# STELLA TOPPLE ACES

THE meeting of Stellaters, the top section of the "A" division, did not only provide soccer fans with entertained soccer fans with thrilling and exciting play at Curries Fountain last Saturday.

A few minutes after the kick-off Stella saw their first goal registered through the efforts of Goodrich, who, playing at outside-left, headed high in from a free kick taken by our Jack Bennett. Ten minutes after here, Lowry, another left-winger, headed in from Marwe, and in the hour Stella were two goals to the good. With the scores even both teams went "hammer and tongs" at each other's custodian only to find them brought off some fine saves. However, Stella, combining better, were

## Indians Defeat Coloureds by an odd Goal

A SPIRITED contest characterised the second-round soccer match this season when a representative Durban Indian XI met and overcame a representative Durban Coloured XI at Curries Fountain.

Play started off at a cracking pace both teams quickly settling down to bouts and get each other's goal. After thirty-five minutes of play the Durban Indians scored the first goal of the match when Goodrich headed in from a free kick.

The Coloureds, realising themselves, rallied in their registering the equaliser from a penalty which was awarded in favour by an even score, the Indians countered back and for a time the game was played at centre, Ismail the net once more to put the Indians ahead.

Brilliant manoeuvres, frequent handball awards at goal and fast play from end to end, now made the game very interesting and thrilling. The Indians at this moment to have established a comfortable lead, when Ismail added another header ahead by scoring their third goal from the eighteen yard mark. Half time score: Indians 3, Coloureds 1.

The Coloureds pressed hard to get on even terms on changing over. Though the hard driving efforts proved to be much for the Indians' put to good advantage the hard and well worked game from their half back to bowl up the Indian attacking personnel. Time and time again the Coloured forward line tried to break the Indian's defence only to meet with efforts spoiled by "A. N. Naidoo who played brilliantly throughout. Defence of right half and Pope at right back. Even Ram, the Indian keeper, now to handle to save some of the Coloureds golden opportunities.

After some inspiring play a determined burst by the Coloured centre-forward saw the lead with a fine shot from well out However, the lead of an odd goal kept the Indians on top without their score any additions to the score. Final score: Indians 4, Coloureds 2.

A Junior League match between Asiatic college and Wentworth on the Asiatic XI won by 4 goals to 2. Asiatic College XI match. Thanks the Collegians scored to have the better of the game in the second half on the defeat of Went... scored due to the combination of Wentworth's four quick goals in the first half.

## QUEENS HOLD SHIRES

Queens, one of the three contenders for the league title, scored another win when they defeated Shires by 3 goals to 1 at Shires on the same ground on Saturday.

During the early stages of the game Shires had the better of the play, but Queens soon settled down and showed a much better combination. Wentworth's two defensive backs were the outstanding players on the field. Queens now have 10 points and Shires 8, with one match each to play.

### STELLA RUNS RIOT

Stella ran riot on No. 7 to defeating opponents by six goals to nil. Through the season Stella have had a fine record and when Stellaites Pocket Jones was scored a hat-trick in the first half. Stella further increased their lead in the second half when Jones added two more to his credit. Stella now have 12 points and are only one point behind Queens, who have played one match more.

In the Senior A division Durban Indians defeated Stella 3-1 at Curries Fountain. The game being played in a very friendly spirit. Stella scored in the first half through Pocket Jones, but Indians equalised before the interval. In the second half Indians added two more goals to their credit.

JUNIOR "A"

Rangers ... Stella

JUNIOR "B"

Ballerdale 7 ... Asiatic Arts 0

JUVENILE "A"

## Sport Flashes

By "SCAM"

N. S. Maharaj and D. LaPere would only prove their mettle in tennis champions of the forthcoming tournament if they were given to some serious and strenuous physical exercises.

Despite his lack of stamina, a weak backhand and an unlicensed "corpus-tum," LR. won the admiration of tennis fans by his brilliant play against Coverdale.

In the under-mentioned items in the "A" Division expect to head the league by three—keen by playing their "secret card, or Stella creeping up like "green number," or Queens scaring others with their "metal" name.

In the Asiatic-Stella match Jack, the Stella custodian, was not only put out of action (accidentally) for a few minutes, but even the ball did the disappear-

## YORKS WIN IN MARITZBURG

Yorks found their shooting mode against Maritzburg and won comfortably by 5-0.

Yorks, playing against the wind in the opening minutes, put on aggressive Maritzburg defence was equal to the task and for the first quarter play was even. Then Yorks began to assert themselves and after a period of pressure Lowrie scored the first goal. Yorks went further ahead when Lowrie added the 2-0 at the interval.

Lowrie made desperate attempts to find the net but Goodrich easily dealt with all shots that came his way. With four minutes to go Yorks' goalie was injured in a collision and was replaced after attention and Yorks' defence was off with a bang. Lowrie added the third goal and Yorks a great goal Yorks 5, Maritzburg 0.

The Maritzburg team was a well-rounded one, but their forwards were unable to penetrate Yorks' defence. Yorks' forwards were good at times but their passing was poor and they failed to combine. Maritzburg's defence was sound and Yorks' forwards had a hard time.

The Yorks team was: Goodrich, Lowrie, Bennett, Britten, Lowrie, Bennett, Britten, Lowrie, Bennett, Britten

## The Vote M... Come

"IS the long run the vote ... That was the general ... Maritzburg Parliamentary ... ciety at its last meeting ... Indian speaker per ... that the Indians should ... franchise on the common ... of Natal but the mind of S. M. Pietersen,

Mr. Mitchell's statement ... Indian girl in Natal who is prepared to get down to a period of nursing training on exactly the same ... with the European and Native girls," ... Mr. Mitchell, when addressing the Maritzburg branch of the National Council of Women at their monthly meeting on Tuesday afternoon, according to a report in The Natal Witness.

As an Indian girl who was interested in the matter, he could not exist, [illegible] and Europeans then they had not much to complain about.

Mr. Mitchell said that right from the time the Bill was going through Parliament, Mr. Mitchell said he hoped it would not be necessary for the Natal Provincial Council to pass legislation which would raise and step in to build houses where municipalities failed. He hoped there would be no failure on the part of municipalities, but if there was that failure would be a reproach to the European public as to the responsibility for not standing behind their representatives.

"The Provincial Council of Natal is in no mood to stand aside and let sectional interest of any kind prevent the housing provided for all sections of the people," he said. Hitler and Lenin had their heydays and nothing on the powers that were to be conferred on the Provincial in the Bill so far as housing was concerned.

If the municipalities had any difficulty in acquiring land, the Province had powers of expropriation and it was going to use them. Expropriation was a harsh word, but the time had come when merely the ownership of land and the desire to retain it could not be allowed to be a barrier to the provision of proper housing for all the people.

In India itself today it was extremely difficult to get Indian girls to train as nurses, and Indians were complaining that the wages of British nurses in India were not entirely staffed with English nurses.

Mr. Mitchell added that a purely Indian hospital was to be erected in Durban in the future and the Provincial Administration still had hopes of getting the Indian girls to come forward and avail themselves of [illegible] there were many [illegible] the nursing [illegible] and Europeans then they had not much to complain about.

He hoped there would be no failure on the part of municipalities, but if there was that failure would be a reproach to the European public as to the responsibility for not standing behind their representatives.

## NOT ONE INDIAN GIRL WILL TRAIN AS NURSE

*—The Administrator*

"THE brutal truth is that there is not a single Indian girl in Natal who is prepared to get down to a period of nursing training on exactly the same ... with the European and Native girls," said the Administrator of Natal, Mr. D. E. Mitchell, when addressing the Maritzburg branch of the National Council of Women at their monthly meeting on Tuesday afternoon, according to a report in The Natal Witness.

As an Indian girl who was interested in the matter, he could not exist, [illegible] and Europeans then they had not much to complain about.

Mr. Mitchell said that right from the time the Bill was going through Parliament, Mr. Mitchell said he hoped it would not be necessary for the Natal Provincial Council to pass legislation which would raise and step in to build houses where municipalities failed. He hoped there would be no failure on the part of municipalities, but if there was that failure would be a reproach to the European public as to the responsibility for not standing behind their representatives.

"The Provincial Council of Natal is in no mood to stand aside and let sectional interest of any kind prevent the housing provided for all sections of the people," he said. Hitler and Lenin had their heydays and nothing on the powers that were to be conferred on the Provincial in the Bill so far as housing was concerned.

In Natal, because of the racial difficulties, they [illegible] to be tackled from the viewpoint that each group must live in its own area, in the last matter whether this was called segregation or anything else. That was just [illegible] that people took a delight in unnecessarily [illegible] and [illegible] slight in every step that was taken to assist them. Where residential [illegible] took place many evils flowed from it.

If the municipalities had any difficulty in acquiring land, the Province had powers of expropriation and it was going to use them. Expropriation was a harsh word, but the time had come when merely the ownership of land and the desire to retain it could not be allowed to be a barrier to the provision of proper housing for all the people.

# STELLAS CONVINCING WIN

LAST weekend saw the commencement of the Natal Cup Soccer in the Senior, Junior and Juvenile divisions. The main clash of the afternoon was between Stellawood schools in the "A" division.

There was a fairly even opening to the Clairwood schools—Stella game, but helped by a few adventurous break-throughs, Stella opened the scoring when the outer left crossed neatly over for the right winger to register ten minutes after the kickoff. Now Stella, adopting the long range shot at goal play, battered away consistently, eventually Constable, the outer left, equalising ten minutes before half time.

Fighting back, both defences beat the ball away splendidly for three minutes, when only excellent hard graft by the centre forwards, Wright and the centre half, Hosken, was a thrill for Stella supporters, when Hosken, the Schools outstanding centre half, beat the goalkeeper with a header from a corner right in front of an open goal. Halftime: Clairwood schools 1, Stella 1.

Moving through smartly, a minute after resumption Sellwood got on for Clairwood, scored easily, thanks to the reserve, Stella, too, registered the equaliser and added two more before the match ended.

The lone Stella goal in the "A" division was cancelled, shamrocks refused to field a team, they received their official notification late. Evergreen by default, Sydenham United by seven goals to nil, refer in themselves to be a match for the best sides in the "B" division. Evergreen were against Pirates after a disputed affair, the score being Dunn 3, Pirates 2.

## ACES WIN 5-A-SIDE

A fair crowd of mixed spectators witnessed the annual Fancy Dress and Fancy Dress Competition which was held at Curries Fountain on Whit Day.

The good number of entries in the two section divisions, both from Durban and Maritzburg, not only made the day's proceedings easy, but considerably enhance a happy affair throughout. Even the Fancy Dress competition, though there were only thirteen entries, caught much attraction. The result of the Five-a-side was as follows:—In the Senior division, Acre knocked out Natalians on toss, with Natalians' goal, and Natal College won in the Junior division after having to lead their opponents in the junior division was postponed for a later date.

The result of Fancy Dress competition was as follows:—In the adult section, Bobby Gardener, Natal Mercury, won the first prize, while H. R. Naudes, dressed as a clock soldier, finished a close second. In the Children's section, Masonmaster S. L. Singh, dressed as gypsy dancer, was placed first and T. ## MARITZBURG SOCCER

A large crowd turned out to witness the eagerly awaited clash between Colonials and Natalians at Maritzburg last Saturday.

A keenly contested first half ended with the score sheet blank. Soon after resumption Colonials scored two quick goals, Natalians later being deducted one for not by a defender, and Legacy putting the second with a mighty drive from thirty yards out. Natalians apparently found the pace between the goalposts too swift. Franck, however, found the net for Natalians from a free kick. Final score: Colonials 2, Natalians 1.

Hence the knights of the whistle come to earth! They were outplayed by their opponents last Saturday for the second time in four matches were not played.

# STELLAS CONVINCING WIN

LAST weekend saw the commencement of the Natal Cup fixtures in the senior, junior and juvenile sections. The senior clash of the season was between rivals Stellas and Sparrows in the "A" division.

There was a fairly even opening to the Clairwood rivals' game, but helped by a few advantageous breakthroughs, Stellas opened the scoring when the outer left crossed neatly over for the right winger to register ten minutes after the kick-off. Now Stella, adopting the long-range shot at goal play, battered away consistently, eventually Goodchild, the outer left, outclassing ten minutes later.

Fighting back, both defences met the ball away splendidly for three minutes, who only spoiled their hard driven by directing them straight into the custodian's hands. There was a thrill for both supporters, when Harper, the Sparrows

EMPLOYMENT OF INDIANS AS MALE NURSES

Mr. A. S. Kajee (who succeeded Mr. Sanders) expressed the opinion that the appointment of Indian youths at Natal Combination Classes would improve their standard of education and fit them for training as male nurses, for were of the opinion that candidates would be forthcoming when the required standard of education had been attained.

Mr. Kajee stated that white women would object to being nursed by males, males would not object to female nurses. Mr. Kajee promised to investigate the matter further and advise the Board accordingly.

The Medical Superintendent was asked to investigate and report on the practical side of the training of such pupil nurses with existing facilities.

Minute of meeting of April 20, 1944, with Mr. D. S. Mitchell, chairman.

EMPLOYMENT OF INDIANS AS MALE NURSES

Mr. Kajee said that provided attractive wages were offered he was certain that suitable Indian youths would offer themselves for training as male nurses. Some provision should be made for them to attend continuation classes.

Mr. Kajee quoted an experiment tried at the Sastri College, where female nurses were imported from Durban to train Indian girls. Indian girls were attracted in numbers and there were 20 S.A. Indian graduates in Durban. Mr. Kajee recommended that this Administration should approach the Indian Government with a view to obtaining the services of a matron and some qualified Indian nurses.

A Hindoo, A Moslem, A Christian) to see that the Indian Government would provide the money and also that it was devoted to their purposes.

The Medical Superintendent stated there were insufficient accommodation for the Indian nurses at Native Pupil Nurses Hostel. Extra senior tutors would be required.

After discussion, it was agreed that Mr. Parker should discuss with the Matron-in-Chief the question of training of Indian nurses on the lines of the Training Scheme.

Minute of meeting of June 15, 1944, in the absence of Mr. D. S. Mitchell, Dr. C. D. H. Wallace (vice-chairman) presided.

EMPLOYMENT OF INDIANS AS MALE NURSES

The Medical Superintendent stated that there were several difficulties to be overcome.

(a) Candidates must have passed Std. VII examination, Medical Council rule.

(b) It was considered advisable that candidates should live in, and there was insufficient accommodation.

(c) There was no accommodation in the hostels rooms for additional pupils.

(d) The two senior tutors on the staff could not cope with the additional work and it was doubtful if the not two tutors of additional senior tutors could be spar of the students.

After discussion the following resolution was passed unanimously:—

"The Board, while realising the proper[illegible] ability, under existing conditions, of undertaking the training of Indians as nurses at this Hospital, is in the hope that, in the interests of the health of the city, male and female Indians should be trained as nurses and recommends that suitable facilities be afforded to enable this training to be undertaken."

From minutes of meeting of August 28, 1944, Wayne E. Byron presiding.

TRAINING OF INDIAN AND NATIVE NURSES

The Board was advised and authority had just been received subject to the approval of the Hospital:—

(a) to employ Native and Indian males as Non-European Male Pupils at the lowest rate of pay applicable to Native and Indian labourers respectively.

(b) to allow up to 8 of the present vacancies at the Hospital to be reserved for the Nursing Certificate and to fill these at their present rates of pay;

(c) to accept Indian females as Pupil Nurses to live with and be treated in the same manner as Native Pupil Nurses.

Mr. Kajee stated that it was impossible to obtain Indian females to undertake training on the present conditions, but said in principle he considered that there would be no objection if they would receive the same treatment as Native Pupil Nurses.

The Medical Superintendent informed the Board that he had received authority to-day and had had an interview with the Matron-in-Chief, who had agreed that this matter should remain in abeyance until the Matron-in-Chief had had an opportunity of discussing with Mr. Kajee the question of Indian nurses' hours duty.

Minutes of meeting of September 26, 1944, Dr. C. D. H. Wallace presiding.

TRAINING OF NATIVE AND INDIAN NURSES

Further steps are at present able to proceed with the training of Indian nurses, owing to the unwillingness of Indian girls to undertake the conditions of training, but the Medical Superintendent reported that the Matron-in-Chief had agreed to the appointment of Indian Staff Nurses to the staff who would be responsible for the supervision of the Indian Pupil Nurses, and that the Matron-in-Chief had undertaken to provide a suitable hostel for the Indian Pupil Nurses. It was recommended that the necessary ar-

# STELLAS CONVINCING WIN

Last weekend saw the commencement of the Natal Cup fixtures in the senior, Junior and Juvenile divisions. The main clash of the afternoon was between Stellawood and Shelly in the "A" division.

There is no doubt that Stella were superior to the Shelly combination, but indeed the latter had a few advantageous break-throughs. Stella opened the scoring when the outer left crossed neatly over for the right winger to register ten minutes after the kick-off. Now Stella, adopting the long-range shot at goal play, battered away consistently, eventually Goodship, the outer left, registering ten minutes later.

Fighting back, both defences put the ball away splendidly for their goals now, the only spotted three hard drives by Goodman's hands. There was a thrill for both supporters when Brown, the defender placed first and T. Osman, as the Shelly centre-forward, headed a beauty from a free kick. Stella, however, proved the stronger combination and Goodship, Brown and Bowden, the latter a dashing centre-forward, were always dangerous.

Shelly, however, were not to be denied and were frequently within shooting distance of the Stella goal, but the defence was at all times equal to the occasion and Goodman, in the Stella goal, was never troubled. Final score: Stella 3 goals, Shelly 1 goal.

# Shires Overrun Queens

Shires and Queens, a late match on the Rovers, on Natal Indians, provided the keen attraction to a large and eager crowd. When Shires played their first match in the same ground scored a no-at-home ground against when they beat Shamrocks 6-2. The two early games, how-ever, one being between N.W. Rangers and O. Rangers, and Mars "B" division, in the first N.W. Rangers easily defeated O. Rangers 5-0, and the second, Mars had a walk-over Estates, he failed to be a match.

Shires drew the first blood, Anthony one of the forwards, scoring after 10 minutes from a free kick. Shires continued to press and Goodman and Goodship were always dangerous. Berean were kicked out by the forwards and in the Queens' end also were displayed some fine dribbling and long passing to open the attack.

A similar move shortly after nearly saw Queens regain the equaliser, but Brooker's shot was well saved by the goalkeeper. The Queens' inner forwards, however, were not provided with determined leaders to the Shires goals, but their backs kept a good and [illegible] were kept.

Queens took up the offensive on resumption, but Shires retaliated quickly and secured four chances. With a lone in front of an open goal especially when the forwards kicked high above the cross bar. Queens threw away their chances to get on the scoring sheet, and Shires increased their lead from counter-the angles.

### INDIA'S STATUS

(Continued from Page 1)

The chairman at this stage announced that Mr. P. Lalley, who was one of the speakers, was not present at the meeting. Mr. Lalley had said that he would not speak because Mr. M. Gopaul Naidoo was not billed to speak. "You can put down a resolution," Mr. R. P. Naidoo said.

Mr. Debi Singh, of Durban, said that Indians had passed a resolution, passed in Bombay, all the national leaders, including thousands of others, were put into prison, saying that the people knew that best brains of India were languishing behind prison. If they were not there they would be of great use to the country. There was the fear of famine, which had never taken the Indian people. He was very much afraid that the same thing would befall the present India would not have sufficient food.

Coming to India, he said, that the leaders of the Congress were not allowed to play their part.

The Viceroy's offer Mr. Singh described as "meagre," "not as large," he added, "that friend Lord Wavell said that India was making an advance he was speaking the truth."

The meeting adopted the following resolution:—

This meeting of Indians, held under the auspices of the Indian League, Pietermaritzburg branch, welcomes this move of the British Government in releasing the Indian national leaders and the re-opening of negotiations with various parties of India with a view to the formation of an interim Indian Viceroy's Executive Council, and appeals to the British Government in the name of freedom and justice, and the high principles represented at Atlantic Teheran, Moscow and San Francisco conferences to declare forthwith the freedom for India.

It was announced that the Council was informed that the Council had not refused to ratify the agreement. The Commissioner apparently has been taken to task that when the Commissioner was in London he was definite offer was refused on the part, but merely an offer subject to confirmation.

## STILL YOUNG AT 60

### CAN YOU SAY THAT?

So often men who are getting on in years feel fatigued and suffer from a lack of mental alert, often accompanied by pain at the base of the spine; in the groin and in the legs.

That "Tired Feeling" causes acute irritation and makes the simplest task a formidable job whilst leaving a spirit in resting rather than in enjoying the many good things of life to which the normal, healthy individual responds with alacrity. These signs of premature old-age can be relieved by HOOKNA—a preparation evolved by American chemists—which is easy to take and which rapidly sets one on the right lines. . . . Ask your chemist for HOOKNA without delay.

Its gentle but curative action will give you speedy relief.

# STELLAS ROUSING WIN

PETTIES by better advantage than 6 wickets from Tourre, Stella, the league leaders at present, way top on the main Saints in the Natal Cup competition. Evergreen, one of the highly placed teams in the "B" division Senior, suffered a defeat in an early game when Dunn scored a 5-0 victory. Saints, with an assured position in the "A" division next season, registered a big win when they thrashed O.W. Rangers by 9-1. Raiders defended again in their non-appearance against Pirates in a league match.

The opening stages in the Stella-Warwickshire match were timid, but soon developed into a game packed with thrills and good football. Shots were scarce after the first goal, but Barnes only missed at times at the extreme end of the pavilion. After three minutes, Stella made the first through the efforts of Tourre, and Warwickshire in the shire defence for Light and Good, but there was no further scoring in the first half.

After some keen exchanges, play shifted to the Stella half, and combination among the Shire forwards saw Nata score Shire's first goal from ten minutes after the interval. Shire looked good for another when Anthony slammed a "rocket" of a shot into Barney's hands. Goodall, in the Stella centre, was seldom to be found above the standard Stella, keeping a very close watch on the Shire opposition. Lovely movements by the Stella forwards were a rare sight. Lighter Goodall, Tourre, Nata, Ball (one Lighter), Symonds (Shire) and Anthony were the pick of the players.

Playing back defensively and keenly on occasions, Stella, forced almost when Goodall's shooting power was put to the test, frustrated Warwickshire's attempts to crash past them, the Shire centre-forward, Anthony, experiences showing for a part, the forwards rather failed to "click" with goals at their mercy. Countering strongly Stella again exercised their attack soon after the restart, the Stella right wing took the ball on his own home middle, only to register the third goal with a hard shot. There came a spell of even play shortly in which Stella missed a penalty. Final score Stella 4 (Lighter 2, Goodall 1, Nata 1), Warwickshire 1 (Nata 1, Anthony 1 Nandan 1).

## THE REF'S SHOE

"I THINK there have been instances of referees leaving the seats of their pants, or having their powers ripped open by a touch-line, and I have even seen them discard their footwear after getting a nasty tangle up on the ankle," writes our Maritzburg representative.

But on a recent match the ground was the scene of a unique incident when a referee hobbling along minus one shoe. Now he dropped his shoe in the middle of the field, but he was not able to find it on the hallow light, it had done the disappearing trick.

One of the competitors in that the Lovers had their personalities by kicking it out of sight.
