President's message to Indians abroad

Fri. Feb. 7 1958

NEW DELHI: The following message on the occasion of India's Republic Day was addressed to Indian nationals abroad by the President Dr. Rajendra Prasad:

"Naturally, on this day our thoughts go to those of us who are not in our midst and who are in foreign land. I therefore welcome this opportunity of saying a few words to them and sharing with them thoughts suggested by this happy day.

Nats.' views on their visit to India

AN all-Party South African Parliamentary delegation visited New Delhi in December last year for the Conference of Commonwealth Parliamentarians.

Among the delegation were two Nationale Party members, Mr. D. Schaltz and Mr. A. van Niekerk. "Die Burger," the Cape Town Nationalist paper has, in its supplement, published an account by them of their meetings with Mr. Nehru and their impressions of India.

Interesting registration law case

ARE YOU LEGALLY MARRIED?

BY A "LEADER" REPORTER

THE Natal Provincial Division of the Supreme Court recently gave judgment on the validity of a marriage registered in terms of section 70 of Law 25 of 1891 and held that an Indian woman, whose paternal grandfather was a "passenger" Indian and not an Indian "immigrant" (as defined in Section 119 of Law 25 of 1891 Natal) is not an Indian immigrant and the registration of her marriage to an Indian immigrant was invalid and of no legal force and effect.

The Court, however, held that though their marriage was a nullity, that, as children were children of a putative marriage, they should be declared to be legitimate.

'Wonderboy' Mabena won short exciting contest

BY "RINGSIDER"

IN one of the best promotions seen in Durban for a long time, unbeaten South African bantamweight champion, Sexton "Wonderboy" Mabena (117½lb.) easily disposed of challenger Peter Maledi (118lb.) over three rounds in a 12-round bout in the Durban City Hall on Friday night. Down for a count of nine and completely slam-banged, the former South African champion was saved from further punishment when the referee intervened and awarded the fight to Mabena on a technical knock-out in the third round.

EUROPEANS FIGHT SHY

BY A "LEADER" REPORTER

PROGRESS OF TRADE UNIONISM IN INDIA

By S. R. ROSE

ALTHOUGH the beginnings of capitalist industry in India go back to the fifties of the last century, trade unionism made its appearance with the formation of the Bombay Millhands Association in 1890. For the next 25 years, however, trade unionism was confined mainly to the higher and literate castes of Indian labour employed in transport, communication and printing.

Donges pulls off a neat trick

IN Britain, a notorious Russian letter—"the Zinoviev letter" — is said to have turned the scales in a General Election.

In South Africa, Dr. Donges may well have turned the scales in favour of the Nasionale Party, by his reading from what he called a photostatic copy of a report found on the premises of the president of the A.N.C. and purported to be written by the departed American, Mrs. M. L. Hooper.

Mayville meeting — Soccer coaches advocated

BY "LINESMAN"

"FINANCE has been our problem year in and year out and, [illegible] our growing importance, we require a substantial fund [illegible] the Association's commitments." Mr. A. [illegible] in his secretarial report to the annual meeting of the [illegible] Indian Football Association, held last week.

Who authorised this?

WHO authorised the inclusion of the Durban cricketer, 'Goofy' Tim[illegible], in the Natal team which played in the recent inter-provincial tournament for the Christopher Trophy at Port Elizabeth which was won jointly by Natal and the Transvaal?

Natal had alloted £400 towards tournament expences but this amount was over-spent. What means will be devised to recoup those losses? These questions will come up for discussion at the Natal Indian Cricket Council meeting which will be held at the Shri Vishnu Temple school hall, Pietermaritzburg, at 10 a.m. on Sunday.

Currie's Fountain will have no equal

BY THE SPORTS EDITOR

THE Durban Indian Sports Grounds Association Council met last [illegible] discuss the official opening of Currie's Fountain, the "Mecca" of all [illegible] Indian sporting fixtures. After a lengthy discussion a tentative program[illegible] decided upon. One of the many items was to stage inter-racial soccer [illegible] among the African, Coloured and Indian national sides. In all probabil[illegible] official opening will take place sometime in May this year.

500 PEOPLE DEMAND A BETTER BUS SERVICE

By a "Leader" Reporter

DESPITE the inclement weather last Sunday, more than 500 bus users who reside at Riverside, Durban, attended a meeting convened by the Riverside Bus Passengers' Vigilance Committee, and demanded a better bus service for the area.

One of the convenors of the meeting, who presided, said that the present bus service to the area was so slow that [illegible] defied any sort of description.

A resolution passed at the meeting called on bus owners to [illegible] immediately a new schedule which would eliminate [illegible] slow service and that they should draw up an [illegible] time chart indicating times that buses could be [illegible] certain points.

S.A. Indians mourn

DR. G. M. NAICKER, president of the South African Indian Congress has issued the following statement on the death of Maulana Abul Kalam Azad, Minister of Education in the Government of the Republic of India:

"South African Indians mourn with the masses of India at the great loss suffered by humanity as a whole at the death of Maulana Abul Kalam Azad.

"With Mahatma Gandhi and Pandit Nehru, Maulana Azad occupies a foremost place in the hearts of people of India and in India's modern history. Not only was Azad a great and beloved leader of men but he was one of India's outstanding scholars and educationists. His educational contribution is world renowned and of international importance. His death is indeed a loss to the entire world."

Yet another pin-prick against us

A NEW review has made its appearance at the newsagents. It is called "Contact," the mouthpiece of the Liberals.

As the Editorial puts it, the Review has sympathy with broad liberal principles, but is tied to no party and will refuse to have any party labels tied to it.

This is indeed a very laudable aim, and one must wish the sponsors all success in their venture. It is not a newspaper. It is, therefore, somewhat out away from the man-in-the-street.

Overport school: memorandum to Director

"THE lack of school accommodation has created social problems which the community will find hard to solve. The number of delinquents in the area is increasing and in the near future the problem of unemployment due to illiteracy will definitely arise," says a memorandum submitted to the Director of Education, on the problem of school accommodation at Overport by the Overport Branch of the Natal Indian Congress.

KATHMANDU: The pictures on this page were taken by Knut Pedersen of Norway, who came from Drammen, near Oslo, to assess Nepal's needs in vocational training and employment organisation.

He found Nepal's needs of all kinds immense and her means meagre. But he came away with a great respect for the human qualities of her people.

Nepal's major problem is that faced by many countries which have only recently made contact with a broader world — how to develop her resources and the well-being of the population without a dangerous disruption of traditional values.

The last International Labour Organisation expert to go to Nepal, Mr. Pedersen was one of a team sent in under the auspices of the expanded programme of technical assistance of the United Nations and its specialised agencies.

Where is the bat?

By Cricketer

WHERE is the Secular Brothers Bat? That question occurred the minds of the Natal Indian Cricket Council's at meeting in Pietermaritzburg on Sunday.

The question emanated from a letter from the Durban Sun Indian Cricket Union who said that G. Rambaran, a member of their Union, had left on the award but he had not yet received the bat.

According to the records, the Secular Bros. Bat was a floating trophy and was awarded annually to the Indian who hit the highest score of the inter-zonal cricket. The Bat was donated by A. K. M. Ismail of Durban, in memory of his late brother, Ismail the Bat, Ismail Rambaran.

Cato Manor should be an Indian area — Roy Fenhalls

THE recommendation of the City Council's Indian Advisory Committee that the Council should reassess its group areas proposals, in consultation with leading Indian opinion, was welcomed by a group of nine prominent Durban Europeans, last week.

By doing this, they contended, the Council would give "clear and indisputable" proof of its desire to right past wrongs, to afford justice to all and to discharge its obligations to all sections of the community.
