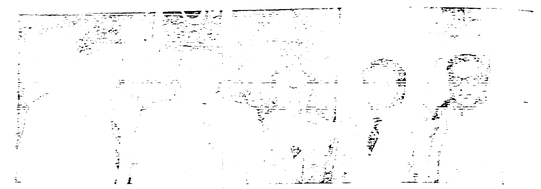
Momentous Natal Indian Soccer meeting

BY THE SPORTS EDITOR

THE Natal Indian Football Association met at Pietermaritzburg last Sunday for the last time under the old setup. This meeting was the one that could record an important change in the administration of the Province's Indian soccer.

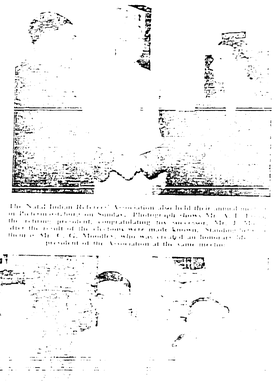


At the historic meeting of the Natal Indian Football Association held in Pietermaritzburg on Sunday, the Province was partitioned into Southern and Northern zones. Photograph shows the Southern Natal committee. Left to right: Messrs. R. N. Govender (hon. treasurer), N. P. Reddy (hon. secretary), S. M. Pillay (vice-president), S. K. Reddy (hon. secretary), and D. S. Nundlall (hon. records clerk).

Soccer referees will not divide

BY "FINESMAN"

ALTHOUGH the Natal Indian Football Association has been divided into two zones at a meeting held in Pietermaritzburg on Sunday, the referees will not be affected by the decision.



The Natal Indian Referees' Association also held their annual meeting in Pietermaritzburg on Sunday. Photograph shows Mr. N. A. I. Ebrahim, the referees' president, congratulating his successor, Mr. I. G. Abu Bakr, on his election. The results of the elections were made known on Sunday. Standing (left to right) are Mr. C. G. Moodley, who was re-elected as honorary secretary, and Mr. S. Mandhai, who was re-elected as honorary treasurer. Mr. Ebrahim was president of the Association at the same meeting.

GROUP AREAS ACT "NAZI IN CONCEPT"

THE law with regard to group areas is intended to bring about the economic destruction of a whole community — the Indian community. This is the considered opinion of a man who has made a careful study of the group areas legislation and its effects, Senator Leslie Rubin, Native Representative for the Cape.

"Selected from a distressingly long list of laws that impinge on the normally accepted principles of good and decent government, it can be singled out as the one Law in this country which most justifies the description of 'Nazi in concept,' said Senator Rubin.

Candid Commentary . . . by Politicus

Reds in India have failed

THE General Secretary of the Communist Party of India, Mr. Ajoy Ghosh, has announced a new party line for the "comrades" in India. The new slogan is to be "Socialism through peaceful means". The Constitution of the Party is to be amended to state the non-violent line.

This amounts to a confession of failure on the part of the Reds in India. They have now apparently come to believe that violence does not pay. This is something in the nature of a victory for non-violence and the Indian National Congress.

Indian pioneers — gesture by M. L. Sultan College

THE founders of the M. L. Sultan Technical College are thinking of associating the completion of the College with the early Indian pioneers as it is felt that no other institution is better placed to lead the way in paying homage to those "who laid the strong foundation" of Indian culture in South Africa.

Stay-at-home campaign may fall flat

By a "Leader" Reporter

The election-eve "stay-at-home" appeal issued by the National Workers' Conference seems to have evoked singularly little interest among shop and factory workers in Durban. While a large number of workers have heard of the Conference and of the call for a one-day sit at home strike, there is considerable confusion as to what they are expected to do.

Women not lagging in academic attainments

TWENTY years ago, even the most modern Indian parent hesitated to send his daughter to high school. Indeed most Indian girls were stopped from primary school upon reaching puberty. It just wasn't the thing to let your girl go to school and mix with adolescent boys when she reached that age. The community was backward, but a few adventurous parents and their daughters flouted tradition, and went seeking education.

These statements about sum up the attitude of the Government and the N.N.C. Both statements, though violently opposed, have one thing in common. Both reflect an irresponsible leadership. The least that can be said is a measure of restraint. Threats and rough talk do not help to solve a problem.

"Collected by car from our rented house, we were soon looking at some of the wonderful view-site lots in Durban's largest suburb — first developing RESERVOIR HILLS — our first surprise was that to own our own home would cost us less than we were paying in rent!"

We then drew up a plan of our own home under the Company's FREE ARCHITECTURAL SERVICE. We had the choice of our choice de-signed FREE. Municipal approval of plans was obtained in a few days. A bond with interest at only 4% per annum obtained for us free of charge. We then were shown around the land. We found a site to build and we wanted to."

PHEW, what a dismal weekend! It rained and rained . . . . . Except for the cinemas and other places of indoor entertainment, everything else was washed out and the capital, in common with other parts of Natal, presented a bedraggled appearance. Even the schoolchildren spent the last weekend of the Easter holidays huddled by their fire-sides and watching disconsolately, the raindrops pattering on the window panes.

A suggestion that the Prime Minister call a conference of representatives of non-European to hear what they have to say was made by Mr. T. R. Pather, president of the Natal Indian Organisation. Such a conference, he said, would go a long way to "dispel the fear that obsesses the Afrikaners."

Farewell to Shepstone — why seven speeches?

WELL, the forebodings of the gloomy have been realised. The HERENIGDE NASIONALE Party has been returned to power, this time with an overwhelming majority over the United Party. The VOLKSWIL (of the BLANKES only, of course) would appear to be that Apartheid and basskap must continue to rule. Not even Sir de Villiers Graaff's "me-too" cry in a desperate attempt to woo the votes of the illiberal Whites made any impression upon them.

NO doubt you were also carried away in the spirit of the General Election, even though you were denied the right to vote. You either stayed up late in the night to listen to the latest results, broadcast over the radio, or you phoned the newspaper offices to find out the score of the particular seat you stayed up with the throng on the pavement to see the latest returns as they were scoreboard outside the newspaper office. Most people, like the above, made a rush for the newspaper boys, delaying [illegible] straining under the weight of their bundles of newspapers.

Isipingo Festival: Be strong enough to reject the bad in our traditions

Sir,—"The Leader" gave much publicity to the Isipingo Festival and at the same time remained largely non-committal, as a paper should. It is left to writers to be critical. And that is exactly what I am going to do.

From a small beginning the Festival has grown to enormous proportions. In fact, it is disproportionate to the aspirations of the Indian community. Under the cloak of tradition, people flock to the Temple.

IN DEFENCE OF ST. AIDAN'S NURSES

Sweet senorita, is what many would prefer to call her. And why not. Attractive Ann French appeared in a number of sizzling Latin dances in B. C. Chetty's musical extravaganza which was staged at the Andhra Hall, Clairwood, recently.

UNPLEASANT INCIDENT ON NATAL BORDER

Dr. Naicker's Indian Centenary message

"WE MUST MARK THE OCCASION APPROPRIATELY"

NOVEMBER, 1960, will mark the centenary of the arrival of the Indians in South Africa—a hundred years of perseverance and struggle, of political suppression and oppression. And now the Indian people will have the opportunity of writing a glorious chapter of their trials and tribulations into the history and development of this country.

In what form is the community going to celebrate or commemorate the event? That is the task of the Indian Centenary Committee, which was formed last week. (See page three.) Dr. G. M. Naicker is president of the South African Indian Congress, who was elected in absentia as president of the Centenary Committee in the absence of the Indian people, and that the occasion must mark appropriately the community's contribution to all aspects of the life and progress of South Africa.
