SOCCER FEDERATION'S ANSWER TO COLOUR BAR

Will invite tourists

by LINESMAN

THE South African Soccer Federation, representative body of the non European game, having failed in recent talks in Durban with the Football Association of Southern Africa to persuade the Association to drop the colour bar in practice as well as theory, intends to invite teams from Ghana, Egypt and Ethiopia to tour the Union and play matches against South African non European teams.

Mr. P. R. Stoker, vice president of the European body, said on a private basis, however, that it would assist the Federation to secure such non-White teams to the country and that the Association's officials would meet Federation officials at home and abroad from time to time.

DURBAN BOWLERS WREAK HAVOC

BOWLERS played havoc with the batsmen in matches played on Sundays at Springfield. The wet pitch gave the bowlers a great deal of assistance and runs were scarce. Centrals was the only side to pass the 100 mark. Soni scored a fifteen All to become the top scorer this season.

Pilgrimage to the sacred cave of Amarnath

THOUSANDS of pilgrims throng the sacred cave at Amarnath on Shravan Purnima (a full moonlit night in August).

Situated some 27 miles from Pahalgam, one of the loveliest vale spots in Kashmir, pilgrimage to this huge cave, containing the ice image or Lingam, is believed to wash off all worldly sins for millions of Hindus in India.

Led by the Mahant of Shankaracharya Math, who carries the chaste or sacred staff, the procession [illegible] and [illegible] horses. After a trek of eight miles over the steeped climb and other [illegible] mountain roads, the process[ion] soon comes to its last halt at Chandanwari situated at an altitude of 9,000 feet above sea level for an overnight stay. Early in the morning the procession continues its march over the fascinating snow bridge at Chandanwari and mountainous zigzag climbs up Pissu Ghati (one has sometimes to crawl on all fours [illegible] of its record-breaking places, Wasuki, at an altitude of 13,000 feet).

After [illegible] nine miles, after crossing Mahagunas Pass, and the last campsite ahead, Panchtarni, [illegible] altitude of 11,000 feet. After a night's halt the pilgrims proceed for the [illegible] Amarnath, situated at an altitude of 13,500 feet.

Here they bathe in the icy-cold waters of sacred Amarnath, then climb to the 150-feet-wide cave to perform the prescribed puja to the ice image.

QUEER FISH No. 2: The remora

The remora is one of the sucking fish of the tropics, whose main object in life is to obtain a free ride by attaching itself to a shark, turtle or even the bottom of a boat. A large oval disc on top of the head is equipped with soft fringes which enable the fish to secure a firm hold upon its host by powerful suction. In this way it ensures its presence at every meal and is able to avail itself of any leftovers. The natives of Zanzibar put this amazing propensity to good use. A line is attached to the tail of the remora, which is then permitted to select a host among the turtles. So powerful is the suction that once the fish has obtained a hold upon the shell both fish and turtle may be hauled back to the boat.

SOUTH COAST CRICKET DISPUTE BRINGS GAME TO A HALT

by RANJI

THE Natal South Coast District Indian Cricket Union and the South Coast Playing Indian Sports Trust are at logger-heads over the maintenance of the grounds and as a result the game has been brought to a standstill. No matches have been played this season.

South Coast has a population of about 70,000 Indians, and the game is very popular. In view of the financial position, the Cricket Union is unable to maintain the playing fields and the stadium and the Trust refuses to do so. The Cricket Union has therefore decided that it will not play on the grounds

60 TIMES A HERO

AHMED KAMDAR, a Durban Indian who left these shores a few months ago to seek film fame in India, has already got a foot on the lower rungs of the ladder. He has played as an extra in three films in Bombay.

In "Sardina" he appears in a classroom scene which takes about three minutes and in which he is not required to talk. In "Vyjanthimala" he appears in a drinking scene in a hotel while the dancer Indian dances on the stage. While she concludes her song and dance, Kamdar and another youngster get up from their chairs, pick up two girls and give a display of a hot rock 'n roll number. This dance lasts about three minutes.

Dilipkar Sawhney and Geeta Bali share a moment in relaxation on the set of "Gangaa Jee Jaa Jee". Geeta is apparently getting used to shock against the shirt of a guy from Chicago. Mehboob, the man who made Lower Normal, Water Sensation and Mare Pavani.

Russia's baby moon, affectionately called "Sputnik" by the Russians and the rest of the world, is still going round and round the earth. It is moving slower now, but it is still very much alive. I am sure you know lots about the baby moon because the newspapers have been so full of it. No one, except the Russians, really know how it is designed. All we know is that it is round, 23 inches in diameter, and has a number of long things like the devil thorn coming out of it to send out radio signals to our earth.

SOCCER FEDERATION ASKS FOR AFFILIATION TO F.I.F.A.

More Sport on page 16

By LINESMAN

THE South African Soccer Federation is optimistic that it will obtain affiliation to F.I.F.A., the body governing international soccer, Mr. George [illegible], the secretary, told me in an interview.

An application for the Union's affiliation to F.I.F.A. has been placed on F.I.F.A. agenda for 1958, and the most favourable consideration indicated appears to be assured unless there should be unexpected international difficulties as the representative body in South Africa.

2,000 INDIAN TEACHERS IN NATAL OPPOSE VARSITY BILL

A MEMORANDUM submitted to the Commission on University Apartheid by the Natal Indian Teachers' Society, representing the considered views of 2,000 Indian teachers serving in the Province, states that the right to enter the university of one's choice is fundamental to freedom in a democracy, and its denial to anyone therefore constitutes an assault on personal liberties.

QUEER FISH No. 3: The Archer

See astonishing as the manner in which the archer fish obtains the bulk of its food, that the scientists have interested with two names from Greek mythology. Toxotes jaculator because the archer, and Jaculator the dart-thrower.

Swimming beneath the surface of the water, the archer watches the overhanging vegetation and insects. But on other insect-rich within range to spurt on head and with unerring accuracy. The unsuspecting victim knocked off the leaf by the small globule of water falls to the surface, and in a flash has been snapped into the wide mouth of the ambitious hunter's archer.

Although a native of Asia, the archer fish is found in Australia, Java and Malaya from Eastern India to New Guinea.

INTER-RACE CRICKET BOARD 'UNDER FIRE'

Return of Kenya four levy sought

by C. G. MOODLEY

THE Natal Inter-race Cricket Board of Control again came under fire at the council meeting of the Natal Indian Cricket Union, held at Pietermaritzburg last Sunday. Pietermaritzburg clubs are up in arms over the non materialisation of the expected repayment of the Kenya tour levy imposed on them last year.

A letter from Mr. M. R. Varachia, secretary of the South African Cricket Federation, in which he advocated the establishment of inter-race cricket boards of control on a provisional basis pending further details.

CALL FOR NON-VIOLENT FIGHT FOR FREEDOM

ABOVE: Mr. Goolam Meeka, on the African National Congress platform during the fourth provincial conference of the Natal Indian Congress, which he opened in Durban last Friday. Seated in front of him are Mr. V. Lawrence (who presided), Officers of the Congress and Mr. H. S. Parker (who represented Bishop Ambrose Reeves), and Mr. Abdul Mahomed, of the N.I.C. (who represented Bishop Reeves). A section of the large audience can be seen in the foreground.

Mr. Lawrence told his audience: "If downtrodden humanity makes its supplications to Almighty God, who is the giver of all gift and graces, the authorities cannot and dare not turn a deaf ear, for God is not mocked, and just as Abel's blood cried to heaven for vengeance on Cain, so will a day of retribution be sure to follow as night follows day.

A LETTER I SHOULD NOT HAVE OPENED

(With apologies to the "Sunday Express")

The secret amendments to Group Areas Act

FOR some weeks past, the Johannesburg "Sunday Express" has written a series of editorials in the form of "A letter we should never have opened". Of course, the letter has been a purely imaginary one. No such private or confidential letter has been written by the party mentioned.

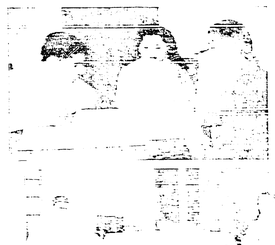
BEAUTIFUL, HIGH-UP AND HEALTHY

Follow the example of this wise couple!

"Collected by car from our rented house, we were soon looking at some of the wonderful view-site lots in Durban's largest suburb — first developing RESERVOIR HILLS — our first surprise was that to own our own home would cost us less than we were paying in rent!"



"We then decided plans for our new home under the Company's FREE ARCHITECTURAL SERVICE. We had the home of our choice designed FREE. Municipal approval of plans was attended to for us. A bond with interest at only 4½% p.a. was obtained for us free of charge. All this more than saved the deposit on the stand, we didn't have to build until we wanted to."

"We found everything with our new home was 'going well' and the builder was always [illegible]"

Now here we are — happily living amongst our friends and neighbours in the most delightful surroundings imaginable in RESERVOIR HILLS. Really, it costs you nothing to find out about either land or home ownership at Durban's established favourite for the Indian Community. RESERVOIR HILLS.

HELLO MEMBERS.

Most of you must now be in the throes of an examination. Many schools, I know, have already completed their examinations, and the agony of waiting for the results must be unbearable, especially for the lame, sick and lazy!

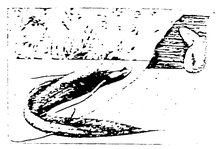
THE SQUARE CUT

QUEER FISH No. 6: The Lung Fish



These strange fish live in the swamps of tropical Africa. Long periods of drought may dry up the pools in which they normally dwell.

At the approach of the dry season the fish burrows into the soft mud and there they secrete round themselves a cocoon-like covering of mucus, which contains in the liquid, hardening mud.

Breathing by means of their well developed lungs, they obtain air through the small opening which leads from the mouth of the burrow.

When the rains set in the fish emerges from its burrow and once more takes to the water.

WILL INDIAN SOCCER REGAIN ITS LOST GLORY NEXT YEAR?

More sport on pages 19 and 20

by LINESMAN

THE thirty second annual general meeting of the Durban Indian Sports Ground Association scheduled to be held in Durban on Thursday of this week assumes great importance because the coming year will be a rejuvenated Association with a stadium second to none amongst the non European sporting fraternity in the country. The temporary suspension of Currie's Fountain has been chiefly responsible for the decline in our standard of play and this in itself is an indication of the significant role this historic arena played in our sport.

INDIAN SOCCER PLAYERS ARE FAR LESS FIT THAN AFRICANS

THE Durban Indian Football Association wound up its season on Thursday, November 21, with a social. Messrs. S. L. Singh (H.L.V.F.), K. M. Pillay (H.L.V.F.), A. Harry Naidoo (chairman S.A.I.F.A.), Kitty Samuels (treasurer, S.A.I.F.A.) were among those present.

Mr. R. S. Naidoo, president of the Durban Indian Football Association, and (seated) the players and officials at the winding-up banquet of the Association season at Bhagat's Restaurant last week. L. to R. (back) Messrs. G. V. Naidoo, R. S. Govender, R. K. Naidoo, K. Samuels, Harry Naidoo and M. Pillay.

Optimism high in football circles

Mr. Naidoo stated with emphasis that the Indian player of today was far behind his African counterpart as far as physical fitness is concerned. Unless he remedied this position every soccer honour fell into the lap of the Africans like an overripe apple.

He said that their devotion and zeal was worthy of record and he cherished the hope that they would continue to serve the Association.

Player of the year

A. Ramchunder, captain of North Rangers Football Club, receives Junior Moonlighters trophy from Mr. G. V. Naidoo, president of the Durban Indian Football Association.
