South Africa's Blackest Hour

GET OUT OF YOUR HOMES!

BY OUR SPECIAL CORRESPONDENT

TODAY, August 2, 1957, Day of Doom for 25,000 people in the western areas of Johannesburg, must be the blackest hour in South Africa's history. This is the evil day on which these people should, by law, leave their homes for ghettoes in the veld. This ruthless inhumanity is but the forerunner of more savage treatment to be meted out to Indians and other non Europeans in other cities and towns throughout the country.

Power of Vicious Pass Law Being Abused

Commentary by "Politicus"

THE inter-provincial movement of Indians in the Union is banned under the Immigration Act. Indians living in one Province may not visit another Province except under the authority of a permit issued by the Immigration authorities, who function under the Department of the Interior. The ramifications of this pass system, which controls the movement of the Union's Indian citizens within the borders of our country, has been made in the most recents with the disclosures made by the president of the Natal Indian Teachers' Society about students who seek admission to the Universities.

A daughter of Mr. and the late Mr. Maharaj, of Durban her admission to the Grant Medical College was made possible through the personal efforts of the Indian Premier Mr. Jawaharlal Nehru. An ardent social worker she spends her leisure time in her sick children in Bombay. Injured May Seek Redress In Court

JOHANNESBURG, Thursday.—Mr. [illegible], Member of Parliament for [illegible], said today he had received a letter from a constituent who had been injured on January 26, when 18 people were killed after the police attacked a peaceful torchlight procession. The attitude on the part of the Minister of Justice, notwithstanding overwhelming evidence given in newspapers and other independent people mocking the police, may lead to Court action being taken by the injured persons. A Congress spokesman told me: "We will be compelled, in view of the Minister's attitude, to go to Court and there expose the full facts to the best of our ability."

BISHOP REEVES OFF THE RAILS

SEES ISLAM AS A DANGER IN UNION!

Commentary by "Politicus"

THE RIGHT REV. AMBROSE REEVES' views on race relations in the country are always treated with respect, even by such famous opponents as Mr. Eric Louw, whose recent caused an acrimonious battle with the Bishop though separated by some thousands of miles from him. It is therefore a thousand pities that one who generally agrees with the Bishop's forthright views on such topics as apartheid finds that on some occasions his views are, to say the least, provocative and distracted.

Unwed Mother at 15, 'Baby' drifted into a life of shame as a STREET WOMAN

BY A STAFF REPORTER

"HELLO DEAR! You want a good time? The husky whisper floated me from a darkened doorway as I left off home late through Durban's Indian business centre. No! I was in search of a good time but how I went and what a human story met my ears of horror and degradation. How could the attractive Indian girl who spoke to me have reduced to selling her body for money?

What was her story? I decided to stop alongside her to talk. We went to her dingy back room. She looked the doors and listened to unsure. Quietly I told her to stop that my only interest was to talk. Her name? "Don't call me Tabby" she said.

TEDDY BEAR OR FIERCE GRIZZLY?

APPEAL TO DR. DONGES THE MAN, THE HAPPY JOVIAL OUPA!

A BIG, AMIABLE TEDDY-BEAR was how a local journalist described Dr. Donges, the Minister of the Interior, in a delightful pen-picture of him. Dr. Donges, was recuperating at [illegible] after a stomach ulcer operation. The ulcer, Dr. Donges remarked jocularly on leaving hospital, was brought on not by the cares of State, but by his putting at golf. Indeed, Dr. Donges is a keen golf and cricket, and a very kindly old gentleman. That is the impression which the journalist interviewed him, strictly non-politically, came away with.

LOOKING down into the pit of death from Durban's Murder Bridge, Somtseu Road, the day scene is peaceful and normal. But at night the area you look at has seen assaults, robbery and murder. The Leader urges better lighting, more adequate policing, especially on Saturday and Sunday nights, and intensive night round ups of thugs. Now is the time for action — not after another murder!

VIEWED in its entirety, the present situation offers little feeling of optimism, says the annual report of the Durban Indian Child Welfare Society, to be submitted to the Society's annual general meeting this Saturday, August 31, at the Gandhi Hall.

CELLULOID ★ TRASH ★

WHEN are our Indian film producers and directors going to cut the notorious length of their films? Do they realise that it is in their own and their patrons' interest that they should restrict the length? What a sheer waste of celluloid it is, when more than half the film is devoted to farce, unnecessary scenes which sometimes border on stupidity, and irrelevant and boring songs and dances. As it stands today, some of their films are just devitalised lifeless amateurish trash.

MOTHERS MUST WORK: CHILDREN SUFFER

THE absence from home of mothers who are forced to take up some form of employment results in serious disorders on the proper care and treatment of their children in their tender years, says the 39th annual report of the Durban Indian Child Welfare Society, which was submitted to the society's annual general meeting last Saturday.
