DURBAN'S CRICKET DISPUTE

The series of responsible officials in Durban, both from D.K.C.C. and S.K.C.C., indicate that they are sympathetically inclined towards bringing about a satisfactory settlement to the question of affiliation of distinct sports, and that assert the possibility of a parallel institution coming into existence.

Negotiations are now proceeding to establish the Inter-District to unite it with and if they prove successful would, not only result in the cessation of the present unhealthy rivalry, but create a pleasant atmosphere for the forthcoming South African cricket tournament to be held at Durban this season.

FOR ALL SKIN DISEASES

KIDNEYS AND BACKACHE

BACKACHE is seldom due to real Kidney Disease if it were there would be pain on left side.

Most Backache is due to poisoned nerves and a new treatment has been found which removes the body poisons at once.

This new treatment is Dr. Hess Liver Salts—not old-fashioned salts covering the very important discovery of removing Uric from the Circulation by the physical process known as Osmosis.

By drawing away accumulated stagnant bile and rebuilding the whole system of digestive debris, a remarkable return to health and freedom from cold pains is rapidly established.

My back hurt . . .

An instance of what Dr. Hess Liver Salts will do is shown by the case of a wealthy farmer who had numerous consultations, fearing Kidney trouble because of a permanent pain in his back. No permanent relief was obtained until he took a course of these Osmotic salts when he declared that he was entirely free from the pain.

DR. HESS LIVER SALTS must be taken with hot water. They are not a cool drink but a means of driving away bile and stomach wastage. The price is / from all chemists.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed Full of Vim and Vigour.

Your liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Poisons are then absorbed into the blood and you feel sour, sick and constipated, and everything you eat ferments, turns sour and you feel sour, sick and gassy.

A mere bowel movement doesn't get at the cause. It takes those famous Carter's Little Liver Pills to get those two pints of bile flowing freely and make you feel "up and up." Refuse substitutes. Ask for Carter's Little Liver Pills by the full name and see that you get them. Only 1/6 at all chemists. Before anything else, Thinker 1/6.

S.A. SOCCER MEETING CONFIRMS DIVISION

TRANSVAAL FOLLOWS NATAL'S LEAD

THE questions of territorial division of Natal and the Transvaal and the choice of two centres to participate in the Soccer Cup tournament, with and the discontinuation of the two provincial associations, were supposed by the South African Indian Football Association at a special general meeting held at Durban recently.

Although Natal accepted the scheme at a special meeting of Natalians held on the following day at Maritzburg, it was not to be unexpected that Natal feels the permanent soccer bodies affiliated to the parent body, African Body have approved of the scheme put forward.

Mr. R. Reddy, President of the South African Indian Football Association, said in an interview that he was very pleased that both the Natal and Transvaal Associations had accepted the scheme which will now give both those bodies the added advantage of selecting players to represent them for two chief reasons: (a) The organisation of the selections to 20 players each province instead of 15 as in past tournaments, thereby alleviating the difficulties and (b) the selection of these 20 players not by the following year, but by the following month, with those on the field.

The first tournament under this new scheme will be held in Johannesburg next year and spectators throughout the country will watch keenly the result of the tournament.

The tournament will commence on the last Saturday in September and will conclude on the first Sunday in October, which is a public holiday, without any undue hardship of extending the duration in view of the additional entry from Natal and Transvaal, said Mr John in conclusion.

The new constitution of the South African I.F. Association, which embodies these amendments, incorporates also some rules, was adopted at the meeting and will be published.

Among other rules, the new constitution provides for the following:—

a) The appointment of a Referees' Committee, and the creation of an Appeals Board.

b) Provisions for the creation of an Appeal Board of five members with 20 years' soccer career.

c) Creation of posts for Hon. Life Vice-Presidents with 25 years' soccer career.

d) Creation of separate posts for Hon. Senior and the Hon. Treasurer.

In terms of the new constitution the following 12 Hon. Life Vice-Presidents were elected at the meeting: Messrs. B. John, A. Christopher, D. W. S. Scudder, S. L. Singh (Natal), Willie Ernest Rev. H. I. Symonette, Messrs. J. F. Morrison, Cecil Rose (Transvaal), Paul Angiolini, L. J. A. Hernandez, A. C. Rees, and Dr. Wallace Carter.

The Referees' Committee and the Appeal Board will be elected at the next biennial general meeting to be held at Johannesburg in July next year.

Lady ashamed of her own body

Mrs. George Delamere writes: "I am very thankful for what Feladerm Soap and Ointment have done for me. I had a most distressing skin trouble which gradually spread over almost the whole of my body. I was ashamed of my own person, and tried various treatments without success. Then I tested for about 10 years. Now, after the use of Feladerm Soap and Ointment, my skin is beautifully clear. I cannot adequately express my gratitude."

Hundreds of sufferers from eczema and other skin troubles have obtained complete relief from pain, itching and disfigurement, by using the Feladerm remedies. All chemists sell Feladerm Ointment, Feladerm Soap, Feladerm Skin Powder, Feladerm Blood Tonic and Feladerm Shaving Sticks.

INDIAN COMMUNITY'S GREAT LOSS

THE sad and sudden death of the late Hans Maghraj, son of Mr. and Mrs. A. Maghraj, took a prominent hand in the Indian community. The short-lived but active public life of the late Mr. Maghraj showed the determination that had he been spared longer an Indian community would have excelled immensely. Always ushering relief selfless in anything that he undertook, he soon had success and Indian assailed from his enemies. He played a great part in the life of the Indian community. Throughout was humility and cultural, moral or religious endeavours in which he did not figure. As joint-honorary secretary of the Natal Indian Congress, he retained for himself a unique place in the history of the Indian community. He was the first to have the Congress Hall built. He served under the viceroy ministry, but was not successful among those who upset a strenuous fortnight in Cape Town, including the cause of his untimely death. During the stormy period of calamity that the Indian community went through with race political machinations he was among those who achieved a satisfactory agreement. He sacrificed his personal ambitions to help accelerate the progress of the community.

The Arya Samaj movement found in him a strong and zealous champion. Whilst still in his teens he founded the Young Men's Arya Samaj and with unfailing zeal and devotion he energies towards the evolution of the young Samajist organisation that ruled today. The close liaison with the Arya Pratinidhi Sabha and its affiliated organisations have produced encouragement for the cause which he dearly loved at heart. He played no mean part in the establishment of that well-known institution, The Indian Goodwill Club. The friends will remember how with unbounded energy and indefatigable zeal he helped to foster the prospect and the prominence of the club, attaining for it the proud position it holds in the history of the community to-day. He was a great source of inspiration to his colleagues.

Within a comparatively short time he played a conspicuous part in the public dealings of the community. How he succeeded, however, has not been known in business against unrelenting, he created the Natal Indian Estate Agents' Institute. He lived to become its president and secretary. He conversed the ups of the Hindu Integrity and arduously fought for its acceptance in the South African Hindu Maha Sabha of which he was a member. The thousands of Arya badges which Hindus are proudly wear today found their origin in the movement which he had set afoot.

His remains were cremated at the Natal Crematorium in the presence of over 2,000 people. His funeral was the largest that Durban has seen for many a year. Every person of importance in the public life of the community was present. Tributes were paid to him by Messrs. J. W. Godfrey, Polsgrave Rodsongow, A. Christopher, A. I. Kajee and Ashwin Chetty. Representatives of leading organisations from the length and breadth of the country were present.

CIVILISATION TEST

The only test of the degree of civilisation of any race, creed, group or any community was the attitude towards the weak. It is the test by tolerant and liberal treatment of the minorities that it could be said with truth that civilisation has been achieved. This was the loudest cheer with the Indian people, who still looked down upon their women and their status as child. It was futile, then, to expect them to be tolerant to other races. This statement it was made by Dr. Lind when he spoke at the International Club on Monday night.

RELIGIOUS LIFE AMONG P.O.W.

Evidence reaching the Indian Red Cross from Germany shows that efforts made to persuade the Nazis anti-Indian prisoners of war are meeting with considerable success, says an Indian Army Observer.

The latest reports received at the rooms of the Red Cross Commissioner show that Indian prisoners have now successfully achieved means of performing their religious rites in the different German camps.

A statement relating to Mahomedans says that a large number of Korans and other religious books have been distributed through the International Committee of the Red Cross. "In the immovable camps, morning and afternoon their batmanis, their barbed wire nets their watch towers, suddenly are transformed into suddenly to hear the morning voice of a Moorish caller to the Faithful to prayer," says the statement.

Hindus are permitted to cremate their dead, and the Germans allow them to practise their rituals in accordance with religious principles. Recently ashes deposited in Germany removed through the International Committee of the Red Cross to their homes. Hindu prisoners also discover which are invaluable religious symbols in these endless sands.

In order to provide religious instruction officers of the country to which prisoners belong, the International Committee has recently supplied a books service on the part of various religious communities corresponding to the different religions of the prisoners. The booklet has been printed in Urdu, Maharati, Hindi, Hindustani and Punjabi, and is receiving a big welcome from the prisoners.

Miliant Action Lies Salvation of Indians

Referring subsequently to the "old leaders," Mr. Singh said: "I don't call the names of dishonest but they have gone too far in the old policy of compromise.

"What have we got in common with Indians in East Africa, Uganda and the Rhodesias. We are all suffering under the same laws. So long as all together was talking nonsense, our leaders are trying to divert the attention of South Africa. We have much in common with the Coloured and the African people of this country. We are suffering under the same policy. Do not be deceived. Think for yourselves and think hard," concluded Mr. Singh.

Returning non-Europeans unity in South Africa, Dr. Goolam Hoosi said that they must not be allowed to be divided among themselves and the other non-Europeans as the Hindus and Muslims were separated by the divide and rule policy in India.

"We must demand full franchise," he said. "We must fight segregation in all sections. There can only be real democracy when all people enjoy full citizenship rights. Let us all unite and work for the welfare of the Indian people from across that night."

CONGRESS CONDEMNED

Speaking at the meetings organized by the Council in the Northern District during the weekend the speakers Mr. Debi Singh, Dr. and Mrs. Goolam condemned the "compromise policy on Congress leaders and the weakness of the Congress are being responsible for the present plight when Indians stand helpless."

Mr. P. R. PATHER LOSES FAITH in the ENGLISHMAN

I HAVE just been able to pick up the threads of the political activities since I was incarcerated on November 4, 1943. Since then much has transpired. The Pretoria Agreement has gone unrepudiated by General Smuts. The Indian community stands in the same position as it stood on April 17, 1906, i.e., the day before the Pretoria Agreement was entered into. There is no doubt that a section of the Indian community has set its face against the Pretoria Agreement, but the Congress felt that it would be in the best interests of the Indian community if we pursued temporarily on the question of the Indians and Europeans living in close proximity. For it must be remembered that this evils settlement, which has unfortunately now 1906, has been directed against compulsion.

I am now satisfied that with the Union government the Indians do not hold a place in the general makeup of the population of South Africa, it cannot as a great shock to me when I learned that General Smuts was not able to carry out the terms of the Pretoria Agreement, having regard to the fact that when he met us at Durban during the Thanksgiving Celebrate he gave us to understand in unmistakable and unequivocal terms that he would stand by the Pretoria Agreement.

I am ready to submit that we have been beaten by an astute politician. But I am not sorry. For throughout the negotiations with General Smuts we have not appealed in any other role but as

MOORE ROAD SCENE of BATTLE to BEGIN

THE Battle for Moore Road is not finished because Mrs. Pather has been arrested from the place and Mr. Pather released from prison.

It is about to be implemented in earnest. Although there has been nothing official as yet, Congress is discussing the possibility of adopting passive resistance as its next opportunity to the ongoing lot, and the press are behind the struggle will resolve out for Mr. Pather.

It is very likely that the issue will be settled in Indian's favour, and Mr. Pather will be his former position. The result will be personal, Pather and the Indian will be personal.

Durban has it that the two Red candidates in the personal Passive Resistance movement will be the veteran Mr. Sorabjee Rustomjee and Mr. Ashwin Chetty.

(b) Furthermore, all matters involving the special and differential treatment of Indians [illegible] under the South Africa Act, within the jurisdiction of the Union Government, who will not be dealt with by any other authority in carrying out the provisions of the Constitution. Each where a Provincial or Local Authority deals with questions of housing or slums, in any way how to do in the housing policy of the Union, Indians concerned have this protection of the Union Government against unfair discrimination.

This housing policy of the Union is one of exceptional importance, anyway and magnitude. It is a general policy applying to all sections of the community, affecting Europeans, Indians, Coloureds and Natives equally. If powers are taken or given to deal with this fast moving matter, the intention is to be in the interests of all in supplying the needs of all. There is no reason to assume that the policy is directed against or in favour of any section in particular.

Housing is a matter of special urgency at Durban, and the Government are aware of the pressure and the Durban Corporation to speed up their building programme as fast as possible. Both the Housing and the Executive Committee are necessary for this purpose. In areas in which the business of Indians or Indian community has a direct interest, there will be representation of the community. There is already a strong body of Indians should be given to three ordinary at an early date in the Indian community wish to send a further memorandum on the matter to the Government they will come to those terms, provided there is no delay. While the Ordinances are being examined by the legal advisers they cannot be put into operation, but they will have to be temporarily reserved for technical reasons.

The Pretoria Agreement having failed in its object, it becomes necessary to explore a new road along other lines. The Government think that this can best be done at this stage by the Round Table Conference meeting and proceeding with its labours. The Government attach much importance to that body, representative as it is of both the European and the Indian people. Its recommendations might be most helpful, both in guiding public opinion and in advising the Government and the Provincial authorities. Much of the ground has already been explored, and the Government are anxious that it should now continue to the completion of its task. They desire on this account have been instructed to Mr. Jan Smuts.

With the provision of housing for Indians and others being accelerated as much as possible and the Federal Government financing the work, important measure will have been taken to remedy the evil of the problems for which we are.

There is no other suggestion the Government would make. They have been struck by the atmosphere of mistrust and suspicion which unfortunately prevails and are anxious to see that removed as soon as possible. To this end they would suggest that the Indian community might appoint a small standing committee to keep contact with the Administrator, the Minister of the Interior, and where necessary with the Prime Minister. The Government would welcome such regular machinery which would not only deal with points of difficulty or difference as they arise, but also with occasions for further improvement of relations between authorities and the Indian community. Much of the existing friction could be removed by contact and friendly discussion.

CRICKET RESULTS

All the matches played on Sunday at Currie's Fountain were more or less ruined by rain. Rimmer batted steadily and collected 114 runs in forty minutes but two wickets for 79 runs. Grey-Hills' innings was a good one and declared their innings closed at 162 for the loss of six wickets at the close. Grey Flats had 60 for two wickets, Hindustan scored 53 runs and Centrals had 19 for two wickets. Young Central and United collected full points at the expense of Hindustan and Young Rimmer respectively.

A member of European workers were sitting outside after lunch in the sunshine at an adjourning Indian cafe. Immediately the Indians—students on holiday from the meeting—came past one of them got on and solemnly addressing his compatri-ots: Ladies and gentlemen. Here gathered Durban's future rulers. The student re-lating the incident to me could not help commenting: It must have taken some-effort to control

FATHER CROSS

reverse C.S., who was at that town in and out of gaol in 1906, forcibly crossed with the letter-bone of whom, he de-clared, had the courage to follow him into gaol. He was, he said fighting for a principle. The letter spoke upon a time he used to refer to them as the Reds, he said, only talked but fought skip of action. This was his challenge to the Reds in the Congress Committee on Sunday when he spoke for the resolution put by the chairman of the Congress Mr. Monsoon P. R. to very crass indeed. I wonder whether the Reds will take up this challenge or what their reply will be.

COATS OFF AND TOUGH

Sunday's meeting was the biggest event for a long time in the Committee. There have been other affairs, but then they were only just Red Rumour talk. I learned most of the members of the Committee with their coats off. Now I have been wondering whether this was to indicate that they were ready for action or whether it was an indication that there was nothing wrong with the weather and which you may see them one evening with the Com-mittee without coats and shirting the next. I have never known such steady and respectable men to have their coats off. I couldn't help noticing the change. This steady body of men stripped for the only person in Durban who re-ferred to "Nicholls's Rumour." I think as a matter of principle Congress men should leave "Nicholls" alone. With due defer-ence to the Union's New High Commis-sioner in London I am sure the Indian community has had enough of Nicholls.

Pretoria Agreement "Stone Dead"

(Continued from Page One)

the Furthermore, all matters involving the special or differential treatment of Indians fall, under the South Africa Act, within the jurisdiction of the Union Parliament, who will not hesitate to exercise their powers of legislation and protection under the Constitution. Even where a Province or Local Authority deals with questions of housing, sanitation or the like they have to do so in the housing policy of the Union, Indians concerned have this protection of the Union Government against unfair discrimination.

This housing policy of the Union is one of ever-mounting importance, urgency and magnitude. It is a general policy applying to all sections of the community, affecting Europeans, Indians, Coloureds and Natives equally. If powers are

The Pretoria Agreement having failed in its object, it becomes necessary to explore a settlement along other lines. The Government think that this can best be done at this stage by the Broome Judicial Commission re-convening, and proceeding with its labours. The Commission will attend to the matters referred to in the joint Round Table memorandum of both the European and the Indian sections. Its recommendations might be most helpful, both in enabling public opinion and in advising the Government and the Provincial authorities. Much of the ground has already been made, and the Government are anxious that it should not continue to the completion of its task. Their wishes in this respect have been conveyed to Mr. Justice

WAKE UP YOUR LIVER BILE—
Without Calomel — And You'll Jump Out of Bed Full of Vim and Vigour.
Your liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Poisons from this decaying matter are absorbed into your blood. You get constipated. Your whole system is upset. You feel sour, sunk and the world looks punk.
A mere movement doesn't get at the cause. To get these happy results, you need a LITTLE LIVER PILLS to set those two pints of bile flowing freely. Look for the name "Carter's Little Liver Pills" and be sure you get them. Refuse substitutes. Price 1/3.

TAMIL BROADCAST

It is time that the Indian announcer for the weekly Indian broadcast woke up to the facts that programmers of the Indian radio listeners only on Tuesdays. Therefore, it is only fair that there should be more Hindustani and Tamil. Now Hindustani and Telugu-speaking people have to be content to attend to Tamil broadcasts every week? It seems that the Indian announcer is encouraging or making the weekly programme a merely Hindustani affair.

I hope we hear more Tamil broadcasts in the future.

AN APPEAL TO THE WOMEN OF SOUTH AFRICA

The bulk of the buying of most articles is in the hands of the women —they, therefore, can help even more than the men . . . .

Don't buy anything which you can do without — " make do " with what you have . . . .

Save every penny you can so that when times are normal, prices are low and quality high, you can replenish economically . . . .

By doing so you will help to keep down prices in the meantime, and help by your high spending power later to prevent a post-war depression.

Indian Franchise

THE Anti-Segregationist Council is, in fact, largely a creation of the Congress party of "better-class" Indians, the premier of any race in timidity. It was not to be expected, then, that Mr. Naicker would publicly agree with any of the Franchise views which were put forward by a select number. It was quite universal. The Indian Congress, regardless of its qualifications, and it seems to refuse anything less than the same terms of franchise as Europeans.

There is an ideal with which we can sympathise, but we think that it is not practicable and cannot be attained in the first place. In regard to the second point the two state-ments of Mr. Naicker's reported, the Congress resolution of policy and the other that the old leaders should have things their way, Mr. Naicker's contention is logically quite a knowledge. Logically, because the two statements are diametrically opposed. Mr. Naicker's letter is one of his ways out of putting himself right in view of threatened legal action contemplated by one of the said leaders whose name has been mentioned in a leaflet for his alleged support of "communal" franchise in order to ad-vantage himself with the electorate. TALK OF THE BAZAAR

Not since this is a matter of real importance to the community in general I need write about him. P.E., in an effort rope in the recalcitrant demo-cratic ex-Chairman into the Congress-fold, stated publicly that Albert Chris-topher Luthuli grave and dignified he, humble man, is the grave chiefs. This serious statement to-day has had it that AL also claimed to be the chief of AAC. It now seems that in the days of the twentieth century and for a time away from the jungles of India the chiefs, instead of following their gurus and spend their time thinking of things spiritual prefer the city and politics and do everything contrary to the guru's exhortations. There two chiefs, chiefs by their own declarations, have not shown the least inclination to follow the lead of their guru. In fact now, in a last desperate effort to unite the common chiefs, P.E. actually wants the guru to follow him, he are the upp-of the twentieth century.

CASTE BARRIERS

Apparently it is not only General Smuts and statesmen and actors are at variance with the Indian people left in South Africa they had left behind, but also their leaders of state. That is for true for the Bazaar has it on the best authority that Mr. Chelas and Mr. Naicker, Mr. Harrison and Mr. Meer from the merchant-class are hardly in better other than the Natal Indian Congress, it is regrettable that such a thing should happen in Durban, more regrettable that some of the people who are officials of that Congress are also officials of the Trades Hall Council which is very loud in its pro-nouncements of the equality of all Hindus. In this country he such equality with Euro-peans, and not a few of the members of the Trades Hall Council, Congress Hall Hall, and they would deny their own kith and kin and sip. It seems to me that some people, while talking about equality, are the first to show that inequality. We know the people of Australia do not like us. Yet in thirty years of residence in the land the Indian Associations, are prescribing the solidarity of the Hindus, the Moslems are still excited. Let us say the most Hindu Association began the New Year with a clean sheet with a constitution amended to include Hindus and Moslems

INDIAN RED TAB'S SNAPPY EXHIBITION IN ITALY

FREDDIE PHILLIPS' KNOCKOUT, the young Indian boxer from Durban, who is on the fortnightly mail-boat steamer this month, is now in Europe, training as a deputy of Sergeant Sailor Hunter, the ex-Natal and Springbok middleweight champion who is now the only Springbok boxer in Italy.

The Durban boy gave away height, reach and weight but these drawbacks were not any deterrent in giving his usual fine display of the noble art.

A fortnight ago he knocked the glamour boy out in the second after a thrilling three-round battle. He knocked Adamo but the floor in the second round and stayed there for keeps.

A number of sportswriters went to Naples to see the fight. The Northerners from Rome were disappointed that Phillips was included in the boxing programme. He answered to the question, "Are you disappointed?" with a shrug of his shoulders.

Pte. Phillips, Sergeant of South African and Pte. Adamo, Fourth of British Army, advanced to the centre of the ring. Sergeant Hunter was the referee

No rest, day or night, for this Kiaver man

Mr. H. J. Strommer, of Kiaver, C.P., was the victim of a rash which covered his entire body. Lesions appeared, as fast like mosquito bites, and these acted so intensely that he could not rest day or night. Some developed into painful sores. At last he started the Felaform treatment and 4 weeks later he reported himself completely healed. "I don't regret my previous fails for the wonderful Felaform treatment," were his comments.

Hundreds of sufferers from eczema and other skin troubles have obtained complete relief from pain, itching and disfigurement, by using the Felaform remedies. All chemists sell Felaform Ointment, Felaform Soap, Felaform Skin Powder, Felaform Blood Tonic and Felaform Shaving Sticks.

Of course, if you were a goofy poet, you might find inspiration in a leaky roof and you would not need Layhold protection for your home. But if you decide that it's

"NOT TO LEAK"

then use Layhold *before* the damage is done. Layhold used as a straight paint provides a waterproof film several times thicker than paint and is resistant to acids and alkalis. It will protect roofs of all types, gutters, down pipes, corrugated iron, tanks, waterproof damp walls, in the

MISS M. ARDOURAM

The Balaji Perspective Sabha sustained a great loss by the passing away on October 19, 1944, of the late Miss M. Ardouram at the early age of 17 years. She was the secretary of the Sabha from February, 1936, to the time of her death.

The late Ardouram, who was a pupil of Mr. K. T. Reddy, was a violinist and harmonium-ist of merit. She was also an outstanding singer of classical Tamil and Telugu songs.

She formed the Transvaal with the Sabha's co-ordinating, and she also formed and led the Durban studio. She took part in various shows that were held in the Sabha's hall, and in the Durban Indian Society and other charitable institutions.

The Balaji Perspective Sabha pay tribute to her memory.

MISS NURSEMONEY P. KISTNA

The death occurred on Tuesday, December 18, 1945, of Miss Nursemoney, beloved daughter of Mr. and Mrs. P. Kistna, (Kistnasamy), of 3rd Avenue, Rossburgh, Durban, at her late residence, 116 Downing Road, Bellair. She was 21 years old and had been seriously ill for two months.

Miss Kistna was a teacher at the Mayville Indian School. In her short life she gained the love and respect of many friends and relatives, which was evidenced by the large gathering at the graveside on Wednesday, December 19.

She was a Methodist and is deeply mourned by her loving father, mother, brother and sisters.

MR. A. CHINNAH

The death of Mr. A. Chinnah, of 68 Bridge Road, Rossburgh, occurred suddenly on Sunday, December 2. He was a farmer at "Bell and Bush" lane, Rossburgh.

The funeral took place at the Chatsworth Cemetery on Monday, where friends and relatives gathered to pay their last tributes.

He leaves behind a widow, six children and many relatives to mourn their sad loss.

The seven weeks' cultivation in the Natives Purchase Area increased by a million acres as a result of the "Grow More Food" campaign. This will mean an additional yield of 11,000 tons of foodgrains per year. For the whole of India an increase of 300,000 tons is expected in 1945-46 and a further 700,000 tons for the current year. The "Grow More Food" campaign which has billion tons are granted on a remunerative basis, is now being conducted on a thorough basis with the co-operation of the provinces and the Indian States.

This is another factor attributed for the fall in consumption.

The surplus stock, however, it is learned, is being sold to speculators, from the Transvaal, who are prepared to hold on to it in case of another shortage, when prices will again rise.

DHOLL SUBSTITUTE

Substitutes have also been found for other Indian foodstuffs, such as lentils; peas and cowpeas and beans are making excellent "dholl" dishes. Demand for these products among Indians have affected the prices considerably, from 3d. a lb. to 8d. a lb. Butter and vegetable ghee "ves" for the "Periandar." CONGRESS PERPLEXED

Not When but Where to Hold Its Meeting

OFFICIALS of the Natal Indian Congress are finding it difficult to secure a venue for its annual meeting, which is advertised to take place at Durban, on February 4.

A recent ban on the holding of public meetings in the City Hall on Sundays rules out any possibility of a gathering taking place there, unless it is going to be on a weekday, which is said to be unsuitable for holding such a meeting.

No other hall suitable to hold this meeting is available in Durban.

Indian sports ground officials said the Congress secretary, Mr. P. R. Pather, to The Leader, have also placed a ban on holding meetings of a political nature on its premises. It is, however, making another try to
