WHY HAVE INDIANS LOST THEIR SOCCER SKILL?

MORE SPORT ON PAGE 14

Football Fixtures

ONLY five years ago, Indians were the kingpins of non-European soccer. Today they are well and truly beaten by the Africans and the Coloureds. Indian prestige has catapulted to such an extent that even the supporters view the future with misgiving.

Soccer officials sat back complacently and neglected the code to an alarming extent. The players of today fail to draw the thousands that used to throng to Curries Fountain five years ago. This of course is attributable to the fact that the soccer standard of today is at its lowest ebb.

Indian property worth £20 million in danger

FORTY THOUSAND people, with an estimated 10,000 dwellings valued at more than £20,000,000, will be uprooted if the zoning proposals under the Group Areas Act for Mayville, Cato Manor, Candella, Stella Hill and Manor Gardens are carried out by the City Council. These startling figures were disclosed by Mr. B. Barnabas, president of the Mayville Indian Ratepayers' Association, when he addressed a mass meeting of ratepayers on Sunday.

THE South African Guineas, first classic of the season, will be a big attraction at the Durban races at Greyville tomorrow, especially as it promises to be a contest well worthy of the occasion.

CENSORSHIP REPORT WILL LEAD TO "THOUGHT CONTROL"

THE Commission of Inquiry in regard to Undesirable Publications — let us just call it the Censorship Commission — has published its report after a lengthy, semi-secret investigation.

By its terms of reference — published in November, 1954 — the Commission was committed to "inquire into, report on and make recommendations in regard to (a) the most effective means of combating in view of the particular circumstances and the composition of the population of the Union the evil of indecent, offensive or harmful literature ..... The emphasis is mine.

Another attack on the liberties of the subject

IT HAS SUGGESTED THAT WAYS AND MEANS AND LAWS FOR THE SUPPRESSION OF OBJECTIONABLE LITERATURE BE DISPENSED WITH. OF COURSE, THAT THE GOVERNMENT WOULD ACCEPT ITS RECOMMENDATIONS GOES WITHOUT SAYING.

Mr. Nehru takes a holiday

MR. NEHRU in August completed ten years as Prime Minister of India. He is respected by East and West as one of the world's most influential leaders. As the disciple of, and successor to, Gandhi, Mr. Nehru has devoted his life to the service of his country, at considerable sacrifice of private life. One spell in prison lasted ten and a half years; today he reckons to work an 18-hour day.

But behind Mr. Nehru the private human, which both a character of the same from his kind-sensitive is even after the make-up of an ordinary man. The great Prime Minister enjoys a holiday as much as anyone else.

So wet, even the ducks went indoors!

HELLO JUNIORS!

The weather in the Banana City was so dreadfully unpleasant that even my ducks kept indoors! For a few days I was wallowing almost knee-deep in mud and water between my humble cottage and the bus stop. A ghastly experience for your slave-and Chatsham, but apparently a godsend to club members, who sent in inspired drawings of the underwater kingdom, capturing all the splendour and tartans of the Sea King's Palace.

THIS WEEK'S COMPETITION

WRITE about an interesting outdoor hobby. Tell us all about the work they do, the difficulties they face, and in your account is the best received, £1 in your pocket. Also we'll take a trip at the Indian Beach, Durban, Sundays and should help you to get there. Five lines!

Okay! Post your entries to "Chatsham" Junior Leader, 5 Victoria Arcade, Durban, as soon as you can. Closing dates Saturday next, October 12.

Mothers do not want so many children

WITHIN the Government of India's famous five-year plan, "family planning" propaganda has been given high priority. This is because Mr. Nehru and his Cabinet realise that to produce healthier and more robust children their numbers must be radically limited. The present birth rate in India is seven million per annum.

Contrary to the expectations of the country's statesmen, there was surprisingly little hostility to their plans, which cut right across the popularly-held belief that fertility is a divine gift. In a cross-country survey it was established that 60 per cent of the mothers and 70 per cent of the fathers wanted to learn a method which would enable them to limit the number of their children. The survey showed further that 73 per cent of the mothers did not want more than four children and the most that any of them wanted was six. On the other hand, 87 per cent of those same women believed that fertility was a divine mystery.

Childbirth has been the heavy burden of many Indian women. Many of the children born under adverse conditions, die before their first birthday. Infant mortality is 127 per 1,000 live births and every year 2,000 mothers die in childbirth.

Centres for educating the women have been established and specialists engaged to teach the methods of Ogino-Knaus — to explain to them the cycles of fertility and sterility. Professor Chandrasekhar, India's representative at the World Health Organisation, however, has declared that the only honourable way of dealing with the fast rising birth rate is through the introduction of artificial methods of birth control.

Meanwhile the "family planning" campaign goes ahead. The next decade should see a radical change in the outlook of millions of Indians who have never before considered that the number of children a couple has could be controlled by anything but fate.

MOKONE MIGHT HAVE BEEN EASIER FOR LINDA

by RINGSIDER

IT might have been a far safer proposition for Johnny Linda to have taken on Elijah Mokone in a return match in defence of his newly won South African lightweight title than to tangle on tonight with pugnacious Eddie "Cowshed" Mohane, another of the flyte sensations unearthed in the City of Gold.

This is the first boxing tournament ever to be held in Durban's Kedrome, and Scanlan & Theobalds had no easy task to obtain this venue for tonight's tie-ridden tournament. The results of a light at the Kedrome should attract more than a usual attendance at a boxing programme.

The origin and significance of Deepavali

by SWAMI NISCHALANANDA

THERE are many festivals observed by the Hindus. Amongst these, Diwali has a special attraction and everyone eagerly looks forward to this festival of lights. It is a festival that means many things to many people. To some it is the occasion of much merry-making and feasting, to bring pleasure to women in a form of new saris in their new caris and jewels and to children it brings great excitement, whilst to some it is a time of soul-searching and worship.

NATAL CRICKET SPLIT INTO TWO ZONES

AT a meeting of the Natal Indian Cricket Union, held at Durban last week-end, the Province was split into two zones — Southern and Northern Natal. The former embraces Durban and the coast, while Pietermaritzburg and the northern districts make up the Northern Natal zone. Southern Natal delegates were against absorbing the honorary life vice-presidents into the Natal Union, but the meeting agreed in principle to create a "Roll of Honour". The present life vice-presidents of the Natal body retain their status quo.

Congress demands votes for non-white

The Natal Indian Congress, at their annual general meeting on Sunday, passed a resolution urging the Durban City Council to consider taking active steps to grant full municipal voting rights to the non-Whites of the city.

HELLO BOYS,

Do you read the news? If not do, then here's your chance to win some pocket money that could buy you much more than one smile! You can send in as many entries as you like, but only on the printed form under the photographs on the right. To give everyone a better chance, I have decided to split the prize money of £1. RUSTENBURG (Transvaal): The three-day hearing of the Group Areas Board Committee in Rustenburg last week again brought to the fore the threat of ruin facing the town's 900 Indians. Evidence placed before the Committee showed that the Indians, whom it was now proposed to move, had settled in Rustenburg in 1885 when it was not much more than bare veld.

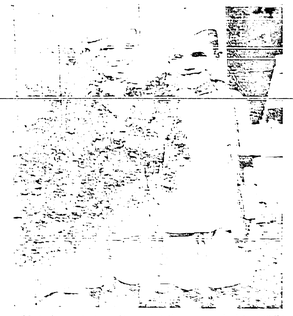
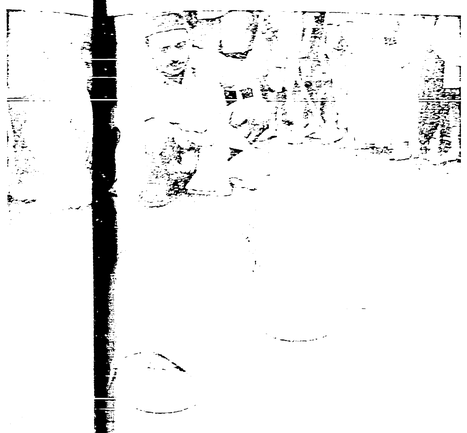
Pictures of the week

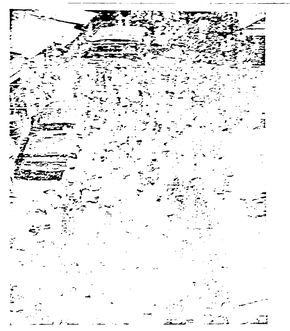


Most feared and deadly snake in the world is Russell's viper, venomous snakes as these two youngsters are doing.

A SMUTS attack on a South African Nationalist Party member on Empire as a "flying of colors worshipper" caused some excitement and a great deal of new amusement among the Indian community of the country. What was intended as a slight has turned out to be a source of general enjoyment for Indians in Natal as well as in the whole South African continent. For in Indian Locale the Union Jack has been at least as much in evidence as Durban, the Indian resident city has ever been. Indians are responsible for the sale of many millions of pounds of sugar in Natal and are now considered a force in the country.

Next Page





Scene at earthen pots, the cobras are taken in procession through the streets.

The festival starts in April and lasts for 40 days.

Watermark, the start of the ritual by ordering the cobras from the snake-charmers.

Snake-charmers are found in Natal, Natal is also famous for its sugar industry. Not many people, however, know that Natal is also famous for its snake-charmers. Professional snake-charmers are not allowed to indulge in this "dangerous" occupation.

But in Natal, Natal Indians are allowed to indulge in this occupation. Natal Indians are famous for their snake-charmers. Natal Indians are famous for their snake-charmers. Natal Indians are famous for their snake-charmers.

A 'HEROINE' BECAME A LEADING MAN

Love's pleading ignored

This week we continue with the feats and foibles of South Indian stars and we begin with the famous actor, A. Nageswara Rao. Beginning as a 'heroine' in many a Telegu drama in his younger days, he eventually established himself as a leading man. He went into films in 1941 and has so far made sixty pictures. Today he does justice to any male role.

SOCCER FEDERATION'S ANSWER TO COLOUR BAR

Will invite tourists

by LINESMAN

THE South African Soccer Federation, representative body of the non European game, having failed in recent talks in Durban with the Football Association of Southern Africa to persuade the Association to drop the colour bar in practice as well as theory, intends to invite teams from Ghana, Egypt and Ethiopia to tour the Union and play matches against South African non European teams.

Mr. P. R. Stoker, vice president of the European body, said on a private basis only, that it would assist the Federation to secure such non-White teams to the country and that the Association's officials would meet Federation officials abroad from time to time.

DURBAN BOWLERS WREAK HAVOC
