## "WHAT? No bread till next week?"

Suppose your friend told you that next time you planted a plant for the delivery boy? It might sound silly, although it wouldn't. It won't if you will observe these simple rules:

1. Buy only as much bread as you need.
2. Remember that it is wrong, and unfair to yourself, to waste bread.
3. Don't cut off crusts.
4. Don't feed bread to animals.
5. Don't slice bread up before a meal. Cut each slice from the loaf as it is needed.
6. Cut thinner slices.
7. Keep bread fresh, so that each loaf lasts as long as possible.
8. Don't use fresh bread for making puddings or other dishes.

# Round Table Conference

PLUSHING (New York), Wednesday.

IT is learned authoritatively tonight that efforts are being made to settle the controversy between South Africa and India over the Asiatic Land Tenure and Indian Representation Bill, now before the General Assembly through mediation. Various independent but interested delegates are understood to have sounded both South African and Indian representatives here on whether they would consider a round-table conference. The Indians, it is understood, will not consider such talks so long as the Bill remains on the South African Statute Book. A source close to the Indian delegation said that the initiative in opening negotiations for a round-table conference would have to come from South Africa.

Earlier there was a discussion of the South African Indian question between the British and United States delegations, the main point discussed was, it was stated, whether the problem came within the domestic jurisdiction of a sovereign state.

According to United Press, the United States delegation was divided that it was a domestic matter and others maintaining that it should be discussed by the United Nations.

THE American meeting also dealt with the problems of racial minorities embodied in the Charter and the right of a sovereign state to deal with its own nationals.

Some members of the delegation felt it is understood, raised the point that the rights of minorities in being problems under the United Nations in accordance with the Charter provisions, as this would raise the whole question of minorities within the great powers, including the Negroes in the United States.

The United States delegations, it is understood, has not decided whether the General Assembly has power to pass recommendations on questions affecting domestic legislation.

It was learned that the British position, in its discussion of the above problems, has not yet finally decided on action to be taken to settle the conflicting views of the two members of the Commonwealth.

The Canadian spokesman said, however, that Canada would vote

*INDIA is on the move and the old order passes.*

*Too long have we been passive spectators of events, the playthings of others. The initiative comes to our people now and we shall make the history of our choice. Let us all join in this mighty task and make India, the pride of our hearts, great among nations, foremost in the arts of peace and progress. The door is open and destiny beckons to all.*

The Hon. Pandit Jawaharlal Nehru broadcast this message from the A.I.R., New Delhi, a week after assuming office as Vice-President of India's Interim Government.

## Jinnah's Appeal

# END COMMUNAL STRIFE

AN appeal for an end to communal strife was made here today by Mr. Jinnah, president of the Moslem League.

Mr. Jinnah said: "We stand discredited already before the eyes of the world because of these disturbances, which have happened NOT only in Bengal but also in other provinces, such as Bihar, the United Provinces Madras and Bombay.

Mr. Jinnah appealed to Moslems and to Moslem League members, especially, to stand by the principles of Islam in defence and protect the weak, to show complete tolerance and to help in every way to restore order. He also appealed to every Hindu to cooperate wholeheartedly and without reserve. Sapalliance

# India Will Stand By

NEW DELHI, Monday.

ADDRESSING the meeting of the Legislative Assembly today Mr. Nehru, vice-president of the Indian Interim Government, said that India was grateful to those nations which supported her in the United Nations Assembly on the subject of the Indians in South Africa.

Mr. Nehru said that he hoped that the decision would go in India's favour, but in any event Indians would stand by their

# S.A. Indian Stand Appreciated

MOMBASA, Thursday.

A resolution expressing appreciation of the stand taken by South African Indian passive resisters for "the removal of obnoxious racial legislation from the Statute Book of the Union" was passed at a meeting here today of the Indian Association.

The meeting condemned the treatment meted out to passive resisters in the Union and expressed the view that if two countries within the British Commonwealth could not compose comparatively minor differences of racial prejudice there could be no prospect of the whole world agreeing on measures for world peace and security.

In view of its racial policies, no trust could be placed in the Union Government for the administration of any territories or mandates, and the meeting accordingly appealed to the General Assembly of the United Nations to put all African Protectorates and Mandated Territories under the direct trusteeship of the United Nations.

The meeting decided that the matter of the resolution should be cabled to the General Assembly of the United Nations and to the Foreign Affairs and Commonwealth Department of the Government of India.—Ups.

# S.A.I.C. President's £500 Challenge

In view of the present confused position, arising out of differences between the left wing and moderates, Councillor Ahmed Ismail, president of the South African Indian Congress, who was in Durban during the week, made an exclusive statement to The Leader. He strongly repudiated the attack made on him that he had opposed the passive resistance movement.

He was prepared to offer £500 to any charitable object if it could be proved that he had done anything to injure the cause.

He referred also to "an act of diplomatic communication by the Executive of the S.A.I.C. to the Government of India, seeking advice in confidence which had been used to create confusion and misunderstanding in the Indian community."

The S.A.I.C. Executive, he declared, never wanted India's complaints removed from the UNO agenda and the only Round Table Conference it would welcome would be between the two Governments.

THERE might be differences of views among Indians, said Mr. Ismail, on the wisdom of having always recourse to passive resistance as a means of opposing the "Ghetto" Act, but having once been started there was to be no turning back.

"I hold that those who were going to gaol today were doing so in the belief that they were fighting for the respect and interest of the Indian community. I would be a craven to it if I did anything which was to endanger, whether directly or indirectly, the position of those who were making sacrifices in the struggle.

"I offer £500 to any charitable cause if it could be proved that a had done anything to injure the passive resistance movement.

"In fact, I had planned to go to gaol with my wife and three children

MRS. J. PADAYACHIE

The death occurred at Mt. Lebanon Phoenix on Friday, October 25, at her home, "Ivy Lea," 62 Carter Road, Durban, at the age of 70 years. The deceased, although ailing for some years, was to all appearances and in good health on the day of her death.

The late Mrs. Padayachie, who was born in Ajodhya, India, came to South Africa 50 years ago. After a long stay in Maritzburg, she returned with her family to India in 1927.

During her stay at Karachi she joined the non-cooperation movement started by Mahatma Gandhi, and was sentenced to four months' imprisonment, suffering latin charges in the dungeon.

She returned to South Africa in 1932, and has since resided in Durban, where, because of ill health, she has been confined to her bed.

The deceased leaves behind a large family of sons and daughters, and numerous grandchildren and great-grandchildren. Her husband, who was only permitted to see her on Sundays, because of the quarantine regulations, predeceased her by eight years. Seven children also predeceased her.

The funeral took place on Sunday, October 27, at 2 p.m. from the late residence to the Congella Cemetery, where the interment was conducted by Mr. Swamy Naidoo.

## IMPORTANT

In July, 1946, an appeal on behalf of Mr. Dawood Idris was made through local papers to all Moslem brethren residing in this country for donations towards the erecting of a Madressa in his native town of Fort Johnstone, in Nyasaland, East Africa.

How unfortunate it is that this appeal was not met with any satisfactory response. There are approximately seven hundred (700) Madressa going-age children in and around Fort Johnstone who have no support whatsoever. Their parents are destitute native Muslims and totally helpless to educate their children.

Deplorable as this has been revealed that these children are presently obliged to write their lessons on stones and planks as well as other objects of similar nature, due to the lack of slates and books. Does not this piece of news break the hearts of the well-to-do South African Muslims. Is it not their duty to help these children who are in such a pathetic state?

These children do not only need the accommodation of a Madressa building, but also all types of Islamic literature.

Considering these facts, we other appeal to hereby humbly Muslims, but also all types of assistance to the Trust created for this purpose.

Please help these children and earn a thousandfold reward from the Almighty.

Presentations of the kind, known Nupur (in any number), Kalasha and other lands dealing with religious matters will be gladly accepted.

Kindly forward your donations to:

## MARITZBURG CRICKET

With the exception of the weekend, all the leagues have been in action over the weekend. The cricket has been interesting, and, in the Hamilton match, the batting has been of a high standard, several promising cricketers from the players. It is hoped that the authorities will soon notify this association.

**STARS v. UNITED**

The Stars skipper left the dockets [illegible] on the second innings, and the United batted all out for 138 runs. Continuing their innings from overnight, the Stars added 40 runs to their total before the last man was dismissed for 96. ## MRS. BALLINGER'S DOUBTS

The Indian community in South Africa was advised not to boycott the parliamentary forum if it were not sure of the boycott being complete by Mrs. Margaret Ballinger, a member of the South African Parliament, on a factory speech at New Delhi.

The Indian community replied: Let a boycott was decided upon, it candidate and natural interest she mentioned. But there is clearly a question that would still have to be answered. In the circumstances what guarantee is there that a boycott would be complete?

## IMPORTANT

In July, 1946, an appeal was issued by Mr. Durand Idris was sent through local papers to all Moslem brethren residing in this country for donations towards the erection of a Madressa in his native town of Fort Johnstone, in Nyasaland, East Africa.

How unfortunate it is that this appeal was not met with any satisfactory response. There are approximately seven hundred (700) Madressa going-on children in and around Fort Johnstone who have no support whatsoever. These parents are destitute native Moslems and totally helpless to educate their children.

Deplorable it has been reported that these children are presently obliged to write their lessons on stones and planks as well as other objects of similar nature due to the lack of slates and books. **Does not this piece of news break the hearts of the well-to-do South African Muslims. Is it not their duty to help these children who are in such a lamentable state?**

These children do not only need the accommodation of a Madressa building, but also all types of Islamic literature.

Considering these facts, an earnest appeal is hereby humbly made to the Moslems of this country for their graceful generosity.

**Please help these children and gain a thousandfold reward from the Almighty.**

Presentations of the Holy Koran, Sipparas (in any number), Rehales and other books dealing with religious matters will be gladly accepted.

Kindly forward your donations to:

PALIMEYJAMES: In loving memory of our beloved brother, James Jack, who passed away on November 12, 1945.

Quietly and quickly came the call
His sudden death surrounded us all.
Happy and smiling, always content,
Loved and revered by here he went.

Thoughtful, willing and kind,
A beautiful memory left behind.
No one but the close ones know
Of the angels drew up near.

Sadly missed by Mother, Brothers and Sisters.

The time we loved so dear
Cannot be forgotten
As your name we read so often
Your memory is always with us
Memories of you will never fade.
Those remembered by his loving Mother, Dad, Brothers, sisters, brothers-in-law, sisters-in-law and relatives, 32 Cherry Road, Overport.

ELLERY: In loving memory of our darling husband and our dear Nonga-Nonga, who passed away on November 5, 1945.
Maritzburg on November 5, 1945.
It dawns on us today the day of days
To bring to us our sweet memories.
The day we lost our dearest one
Are very hard to find.
Time cannot remove or bear the loss
Nor can it heal the wound.
Yet, although he left us alone,
But what it meant to lose you dear,
Only we know.
Your memory is fixed in our hearts
For a father we found a shepherd true.

Years may go and time may fly,
But memories are with us still.
Dear father, we will ever remember,
Revered by his son, Ivor P. Ellery.

ELLERY: In loving memory of our dear mother (Nonga-Nonga) who passed away on November 5, 1945.
Only a grave that needs care,
For the one we loved so dearly
Dear mother, her memory
Is always with us.
We the loved her will never forget
Ever remembered by her son, S. Ellery and family, Bombaysee.

PALIMEYJAMES: In loving memory of my beloved brother-in-law, James Jack, who passed away on November 12, 1945.
Four years today, my heart is still sore.
With tears we now can sob no more.
We watched you turn away
We wished you could stay
But God saw you suffer
And took you home to rest.
Ever remembered by you in your sister, Peggy, brother-in-law, Ivor and children.

HANSHARGO: In loving memory of our dear husband, Ramkisson Hanshargo, who passed away on November 7, 1945.
In tears we can come to see
Your grave and talk to you dear,
We watched you suffer and pain
We watched you fade away
Your memory remains
Ever remembered by you in your husband, sons and daughters.

## KIDDIES or DOGS—which come first?

Yes! It is vital at this time of high prices that your children have enough to eat. Any other food than bread or your child may have to go without. There's a world shortage of wheat and we can't grow enough for ourselves.

Follow these essential rules:

1. **Buy only as much bread as you need.**
2. **Remember that it is wrong and unfair to yourself to eat meat.**
3. **Don't cut off crusts.**
4. **Don't feed bread to animals.**
5. **Don't slice bread up before a meal. Cut each slice from the loaf as it is needed.**
6. **Cut thinner slices.**
7. **Keep bread fresh, so that each loaf lasts as long as possible.**
8. **Don't use fresh bread for puddings or other dishes.**

**DON'T WASTE BREAD**

## The S.A. Labour Party

MR WALTER MADLEY was in Durban a few days ago, took the opportunity to attend the European party's meeting and gave his views that he was still opposed to any amalgamations of the Trade Unions on the communal basis. He further emphasised that the prevention of the colour bar in the European sphere was uppermost in mind and he was disappointed to the extent of Labour Party of this country in the part it had played in this respect. He said that we do not know where the Labour Party stands and what it is supposed to stand for. We think that the Nats are also responsible for the part the Labour Party is playing. The Labour people in this country have been a bit of an enigma.

Because of the fact that the Labour Party in South Africa have unwittingly helped the Nats to get back into power, they have unfortunately lost the confidence of the people. It is a fact that the Labour Party in South Africa is not considered to be about as much use as Mr. Churchill may be called Communist. The Labour Party has at all times stated that it is a Socialist organisation, but unfortunately it has not been able to put this name into practice. It is strange that Mr. Madeley should say that we have been fighting within 25 years for the extension of the franchise to the Europeans engaged in Durban. The word "fighting" is used for the purpose of all the working people and not only for the Europeans. The PHELPSON debacle and a few more in some ways, to view of the fact that the Labour Party has not protected Socialists to give the franchise to the Indians on the communal basis, but on the basis of the Europeans people for the Labour Party of this country against the entrenched interests. The entrenched interests in the Labour Party are not prepared to see more interested in the Indians getting the franchise at a low level. European trade unionists in the Labour Party have agitated against the extension of privileges to Non-European workers. In this case we will say that there is not much difference at all between the two, the usual exceptions are to be glad to see this.

The European workers could do well to remember that the Non-European labourers are the cheapest things and require very minimum needs without any of the luxuries of the community. How ever much colouring the Europeans may give to the fact that the cost of the European and the Non-European workers are one. There can be no denying the fact that the Non-European labourers are the cheapest things in existence. In fact there is no comparison. It is well known that the Labour Party is in favour of the Non-European labourers, with the emphasis on the last three words. It is agreed this that some Non-European labour leaders, who are inclined to believe all that is "Kaffirs" good, should be on guard. For the sake of Labour in this country it should be to create a united society out of the diverse peoples of the state.

## SUPPORT FOR SIR MAHARAJ SINGH

Representatives of eight organisations in the Cape Peninsula have called for the Transvaal Indian Congress to withdraw its decision supporting the contentions of Sir Maharaj Singh that Indians are not equality in the Transvaal and the Orange Free State and South Africa and that there is no future for them in South Africa.

The Cape United Front Committee and the African National Congress have also called upon the Congress not supporting Sir Maharaj Singh's views.

Earlier in the week a cable was sent from Durban on behalf of the Congress, denying the truth of the statement made by Sir Maharaj Singh that there is no equality in South Africa and labels it as the Union.

## Municipality Criticised

The Durban Municipality was criticised by the Hospitals Committee of the Natal Indian Congress in connection with the treatment of the President of the Natal Indian Congress, Mr. Dada Abdulla, who was taken to the Durban Hospital on Sunday last.

Mr. Sheikh said: "Although we do not wish to make a song and dance about a wrong, nothing has been done to remedy the situation. The committee has not received any satisfactory result through the Municipality.

We should, Mr. Sheikh continued, like to see the Municipality take an active part in encouraging good healthy games.

Mr. G. Gounden, secretary of the Committee, moved a resolution that land, and a pavement in Indian areas be allocated for the need for playing grounds and for the provision of swimming facilities for the Indian community, which in fact was unanimously carried.

If we want a healthy citizen we must indulge in some outdoor games. The Premier Court, speech is still at large. Mr. Sheikh, Mr. Gounden, Mr. Sydor Rooth, Chairman, has very kindly consented to lend a hand to the young men of the district.

European workers. In this case we will say that there is not much difference at all between the two, the usual exceptions are to be glad to see this.

The European workers could do well to remember that the Non-European labourers are the cheapest things and require very minimum needs without any of the luxuries of the community. How ever much colouring the Europeans may give to the fact that the cost of the European and the Non-European workers are one. There can be no denying the fact that the Non-European labourers are the cheapest things in existence. In fact there is no comparison. It is well known that the Labour Party is in favour of the Non-European labourers, with the emphasis on the last three words. It is agreed this that some Non-European labour leaders, who are inclined to believe all that is "Kaffirs" good, should be on guard. For the sake of Labour in this country it should be to create a united society out of the diverse peoples of the state.

## China Comments On Smuts's Proposal

LAKE SUCCESS, New York, Thursday.

South African affairs came under discussion at an early stage in today's proceedings of the Trusteeship Committee of the United Nations when the second speaker, Mr. Lin Chieh (China), said that the questions raised by General Smuts's proposals for the incorporation of South West Africa were of supreme importance, affecting the whole world.

Mr. Chieh said that the commission should also examine carefully India's allegations and racial discrimination made South Africa.

He would be glad to hear the views of the United Nations Union on these matters before the Committee proceeded with further discussion. In fact he would suggest a postponement of the discussion of the Territory of the Union of South Africa.

Mr. Gunewardene (Ceylon) said that he was not clear what the Committee was to discuss. Was it to discuss the question of the Union of South Africa's request for the annexation of South West Africa?

Mr. Sandri (Syria) said that the Committee should first hear the views of the Union Government.

Mr. Sandri Pillay, an executive member of the Natal Indian Congress, has expelled because of his action over the Pact. The Pact Executive Committee has also expelled Mr. Sandri Pillay, secretary of the Natal Indian Congress, and Mr. Ismail Meer, treasurer of the Natal Indian Congress, for their refusal to withdraw their support to Sir Maharaj Singh.

Mr. Ismail also claims to have been elected to the executive of the Congress. The Cape Passive Resistance Council

# THREE OUTRIGHT WINS IN LEAGUE GAMES

THERE were three outright wins in the First Division League games concluded on Sunday. Central beat Shurat by an innings and 11 runs; Young Muslims were "all over" Star, sending them to the pavilion twice to win by an innings and 24 runs. Arsenal and Jews were unplayable. Kismet collected full points from Young Centrals with only five of their batsmen taking a knock against Central's bowlers. After scoring 286 in their first innings, Ottomans were unable to get Craigville out twice.

[Match briefly by C. G. M. Somaii and E. Khan level Esther and Hamid, the pitch favoring both cricketers.]

Both, however, watched the bowling carefully, and proved unfortunately, after they had put on a good partnership, Khan was bowled by Mall, who had taken over the ball.

At this stage Khan was joined by Somaii, and the pair proved a wonderful stumbling block for the Mall bowlers.

Somaii, who was batting with great confidence, was missed by Mall off his own bowling, and Khan was missed by Esther off Mall.

Somaii was unfortunate not to get his century, for after he had reached 97 he stopped an awkward one from Mall, which he turned to Mall, who dropped the easy catch.

Khan, Mall, a left-hander, passed his century, which had taken him 2 hours 10 minutes to get. Mall retired from the attack after he had taken 7 wkts. for 108 runs in 30 minutes' play. Mall started his innings in an aggressive manner. He knocked Somaii's first ball to the boundary for four. What one for dinner boldly for a time.

Despite the wide field set for him, Mall treated the bowling with little respect.

There was some steady play when after 10 minutes' play Somaii was caught and bowled by Mall.

At 11 Esther was caught at mid-on off Mall, who had taken the last wicket in his last ball.

There was some good play from Lavia and Mall and Esther in the matter of batting for Mare Both the batsmen took no chances.

Mall, who started at the wicket for 9 minutes, scored 7 runs, including one six.

Towards the end Ismail, who usually accompanied Mall, became put paid to the ball and took wickets at a good rate.

Khan did better in their follow-on innings. The first batsman was Y. M. Ismail, who made 27, while G. M. Jones, who went down six wkts., including one maiden, did splendidly for he was seven wkts. for 79 runs.

The scores were: Young Muslims—First innings: 286 (C. G. I. Somaii 97, Khan 60, Mall, 7 for 108, Ismail 7 for 79, Esther 3 for 70, Hamid, 3 for 75, E. A. Khan, 1 for 15, Mayet, second innings: 215 (Y. M. Ismail 27, C. G. Somaii 97, Khan 60, Mall

## EGYPT WITHDRAWS PROPOSAL

NEW YORK, Wednesday.

EGYPT today withdrew her proposal that the United Nations Leadership Committee should postpone a decision on South Africa's request to incorporate South West Africa into the Union, until the political committee decided on India's complaint against South Africa's racial discrimination.

The Egyptians, it is understood, threw forward this proposal in the belief that the hearing of the Indian complaint would produce evidence which would lead the United Nations to reject the Union request to incorporate South West Africa if it was delivered until the other case was heard.

The Egyptian delegate to the Trusteeship Committee, Mr. H. H. Hassan, told United Press that it had been decided that the resolution, if adopted, would get the committee into procedural difficulties and it was, therefore, withdrawn.—Sapa-United Press.

*Pages From Natal's History*

## INDIA TURNS DOWN NATAL'S REQUEST

THE Natal scheme to indenture emigrants was knocked on the head at one stage because, as it was pointed out by Lord Benton, secretary to the Government of India and the colonial secretary, Cape of Good Hope, "that the rates of pay and higher in Bengal than in Natal" and "the superior advantages held out to emigrants by the Mauritius and West Indian colonies, the difficulties experienced in meeting the wants of those colonies, and the adequate demand for labour which exists in the Natal and Madras Presidencies, will combine to prevent any of them taking place from those quarters on the terms specified."

Another point made in this letter was on the question of wages. . . . The Lieutenant-Governor of the Province (Natal) anticipates that the sugar planters will readily agree to increase the present rate of three pence per day to the Natives of the Calcutta Bill, in the absence of precise and satisfactory information on the same by bringing in Council such bill as would be warranted in putting such a statement, forward as an inducement to the Natives of the country to emigrate to Natal.

"Under these circumstances I am directed to state that the Governor-General in Council is of opinion that no useful purpose would be served by re-opening the negotiations of labourers from any of the ports in India to the

Justice Chagla (extreme left), who is presenting the legal case on behalf of the Indian Government on the South African Indian question. He is seen with a party of friends. His wife is sitting on the extreme right.

CAPETOWN, Wednesday.

"I HAVE noticed in the last issue of The Leader that my challenge has been accepted by Messrs. Sundra Pillay and Amra," says Mr. Ahmad Ismail, president of the South African Indian Congress, in a telegram to The Leader. "But as the South African Indian Congress and the Cape Indian Congress do not recognise the Cape Passive Resistance Council, I therefore cannot recognise them.

"MY challenge," Mr. Ismail proceeds, "stands good if any responsible members or officials who have joined the Passive Resistance Council of Natal and Transvaal can prove that I directly or indirectly injured or opposed the struggle of the passive resistance movement. If Messrs. Pillay or Amra have any evidence it should be supplied to the Joint Passive Resistance Council.

"The Guardian," in an August issue, made certain allegations against me and charged me with opposing and sabotaging the passive resistance movement. Subsequently, "The Guardian" apologised unconditionally and withdrew the charge.

"Mr Amra made a statement at a public meeting in Capetown that I was not opposed to the passive resistance movement and also apologised to the meeting for my absence owing to illness. He also denied the charges alleged by 'The Guardian' editor and recovered Mrs. Betty Radford (Sachs) that she was misinformed. I have received a letter from Mrs. Betty Radford (Sachs) expressing her regret.

"Mr Amra is hopelessly incompetent and is not a member of any affiliated body of the South African Indian Congress. Decent issues . . .

"Mr Ismail goes on to say that Mr Amra's position at the South African Indian Congress conference at Capetown was questioned by the chairman, Advocate Chetty, replied, 'therefore I cannot recognise or take persons unseemly of their type.

"Mr. Pillay and Mr. Amra are out to gain cheap laurels. They will not get it from me.

"I would not have paid any attention to their statements, but in the interest of our people I must inform the public of save facts.

## CONGRESS SESSION

The All-India Congress will hold the annual session on November 21 at Meerut, United Provinces, under a pandal.

Reports that the Congress session had been postponed were denied today by the Premiers of the United Provinces. Delegates only will attend the Congress session if no permission will be allowed.

India, Panama and Cuba will ask UNO to declare that genocide —the extermination of racial groups—ranks among the worst crimes.

# Rustomjee Challenges Smuts

NEW YORK, Tuesday.

A CHALLENGE to General Smuts to prove by a plebiscite, supervised by the United Nations, that the Natives of South-West Africa desired incorporation into the Union was made yesterday by Mr. Serafino Rustomjee, leader of the South African Indian Passive Resistance Council, who is now in new York as an adviser to the Indian delegation at the United Nations General Assembly.

MR. RUSTOMJEE who claimed that he was speaking for 200,000 distressed Indians in South Africa, said: "As far as mandatory territories are concerned, we feel strongly that the United Nations should hold South-West Africa under trusteeship.

"The South African Native population stands condemned at the bar of world justice for its treatment of the African Native population. The very reason that India has been compelled to lodge a complaint against South Africa is sufficient proof that the area should not be added to the South African Union.

"I do not believe that the Natives of South-West Africa have been truly consulted by General Smuts or his Government, or that the British Government have endorsed the annexation policy.

"If appeal from my own observations that if a plebiscite were taken the Natives would not be in favour.

"Rhodesia, Nyasaland and Bechuanaland have turned down a suggestion of incorporation into the Union of South Africa, and I am sure the Natives of South-West Africa feel the same to-day."

Declaring that no one but his own person, where he had been for three months as a passive resister against the Group Land Tenure and Indian Representation Act, Mr. Rustomjee claimed that the Indian question in the Union was not a domestic matter and that General Smuts was wrong in policy for the United Nations not to interfere in the domestic affairs of South Africa.

**HUMAN RIGHTS**

"Human rights are in jeopardy here and human rights are a matter for the United Nations," said Mr. Rustomjee.

One thousand five hundred passive resisters had gone to prison with him in protest against the Act.

"Let us more freely as human beings in South Africa and the Indian problem will disappear.

"I have come to the United States to fight to the bitter end General Smuts's racial policy. I have the full support of the United Nations' leaders, but even with General Smuts's failure to answer the question of South Africa's Indians from the seventh, I am confident that we are thankful for the support of the United States and other delegations. If we fail at the General Assembly, the Passive Resistance Council intends to pursue the case before the world conference of Leaders soon in New Delhi next February.—Sapa-Reuter.

Mr. S. Rustomjee

## NEW YORK "BOOS"

The South African request to incorporate South-West Africa into the Union was criticised as a complaint given by the Council for African Affairs on Senator H. H. Hamer, Dr. A. B. Xuma and Mr. H. A. Naidoo here on Saturday, states a New York message.

After Mr. Naidoo had described racial discrimination in the Union, there were "boos" when he said, "That this policy should be practised in the name of Christian civilisation is more indicative the degradingly low level to which statesmanship has sunk in South Africa."

The presence of Mr. Naidoo and other Indians at the reception was described as "symbolic of the Union of the oppressed."

This factory, which is situated in Charles Street, New Doornfontein, Johannesburg, is the second largest of its kind, in which the controlling interest is held by an Indian, and employs an average of one hundred and fifty people.

The estimated turnover (which is purely tentative) is at present £150,000 per annum. This low figure is due to the shortages of raw materials, but we have placed large orders overseas for our requirements, and when these goods arrive we shall be in a far better position regarding the annual turnover, and to meet the demands of our numerous customers.

# NATAL IDOL SCORES SENSATIONAL K.O. VICTORY

IF the City Hall roof ever shook it did on Saturday night when Willy Thomsoen, the Natal idol, with all the odds against him, unexpectedly knocked out Alex Makela, of Transvaal, in the eighth round when actually the crowd was beginning to feel sorry for Thomsoen.

After seven gruelling rounds Thomsoen was far behind on points —he had been dropped for a count of seven in the third round when a vicious left caught him in the solar plexus. It then seemed a matter of time before Makela would finish him, but in the eighth round the Natalian landed a smashing blow to the jaw and followed it with a vicious right hook.—That was the beginning of the end of the giant Makela. As he staggered up at the count of eight Thomsoen pounced on to him, shook Makela with a right hook and then KO'd him with a left upper cut. To Thomsoen the eighth round had been to "him" or be "killed." He was raised shoulder high in the ring. Makela took quite some time to recover.

In the first round both boxers were cautious apparently trying to get the measure of each other While, however, only one took the fight to Thomsoen after leading with straight lefts Towards the middle of the round Thomsoen took the initiative but Makela took the fight to Thomsoen again and scored with a second left.

Although there was very little to choose between the two Makela took the round by a shade.

Heavy round was Thomsoen's. Makela came on very fast in the second round and connected with two lefts and a right and followed with a steady left. The round was fought at speed with Makela scoring the points by continually taking the fight to Thomsoen.

In the third round Makela dropped the Natalian with a vicious left to the solar plexus after both had been with a series of lefts and right. Thomsoen had scored an early lead on his feet but the effect of the solar plexus punch was apparent on the face of the Natalian. He looked rather dazed when Makela finished the round with two lefts to the jaw.

At the second count Makela found it a victory according to Referee Anderson, but Thomsoen was not counted out. Makela was warned for hitting on the break.

Thomsoen opened up and scored the next round with a straight right to the head. Coming close Logan drove home two hard lefts.

Round three was both a round to the Natalian and exchange blood and three blows.

Logan forced the fight in the fourth round but Thomsoen scored the round with solid body punches.

Round five and six saw more punishing blows in close quarters, what with accurate and well-timed lefts.

Both started in a cool manner Thomsoen scored a long punch with his left and a right, apparent lack of Makela after a devastating two handed attack which gave the Transvaler no chance.

Makela was still shaky for five minutes afterwards when he set quietly in his corner while Thomsoen was being raised shoulder high by his enthusiastic supporters.

**Farmer v. Williams**

The first round was quite good fighting with Farmer the more dangerous boxer.

In the second round Farmer connected with a right to Williams' body and heart which shook him.

Farmer rushed to Williams' corner at the beginning of the next round and scored with quick lefts to the head. Williams then landed with a barrage of lefts and rights to the body. He fought back gamely and dropped him for counts of two and three.

A low punch jolts to the body, followed by a right to the head, saw Jack Williams go to the canvas for the count of four. Farmer was declared winner on a technical knock-out.

Tommy Farmer, Natal lightweight champion, scored a knock-out victory over Jack Williams, Transvaal champion, in the fourth round of their contest at the City Hall on Saturday night.

Both started in a cool manner Farmer the more dangerous boxer with a left and right, apparent lack of Williams after a devastating two handed attack which gave the Transvaler no chance.

Makela was still shaky for five minutes afterwards when he sat quietly in his corner while Thomsoen was being raised shoulder high by his enthusiastic supporters.

# Amazing Capacity

WHEN Michael Twala and F. M. Pillay walked into the ring the second was back to watch what they knew would be a gruelling 12-round affair, for Twala didn't have a K.O. punch, while Pillay's deadly semi-circular lefts had made very little impression in past encounters with the "pocket-sized Mr-Iron," whose capacity to absorb punishment was, and after Saturday night still remains, astonishing.

After two rounds had been fought, till the tenth round Pillay won the eleventh round in sensational style, and it seemed as if the last one would end in a knock-kneed decision, but when the gong went Twala, contrary to all the laws of Nature, was still on his feet. How he did it probably he himself doesn't know.

**Rawdyson**

When the gong sounded Twala was still standing on his feet. The referee called a points verdict in favour of Pillay, but the judges gave the fight to Twala and they were the ones in one of the most spectacular demonstrations of how not to score a fight. Pillay had clearly won the fight on points, but the judges awarded it to Twala.

Pillay, who showed some signs that his forte is his capacity to absorb terrific punishment and then come back for more

SORE THROAT
Soothe it-dispel it with ASPRO

Sore throats and tonsilitis—mainly caused by the present dry, dusty winds—are becoming general again. Our advice is DON'T SUFFER—DON'T TAKE RISKS—soothe away and dispel the soreness by gargling with 'ASPRO'. Just add 2 'ASPRO' tablets to a half-glassful of water and gargle with the mixture. The tablets break up into myriads of tiny particles which adhere to the lining of the throat, soothe away the pain and exert a prolonged healing effect. This will find that the gargle takes effect astonishingly quickly. The soreness goes as if it had never been. Don't accept substitutes for a Doctor-test it for yourself—there were its us and let us know the benefit you have derived. They have stood the test thoroughly of the results we have obtained and we are sure that it will be the experience, too, that

GARGLING with 'ASPRO' does the trick!

# S.A. INDIANS FIGHT FOR HONOUR ENDORSED

MEERUT (United Provinces), Monday.

"WE would have no quarrel with South Africa if, in the insolence of its racial pride, its white minority did not seek to deprive Indians domiciled there of the elementary rights of citizenship after having ejected them from home," Mr. J. B. Kripalani said here in his presidential address to the National Congress.

"The battle carried on by the Indians in South Africa is not one of bread and butter, but of national self-respect and honour," he said.

"India supports our countrymen in East Africa as in South Africa."

MR. KRIPALANI said it would be their fault if they missed the goal of freedom, for the noblest end—the greatest and most important of all political systems.

"In this the British stand. At every critical moment in their history, the British have ignored religious, party and class differences.

Saying that the establishment of Pakistan would be a terrible calamity to India's people, Mr. Kripalani added that the communal riots might divide India into two armed camps of hostile hemdens immigrants looking for shelter and refuge. "They would as the result of unless assassinations by the South African Government," he said.

He agreed with General Smuts that the Indians had not been persecuted. "But there are worse things than injuring the body or taking a life," he said. "You can maim a man, you can break a spirit, you can make a man lose that human dignity, which alone makes life worthwhile."

The South African delegation had urged that segregation was good for the Indians. According to General Smuts the Indians were merely making political capital out of something which South Africa had done in the best interests of the Indians.

Referring to the Capetown agreement he said that it had been studied by the two Governments "that is an agreement, solemnly ratified, when General Smuts has chosen to describe as 'this so-called' agreement. The agreement was reaffirmed in 1939 and the South African Government gave a good confirmed for having violated it.

He summarised the South African arguments as, "In my own country I can do what I like. I can deny a racial minority as the

## S.A. INDIAN LEADERS "CAT AND DOG" FIGHT IN NEW YORK

THE South African Indians in New York, representatives of the South African Indian Congress and the Passive Resistance Council, are not a happy lot, though they are all living at the same hotel. The Commander.

Vilification still proceeds and reports have reached "The Leader" that there is "no truck" between the two groups.

Mr. Sorabjee Rustomjee—it is stated had "spared no effort in putting himself in a commanding position. Coming direct from jail and having been associated with the Passive Resistance struggle, had got him the ear of the Indian Delegation.

Mr. A. I. Kajee, an one who has borne the brunt of the attack on the Union Indians since 1926, was made to appear as a person over ready to compromise and therefore unsupported to speak on the issue.

The fight for recognition has been going on for some time but the position of the moment has now been equalled, Both parties have been assembled by the delegation from India; the S.A.I.C. representatives, in fact, have been preparing several memoranda at the request of India. At first it was not an easy task for these to be of explaining to be done to counteract the effect of cables that were sent to Mr. Nehru.

Mr. Bunting asked Mrs. Pandit, according to New York messages, from Mr. Pather "as to what the Delegation's position was against us in the S.A.I.C. delegation, who denied these was any. I told her that Pandit Nehru had received hundreds of cables from South Africa against us. She denied this too. She was surprised that the stand of the S.A.I.C. against the Tenure Act was an uncompromising one and that in regard to policy there was absolutely no difference of opinion in South Africa and that recently personalities had played a great part in Indian politics.

"I told her that for the last few years any speeches, resolutions and memorandum was either drafted by S. R. Naidoo, Christopher Pather, Kajee or myself and you have the results to India ridden on our backs.

Mrs. Pandit was eventually satisfied with our stand and asked for our fullest co-operation.

Mr. Pather's contribution comment is to deplore this "rot and petty fights."

"How more powerful could we have been had we not broken up," he added.

Mr. John Cullinan, Governor of Bombay, and his wife and daughter, have left as a farewell party of the new hostel for Indian students, which was opened by the Indian Educational Society and the Indian Women's Association, and which has been named after the son of the Prime Minister of Bombay.

## CRITICISM OF THE S.A. EXPERIMENT

(From Natal's Special Correspondent)

DANDARA.

INDIAN criticism of South Africa's policy on the Native question is not confined to the Natives of South Africa, but also to those of the independent States of the Commonwealth, which dominion a special interest in the fortunes of the Union as its own experiment.

Mr. Nana Sita, the Indian Cabinet Minister in New York, "let loose a flood of pent up emotion and eloquent denunciation over South Africa's policy" and "left no room for any person helpful in a world becoming more and more conscious of its responsibilities."

The reasons for this criticism are not far to seek. Those who have been in touch with the Native problem in the Union know that the Natives are not a homogeneous people. They are divided into a number of tribes, each with its own customs and traditions. Even the Natives themselves are drawn by the Union Government's policy of segregation, it seems, but it was unpopular with a few.

Politically, the Natives were in a backward state, and they were not educated, even though they constituted a majority of the people. Efforts have been by the Government to improve the position of the Natives and, it could not possess the country. Natives have been encouraged to be called upon handle for ownership, and the Government has declared that the Natives should work for the development of their country.

## Emigration Scheme Still Operates

THE South African Government has not yet given up the idea of repatriation as many Indians as possible because the Assisted Emigration Scheme is still in existence.

It has been ascertained by The Leader that during the war years this scheme could not be operated because of the shipping difficulties. Today, however, the position has eased considerably and the scheme is once more in operation.

Ever since its inception and despite the objectors of the community the scheme has never been "halted." It has always operated.

# S.A. DELEGATE "OFFENSIVE"

LAKE SUCCESS (New York), Wednesday.

"OUR delegation has been very much pained at the manner in which the South African delegate has used this lofty forum by attempting to ridicule the social and religious customs of our ancient people," said Mrs. Pandit, leader of the Indian delegation, when replying to the speech by Mr. Heaton Nicholls.

MRS. PANDIT told the committee which was continuing the debate on the treatment of Indians in South Africa that Mr. Nicholls had made remarks about religions different from his own, which were wholly inconsistent with a spirit of tolerance and had referred sarcastically to Hindu temples and Hindu mosques having to be maintained at the expense of the State.

"Tolerance has also been made to polygamy," she said. "It is true that certain religions permit more than one legal wife, but I was not aware that polygamy as such—whether it had the sanction of the law and religion or not—continued on page three)

# CENTRAL BOWLERS UPSET MUSLIMS

A SENSATIONAL spell of bowling by S. Subbun and P. F. Smith, of Young Centrals, upset Muslims and they recorded their lowest score yet—84 for nine wickets—against a team which was promoted to the "A." Division only this season. Muslims' sustained batsmen somehow found those bowlers unplayable and were in a very uncomfortable position at the end of the day.

BATTING first against Muslims, Young Centrals collected, 70, 7 byes, 3 leg byes and 1 penalty run. Ebrahim Dawood made 21 minutes, and the only batsman who made double figures.

Young Centrals would have done better but for the fact that Muslims had a bowler under suspension. He bowled with accuracy, obtained four wickets for 36 runs, three of which were maidens.

Interval again demonstrated that to remember the best three batsmen in first cricket today. He kept the scores of Young Centrals and Eight Ball cricket matches, and he was well informed on the game.

Muslims' reply was a disappointing one. Only Ebrahim Dawood and Ismail Ebrahim reached double figures, the former making top score with 21 minutes. Muslims' innings closed for 84 runs, Subbun and Smith sharing the honours with the bowling. Subbun took five wickets for 36 runs in 12 overs, and Smith four for 26 runs in 12 overs.

Except for Timol and A. Soliman, who made 20, the remaining Muslim batsmen never looked comfortable while against the accurate bowling of H. J. Jordan who, after an indifferent start, found his length and had down the batsmen mostly to orders.

**Croysdale v. Stars**

Croysdale are on a good position in their match against Stars. A number of runs were scored and each batsman who batted made a useful contribution. Stars' bowling was not very impressive, and they were collected from all parts of the ground. Batting Lincoln and E. Thomas did well for Stars, the former making 31 and the latter 30 runs. Croysdale's total was declared closed at 9 for 184 runs.

Croysdale are in a strong position to win the match, as Stars, in their second innings, are 9 for 84 runs, still 101 runs behind.

**SECOND DIVISION**

The scores in another division were:—

**Central v Gillespies**

Central batted up on an end-of-the-season performance, and they were all out for 184 runs.

# MALAYS MAY PLAY

THE south African Indian Cricket Union has decided to allow both the Malayan and Western Province Malay cricketers to play in the forthcoming African Tournament, which will be held in Johannesburg next Easter.

Hitherto no Malay cricketers were allowed to participate in any interprovincial matches under the auspices of the south African Indian Cricket Union.

The decision was arrived at at a special general meeting held there recently, at which it was stated that the non-inclusion of Malayan and Western Province players was due to the fact that they were not of first class material.

It is expected that the Transvaal will field a very strong side in the tournament. They have been successful because the Transvaal has retained the same under three consecutive years, giving them a Shield which they have held for three years.

The contemplated tour to be undertaken by the Indian cricketers to Australia and the West Indies is also expected to be discussed at the meeting by Mr. A. Badi, president of the South African Indian Cricket Union in connection with the Leader Shield competition. It is also definite that a Non-European South African team will tour Australia in the near future.

# BILLY SUBBAN—NO FINER KEEPER

TALL, lean, lanky and now wrinkled and grey, he is always at the turnstiles at "Currie's," come wind, come rain, come sunshine; but how many of the thousands who pass through the gates ever realise that he is standing there and what thoughts course through his mind as he watches an interprovincial soccer match or in the summer hears the crack of bat against ball and sees the latter glide away for a four? But he is among the very few who have written a glorious chapter on the history of his community's soccer, for although it is not very well known, Billy Subbun—that is the old gentleman at the turnstiles—contained the only South African Indian team to tour India, and that was in 1922.

Billy Subbun was a fine goalkeeper; he could punch the ball halfway up the ground with ease and his diving across the goalmouth was also splendid, so much so that one person in India was so impressed by this that he gave Billy a gold medal for this kind of work between the posts.

BILLY SUBBAN has been ranked as one of the finest goalkeepers that South Africa has ever produced, and since the international team has been in existence for many years the services of the present generations of goalkeepers have been sought after by the selectors.

Billy, who was born in Durban, played club football for many years, and was a member of the Durban Rangers team which toured India in 1922. He was also a member of the Durban Rangers team which toured Rhodesia in 1923, and the last time he played for Natal was in 1924 against Transvaal at Johannesburg. *BOWLER'S FEAT: TAKES ALL 10 WICKETS*

H. W. KEOHAT (keeper of the Maritzburg Cricket Club) performed the unique performance of taking all 10 wickets in a match against Harlequins, Unfortunately a hat-trick was not included, but Keohat took all 10 wickets in sending a hat-trick for 10 runs.

This is apparently a record for the Natal cricket season.

The county were Kennett, first innings 78, 10 W. Sendall 12, 2 W, second 36 W. Jacobsen 4 for 15, 3 for 75, Barbara 1 for 15, second innings 12—10 W. Sendall 10 for 10, Jacobsen 1 for 1, 10 W. Sendall 10 for 10, Kennett 1 for 1.

. . . looks good . . . it was good . . . Are you sure that bathroom, untouched cook, insides haven't had first helping?

All cockroaches do more bad and germ. Their most disgusting features are their avoid and wave body movements, excreta and discarded egg cases, which foul and taint foodstuffs, and all that course.

No place is barred from their track and their flattened bodies enable them to hide in cracks and crevices.

DOT DID IT?

A combination was arrived at by entomologists and chemical engineers that exterminates cockroaches and the like. NOT poisons, but liquid and powder combined insects in contact with it. Although the insects may be covered with a further substance, they are killed by the dust and the liquid. Not only do they die quickly, but they do not recover and cannot be set alive. Properties of DDT are unique. Powder and liquid DDT remains active for months, and continues to kill insects that DDT touches.
