A NEW CHAPTER IN THE LOUW v. PATON BATTLE

MR. ALAN PATON, chairman of the Liberal Party, is a big thorn in the side of the Government. His latest barb is a series of questions to Mr. Louw. I shall this week assume the position of Public Relations Officer to the Minister of External Affairs, and reply to Mr. Paton on behalf of Mr. Louw.

In which the Minister puts the 64,000 dollar question

The first three questions [illegible] shall regard as one for the purpose of my answer. They relate to influx control of Natives in urban areas. I do not deny the measures adopted to curb the undesirable and undesirable influx of large numbers of unskilled Natives into our towns and cities.

The True Facts of Durban bus incident

"THE prize for the most insensitive piece of newspaper reporting for this year 1957 must surely go to a "Natal Mercury" reporter, who wrote about a "clash between 100 Natives, and Indians" in Durban, on Boxing Day.

"Prompt action by two South African policemen" wrote this gentleman," prevented what could have been an ugly situation when a mob of about 100 Natives and Indians clashed at Mayville yesterday."

GRASS NOT CUT SO CLUBS REFUSE TO PLAY

by "RANJI"

LAST Sunday I visited the South Coast Indian Sports Ground where the Clairwood Old Boys' Cricket Club and the Standard were billed to play in a Shell Cup competition. These two clubs refused to play on the field where the grass had grown to a height of over 12 inches. I do not blame these clubs for refusing to play on a field which was in such a deplorable condition.

Here's a man who now believes in ghosts!

From Our Correspondent,
Johannesburg

A MAN who used to mock at ghost stories and never used to believe in ghosts does so now after three harrowing experiences. He is Stewart Ivanne Poonsamy of Fordsburg, Johannesburg.

Mr. Ivanne Poonsamy said that his first experience was as a student at Natal College in Durban. One day he left the college unusually late at 11 to 12 o'clock after attending a concert at the Bantu Social Centre. It was quite black and the road along which he walked was deserted. Suddenly he saw a tall man, dressed in white, coming towards him. As the man drew near, he noticed that he had no feet. He was floating in the air. He was terrified and ran as fast as he could. He reached the college and told the whole story to his friends. They laughed at him and said that he had seen a ghost.

Two years later, Mr. Poonsamy was working as a teacher at Verulam. One night he was walking home when the same thing happened. He saw the same man coming towards him. He ran as fast as he could. When Mr. Poonsamy had far away from the man, he stopped. He was surprised because there was no path but only a dense jungle of undergrowth. He then realised that he was far away from his normal route and that he had been misled.

He told all he knew about ghosts and Latin. A week later Father ... the ghost. Mr. Singh ... could ... the whole ... could not speak. Half the next morning ... was found ... unconscious. ... had ... to tell ... parents what had happened ... and Mr. Poonsamy ...

Candid Commentary . . . by Politicus

Let's abandon use of the word 'Native'

A PERSON signing himself "Regular Black Reader" recently wrote to "The Star" advocating the use of the word "African" in place of "Native."

"AFTER ALL," he wrote, " IT IS BETTER TO CALL A MAN, HOWEVER INFERIOR HE MAY BE, BY THE NAME HE LIKES MOST."

A worthwhile and sensible plea ! One expected "The Star" to take it up enthusiastically, to abandon the use of the offensive "Native" in its leader columns, and to do the correct thing.

Don't neglect your Education

HELLO BOYS AND GIRLS,

Glancing through the examination results published in "The Leader" last week, I was delighted to see the large number of others in the Primary and Senior Certificate Examinations. The Standard Six results were alarming, and schools which have had 100 per cent. success for a number of years have had their records blemished this year. Either the examinations were difficult or the pupils did not do enough work to enter for it.

+ BOOK REVIEW -

The story of the Indian people in Natal—but a disappointing volume

FRANKLY, this is a disappointing little volume. Dr. Palmer is essentially a political philosopher. Hers is not a factual history in the strict sense of the word. She starts from her own premises. The opening words of Chapter 1, "The Indian problem in Natal . . ." set the tone of what follows.

Ramachandra used to cry whenever he heard music

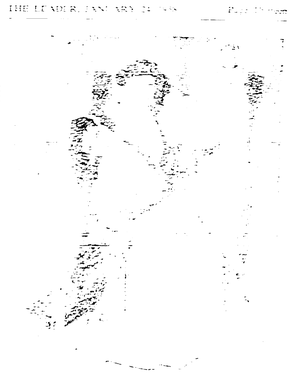

WHEN India's popular musician, C. Ramachandra, was barely two years old, he used to burst out crying whenever he heard songs or music. An odd reaction indeed from a boy who grew up to be a man whom music has made prosperous enough to make him able to laugh!

Dictated to Producer

A POPULAR artist wants to sue me for $10 a producer said he would get in his writ. He tells me condition that some of the attractions in the film were altered.

The four-reel film of Mamma Shalan, a gentle woman, and Ghosh Ghosal and Kaul runs for a week which could just does as there be a need. It is a love story and the hero has left to go on a business in the province, in fact, and the hero with her two children has been a popular actor who was also a member of the Bombay Municipal Corporation, which, however, does not believe in alcohol or food.

The actor told the producer that he should follow the story and refuse to be bound. Instead to the decisions of an employer, the producer chose another actor for the role.

Unfair criticism of cricket selectors

By "RANJI"

RESULTS count and if the performances of our Provincial XI at the National Cricket Tourney just concluded at Port Elizabeth mean anything, it is that Natal was represented by a fine team, and in spite of what their critics may say to the contrary, this almost unexpected triumph calls for thoroughgoing and loud praise for the trio of Natal selectors, Messrs. M. Naidoo of Merrivale, R. Naidu of Ladysmith and Joe Francis of Durban.

Mayville Cricket Union plans for anniversary

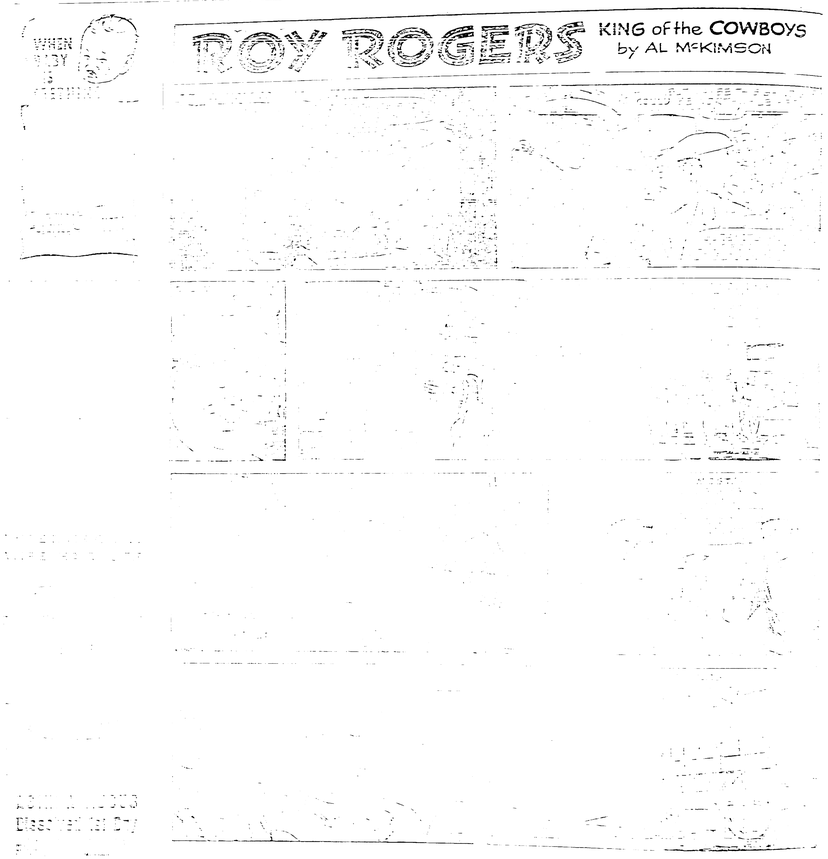

BY "RANJI"

TO mark the Event-ful anniversary of the Mayville District Indian Cricket Union three separate items have been arranged, a dance at the City Hall on March 1, a cricket match between the Mayville XI and a team of Umgeniites on March 9, and a dinner in the City Hall Supper Room on March 15. In addition to this the Union is producing a magnificently illustrated 80-page brochure.

Tuesday - great day for some children

TUESDAY, January 21, was a red-letter day in the life of every White child of school-going age, in Natal. To be blessed with a White skin was something. The next stage in life's long adventure was about to begin, and all over the Province the little White children filled the schools, which a benevolent Provincial Administration had provided for them.

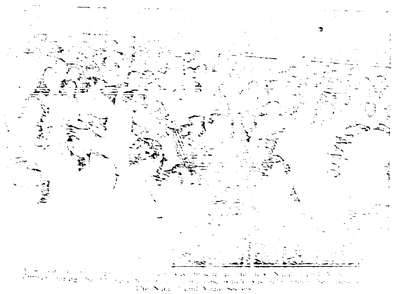

TO BE A WHITE CHILD WAS SOMETHING! TO HAVE A BLACK OR BROWN SKIN WAS JUST TOO BAD!

"Naturally, on this day our thoughts go to those of us who are not in our midst and who are in foreign land. I therefore welcome this opportunity of saying a few words to them and sharing with them thoughts associated by this happy day.
