as the Indian Judicial Commission has reported.

This decision was conveyed to the Stanger branch of the N.I.C. by the Provincial Secretary.

Congress, it will be remembered, has opposed the change on the ground that it was a move made to oust the Indian members from the Town Board. Evidence on this direction was recently submitted to the Provincial Executive.

Indian Women Entertain Troops In Italy

For the first time in this war, Indian women are visiting the front lines in Italy to entertain our troops, writes an Indian Army observer. They are members of the 7th Fanja Dalkhali public effort, being the Indian equivalent of ENSA.

The concert party, consisting of nine members, includes Miss Kamal Bonvilla, Amrita, popular Madras "Movie" and Kamala. The last two are sisters of Mrs. Zorab. The six women have been touring the Italian front in all weathers and under the severe winter conditions in Italy, the party visits even the remotest Indian unit and brings to it, for a brief hour or two, the familiar plays, songs and dances of India. The women have already entertained thousands of troops—Punjabis, Sikhs, Pathans and others. They have been receiving a great welcome everywhere.

On Easter Sunday the Durban station, during the Indian session, will broadcast a special Easter play, entitled "The Man Born to Die," written and produced by Father J. F. Rowlands, of Bethesda Temple, with actors in Tamil, Hindi and English.

South Africa's First Parsee Wedding

SUNDAY was a unique day in the history of the Parsees of South Africa, for the first Parsee wedding ever to be solemnised in this country took place at the Avalon Theatre, Durban, when Tehmie, daughter of Mr. and Mrs. Tavaria, of Johannesburg, was married to Ardeshir, son of Mr. and Mrs. S. Kanderia, of Durban.

As a rule Parsees from this country always send over to India to get married, but now that a High Priest has been brought out from India for a short term all south African Parsees are taking advantage of this need.

An observation of sunday's ceremony reveals that the Parsee wedding ceremony is in some respects similar to Hindu weddings and in some respects varies very widely. The most striking feature of the ceremony was the tying of the betrothal knot.

The bride, accompanied by her parents, was the first to arrive at the Avalon. She, after, was followed by the bridegroom, the entrance of the latter by a number of friends. He received her with bouquets, on which there were coconuts to mark the occasion. He was followed by the bridegroom of the house of the bride.

The bride then went into the hall where other ceremonies were performed by the women. She remained seated while the women received the bridegroom, who in his time arrived with his retinue, escorted by a number of women. The groom went through what appeared to be the ceremony of washing the feet of the bride.

Parsee marriages, however, until now no signs of the High Priest. He soon put in an appearance, and the preliminaries over, the wedding ceremony began. The bride took her seat on a chair on the left of the bride sitting opposite to the bridegroom's chair. Two men held a lory between the couple who were with a distance of one another. The High Priest then addressed the bridegroom and then and there all the attendants.

The second part consisted of an address to the bride and bridegroom and formalise the tying of the knot. They were then invited to sit on chairs placed in the centre of the hall. The Zoroastrian faith required that the bridegroom and bride should be seated on equal in status. This marriage ceremony was performed by the High Priest, who addressed his daughter and son-in-law on the occasion of their marriage.

The last part of the ceremony consisted of benedictions on the couple and thanks of the bridegroom's parents to the guests. Mr. Tavaria, father of the bride, in the rest of the Parsee community with a tin stool behind the bride.

Then, standing on the edge of the Priest begins chanting a hymn and the couple, with a fine cloth between them, clapping and waving their hands. All of a sudden the cloth is taken down and the couple, clapping and waving their hands. The bride then goes to the left of the groom and the High Priest continues with the ceremony. The couple were still standing when the Priest ended. This ceremony, which lasts about ten minutes, is the most important part of the whole ceremony. After this ceremony there was a short address, the Priest addressing the bridegroom and the bride's father and two witnesses appear before the Priest in the Mosque. The Priest puts the usual question to the bridegroom: Do you take so and so to be your lawful wedded wife? This is repeated thrice. Then there is a slight variation and the question is put to the bride's father: Do you take so and so to be the lawful wedded husband of your daughter? This question is also put thrice. And if the answers are in the affirmative the marriage is regarded as solemnised and, having received the benedictions, the people go home to celebrate. I am told that anyone besides a Priest, who knows the formula, can solemnise a Parsee marriage, but it must be done in public and in the presence of witnesses. As there are no Indian "Banns," there is no point in my giving a description of the Scottish marriage ceremony.

South Africa's First Parsee Wedding

SUNDAY was a unique day in the history of the Parsees of South Africa, for the first Parsee wedding ever to be solemnised in this country took place at the Avalon Theatre, Durban, when Tehmie, daughter of Mr. and Mrs. Tavaria, of Johannesburg, was married to Ardeshir, son of Mr. and Mrs. N. Kanderia, of Durban.

As a rule Parsees from this country always went over to India to get married, but now that a High Priest has been brought out from India for a short term all South African Parsees are taking advantage of the visit.

An observation of Sunday's ceremony reveals that the Parsee wedding ceremony is in some respects similar to Hindu wedding and in some respects varies very widely. The most striking feature of the ceremony was its brevity—the actual wedding ceremony was completed in less than an hour.

The bride, accompanied by her retinue, was the first to arrive at the Avalon Theatre, where she was met at the entrance and the foyer by a number of women who received her with loyas trays, on which there were coconuts in match the colour way in Hindu receive the bride-groom at the house of the bride.

The bride then went into the hall where the actual ceremony was performed by the women, who remained seated while the bridegroom and the bride's father, followed by their near retinue, walked up the centre aisle to the platform. The groom was not dressed in the usual way through which appeared to be the correct process as the High Priest grew through.

There were, however, until now no signs of the High Priest. He now put in an appearance and, the preliminaries over, the actual wedding ceremony began. The bride-groom took his seat on a dais on the stage with the bride sitting opposite him on another dais. They were held a sheath between the couple who were within speaking distance of one another. Indian Women Entertain Troops In Italy

For the first time in this war, Indian women are visiting the front lines in Italy to entertain our troops, writes an Indian Army observer. These women are in the 7th Field Dressing Station (Pfw), being the Indian equivalent of ENSA.

The concert party, consisting of nine members, includes Misses Mukhi, Hamilla, Ameena, Pandit Akhtar, Meena and Nasreen. The last two are sisters of Mrs. Zohra, the well-known radio singer.

Despite the dangers of war and the severe winter conditions in Italy, the party visits even the remotest Indian camp and brings to it, for a brief hour or two, the familiar plays, songs and dances of India. The women have already entertained thousands of troops—Punjabis, Pathans and others. They have been receiving a great welcome everywhere.

On Easter Sunday the Durban Station, during the Indian session, will broadcast a special Easter play, entitled. "The Way Born to Die," written and produced by Pastor J. F. Rowlands, of Bethesda Temple, with subsets in Tamil, Hindi and Telugu.

South Africa's First Parsee Wedding

SUNDAY was a memorable day in the history of the Parsees of South Africa, for the first Parsee wedding ever to be solemnized in this country took place at the Avalon Theatre, Durban, when Tehmie, daughter of Mr. and Mrs. Tavaria, of Johannesburg, was married to Ardeshir, son of Mr. and Mrs. N. Tenderia, of Durban.

As a rule Parsees from this country always went over to India to get married, but now that a High Priest has been brought over from India for a short term all South African Parsees are taking advantage of this fact.

An observation of peculiar ceremony reveals that the Parsee wedding service is in some respects similar to Hindu and Christian, and is carried out very widely. The most striking feature of the wedding ceremony was completed in less than an hour.

The bride, accompanied by her retinue, was the first to arrive at the Avalon Theatre, where she was met at the entrance of the foyer by a number who escorted her with brass lamps on which there were coconuts in much the same way as Hindus receive the bride-grooms at the house of the bride.

Inside there were nine tall white candles and other ceremonies were performed by the women, who removed a sealed white the women received the bridegroom, who had by this time arrived with his relatives, closely escorted by a number of women. The groom went through what appeared to be the same process as the bride had gone through.

There were, however, until now no signs of High Priest. He soon put in an appearance and, the preliminaries over, the actual wedding ceremony began. The bride's parents took his seat at a dais on the stage with the bride sitting opposite him on another chair. Four more held a curtain between the couple who were within an arm's distance of one another. The bride was not veiled at all. She appeared to be as much interested in the ceremony as the rest of the non-Parsees present.

With a fan about behind the bride and another with a fan stood behind the bridegroom.

Then, standing on the dais, the High Priest began chanting a hymn of thread was passed round the couple, and the people standing around clapping and were showering rice and flowers on the bride and bridegroom. The couple were still connected by the thread. The bridegroom then broke the thread, which was passed round the audience. The ceremony then was performed by the bridegroom, who placed the fellowmen of the bride.

Parsees do under the circumstances, broke the bride's bangles, which is the custom which has been practised by Hindus for centuries.

Dr. H. Nuna, who performed the ceremony, then replied, in a short address, the Parsee ceremony.

Then he and his bride were in accordance with Parsee custom, were in attendance there.

Of the marriage hymns only a few stanzas were chanted, and these were mostly prayers. The ceremony commenced at 4.15p.m. and lasted for about an hour.

Parsees marriage hymns translated into English, and it was the custom to read out at Parsee weddings.

The ceremony, Dr. Nuna divided into three groups: the admonitory and benedictory. The first one consists declarations by the bride and that they will live together in and thine and above all the the jurisdiction of his.

The second part consisted of questions addressed to the couple to find out further the purity of that they meant to take as husband and wife. Indian Parsees do not favour the idea of marriage between cousins, as do Hindus and Christians.

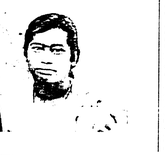

The last part of the ceremony consisted of thanksgiving.

Mr. Boniface Kotcoon, one of the bridegroom's friends, proposed the health of the guests, Mr. Tavaria and

He agreed to get married. Having agreed, he expressed a desire to see his future wife. So, that part could not be done. No one in the family had ever done that and the only time he could see his future wife was after the marriage safely sanctioned. He pleaded and he pleaded, but to no avail. It was his right, but there was nothing doing. So there he was, the most courageous plain ever devised, by a young man in such a predicament. Dressing his remedy book he went to the residence of his future father-in-law. Rounded that gentleman and asked him a straight question. Is it your daughter that I, son of Mr. so and so, am interested in, for marriage, he? The old man was taken aback but replied "yes". Well, the ice soon flung back. I shall be seeing your daughter, and with that he crawled out of the house. The marriage had to be called off and the young man had to leave the parental abode for he had committed marriage.

WEDDINGS

Weddings are very important events in the lives of the Indian people. Months are spent in the preparations and in the procurements. Hindu weddings as a rule begin weeks before the actual marriage ceremony and continue late into the night. The marriage feast, of course, the day. The Princes and the paupers alike, the rich and the poor, the high and the low, all attend the feast. Hindu weddings are very lavish and the actual marriage is performed in the home of the bride. I think the bridal couple, but they are protected by the Hindu customs. Marriages are very brief and the actual marriage is performed in a few minutes. There is no show near the place. The bridegroom and the bride sit in front of the Priest and two witnesses appear before the Priest and the bridegroom. The Priest asks the bridegroom if he consents to the bridegroom. He just takes the hand and he is married. This is repeated three. Then there is a slight variation and the question is put to the bride's father. Do you take the groom to be the lawful wedded husband of your daughter? This question is also put three. And if the answers are in the affirmative the marriage is regarded as consummated and, having received the blessings, the people go home to celebrate. I am told that anyone besides a Priest who knows the formula, can solemnize a Hindu marriage, but it must be done in public and in the presence of witnesses. As there are no Indian Books, there is no point in my giving a description of the Scottish marriage ceremony.

SIR FEROZ KHAN NOON

THE DELEGATION FROM INDIA TO SAN FRANCISCO

THE delegation from India (the personnel and powers appear below) to the London and San Francisco Conference is of special significance for the Indians in South Africa as, it is expected, it will raise the question of the Indians in South Africa and the colour bar policy. At a meeting of the South African Indian Congress executive held in Cape Town last week it was decided to send a delegation, consisting of Sir A. Ismail (president), A. I. Kajee (secretary), together with one representative each from the Cape, Transvaal and Natal, to assist and advise the Indian delegation on the South African question.

WHO'S WHO IN THE DELEGATION

THE first Indian journalist to be appointed a Member of the Governor-General's Executive Council is the Hon. Sir Ramaswami Mudaliar, Kt., C.I.E., Member for Industries and Labour, since 1939. Sir Ramaswami was born in 1887. He was formerly editor of the "Justice," a daily English paper of Madras, which was brought into being to uphold the cause of non-Brahmins and later of the Justice Party.

Born on October 18, 1887, Sir Ramaswami was educated at the Madras Christian College and Law College, Madras. He was called to the Bar in 1911 and began practice under the late Thomas Richmond, an Anglo-Indian barrister of high standing in Madras Presidency, appearing in very important cases, particularly in the mofussil courts. He was appointed to the district, where he continued to be. Sir C. P. Ramaswami Aiyar.

His political career began about twenty-five years ago when he went to England as a delegate of the South Indian Liberal Federation and the Madras Dravidian Association to plead the case of Dravidians before the Joint Parliamentary Committee which considered the draft Bill for the Government of India Act of 1919.

On his return from England he was elected Member of the Madras Provincial Legislative Council in 1920, the year in which dyarchy was introduced in provinces, and was appointed Council Secretary to the Minister of Education, Madras Presidency, a post which he held for four years. His association with the Council ended in 1926, but two years later he became prominent in the Madras Corporation which he was elected Mayor from 1928 to 1930.

He then became a Member of the Council of State in 1930 and the next four years were those of the Independent Party Deputy Leader of the Independent Party in the opposition. In this national forum Sir Ramaswami delivered a resolution advocating the entire of the Government of India's financial position, a scheme of retrenchment, reduction of military and civil expenditure and industrial unrest. The resolution was carried by the appointment of a retrenchment committee for the three years following. Budget Debates in 1932 led Sir George Schuster, then Finance Member, to
