NOW ITS DARTS FOR THE BIG TIME

—SAYS RONNIE GOVENDER

MAN, this really is an era of dramatic progress in world-wide sport. Not only is the standard of our sport soaring to great heights but commendable work is being done in the organising of our sport on a national scale. And the success of these organisations is due mostly to the dedication and ingenuity of a few extreme individuals who put service before self.

MR. PATHER CONDEMNS CHINESE INVADERS

One of the first items on Bhamba Nellan's list—to the country—said Mr. P. R. Pather when he saw Pirmilla Naidoo performing this difficult traditional dance at the Natal Tamil Vedic Hall on Saturday afternoon. In this characteristic pose Miss Naidoo clearly exhibits poise and skill, which stem more from natural ability than intensive training, for she had only a few weeks to learn some of the intricate movements and expressions of the dance. Miss Naidoo, a pupil at the Durban Indian Girls' High School, said that she would love to go to India and study under the great masters there.

Banish this dastardly death trap

THE CENTENARY TRUST

THE Indian Centenary Committee has £50,000 Trust Fund would be handed over to mark the commemoration of the centenary of the first Indian settlers in Natal in 1960.

It is envisaged that contributions would be from Indians in Natal, but that all Natal Indians regard be made should be eligible for the loans, loan-bursaries and scholarships under the

IRELY A GOOD THING. IT IS A SIGN THE COMMUNITY IS COMING OF AGE. STEPPING AWAY FROM A PHASE IN WHICH IT HAS BEEN TOO BUSY LOOKING AT ITSELF TO PROGRESS.

It is notable that a community that is a penance for the Indians in the Union is represented with duty, all the kith, holiness would a stranger if prejudice and misunderstanding of and consideration.

It is, therefore, a significant step in the community that, when it comes to centenary, it says itself as part and South African community, bound for the would with the destiny of the land. It says by the full committee whether the Trust Indians only or whether they should be open to all the population.

Also significant is that, instead of contributing to the fund, all these Indians

Star waited 50 years for right role

It took actor Charles Coburn more than half a century of acting before he landed a role he had wanted to play since he first stepped on to the stage in his home town of Georgia to portray a member of the cast of "The Mikado" who had suddenly fallen ill.

The role was that of Benjamin Franklin, and after numerous see Coburn's portrayal of the famous historical figure in "John Paul Jones," a Samuel Bronston production for Warner Bros. they will understand why.

He was to waited in appearing for the role that he needed only to add some hair to his somewhat sparsely covered pate and change his familiar monocle for the spectacular-shaped glasses worn by Franklin to be a perfect study of the noted author and statesman.

Over the years he has set out to play Franklin on the stage and three to portray him on the screen," says Coburn, at the "John Paul Jones" set was the first I came across that presented him as I had always pictured him.

In the film, he's shown in his seventies when he played such an important part in history as the American Commissioner to France at the court of Louis XVI. All the others played his activities as an envoy instead of the man of letters and diplomat that he really was. The minute I read the script I knew I had found the interpretation of Franklin I had been waiting for."

In "Paul John Jones" which is coming soon to this country, Coburn co-stars with Robert Stack, who enacts the title role, Marisa Pavan, Erin O'Brien and Bette Davis in a guest star appearance as Catherine the Great of Russia. John Farrow directed the Technicolor production for Warner Bros.

'HORROR' STARS ARE RE-UNITED

PETER CUSHING and Christopher Lee are back by popular demand as co-stars with beautiful, French-born actress Yvonne Furneaux in Universal - International's new, soon-to-be-seen horror film "The Mummy."

After first attracting attention in America a couple of years ago in a film called "The Curse of Franken-tein," they followed up sensationally last year in the "Horror of Dracula" and as a result of their phenomenal success as hunter and hunted, they have been brought back now for the third time by popular demand in "The Mummy." Christopher Lee plays the title role and Peter Cushing his antagonist who finally succeeds in bringing the terror to an end.

"The Mummy" is a complete remake of the film story originally made in Hollywood over twenty years ago with Boris Karloff in the title role, and tells the story of an Egyptian High Priest chosen to guard the tomb of a dead princess, who returns to life as a ghastly creature 3,000 years later for the express purpose of destroying the team of modern archaeologists who have "violated" the tomb.

Lees are also in Hammer's "The Hound of the Baskervilles" which will also star Peter Cushing as Sherlock Holmes, the famous Baker Street criminologist, and Christopher Lee is Sir Henry Baskerville, the man whose life is endangered by the terrifying Dartmoor hell hound.

"The Mummy" was produced by Michael Carreras and directed by Terence Fisher from a screenplay by Jimmy (Master-of-the-Macabre) Sangster, the identical production team responsible for the "Dracula" and "Frankenstein" successes.

"I'm pretty terrifying" says star

SACHA GUITRY'S production of "Napoleon" is the second film selected by the International Film Society to be screened for its members on Sunday, November 8, at 5-0 p.m., at the Naaz Cinema.

Produced in Technicolor, "Napoleon" is one of the last films to be made by the great Sacha Guitry, whose death was a great loss to the world of art and entertainment.

Made with the blessings of the French Government, the film is a production of interest, portraits and episodes Napoleon every known actor of the French theatre appears in it from Gaston Modot, ... WHY DON'T BLACK BOXERS GET EMPIRE RATINGS?

WE'VE had some pretty frothy talk lately about Black boxers being left out of Empire ratings. And as usual our gallant Liberty, Equality and Fraternity clan has been spitting fire and fume. But the banana really goes to that quixotic critic who charged the British Board of Control with having deliberately discounted and discriminated against South African non-White boxers.

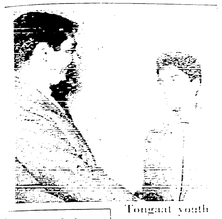
FORDER FORMULA RESULTS IN COUNCIL EXPERIMENT



Tongaat youth wins £250

Indian committee formed

FROM HERE, the focal point of interest ever since the announcement of the Forder formula for giving Indians some sort of representation in the civic affairs of the various municipalities of Natal, has now gone a step further.

Councillor J. J. W. van Schalkwyk said that the "urgent" situation of locating Indian representation had been the subject of prayer. He felt that some beginning had to be made and he was happy that Durnacol has initiated this scheme.

THE following is an extract from the letter of Mr. Johan Gerrittse, to Mr. L. N. Evans, Director of the Durban City Council's Parks, Recreation and Beaches Department, which was read at a meeting of the Beaches Committee on Tuesday:

"I would point out that a number of unruly persons of mixed colour have been causing a nuisance on the Bathing Pavilion premises and are unable to control them.

"In the case of our Deputy, even the damage amounts of the bathing suits we had issued to Tenants to change were not paid for. Some of the new shower cubicles at the Sydenham Tennis Courts were damaged on September 27. Until these persons find the money to pay for the damage committed by them, the Council will not issue any more bathing suits to them."

Council playing field wrecked by hooligans

THE Indian community either does not appreciate the gesture of the local authorities in providing amenities such as parks, grounds and playing fields or has not yet reached that stage where it would appreciate the real value of such amenities.

He said that the acceptance by the Indian community of Edmond of the cooperation will create and enhance the already cooperative and cordial inter-relationship which exists between the Durban Town Council and the Indian community.

Mr. Govender said that the council had been taken on a trip [illegible] by the neighbourhood boys found by breaking the gates and damaging fencing, the basketball posts stolen and the turf torn by the driving of ball by cricket, and footballers destroying the turf on cricket ground.

WITH C. G. MOODLEY

INDIAN market gardeners were the worst sufferers in the most violent hailstorm Pietermaritzburg has experienced for 25 years. Their gardens were stripped of vegetation while the streets raged for almost an hour on Saturday afternoon. A Ramsbottom grower lost all his poultry. When the storm-water receded from the hillside into his lowlying

Covering their heads with a sheet or canvas, the members of the family gathered the last cries while the other members were marooned in their huts.

Meanwhile the hailstones had wrecked the Padayachee garden and killed his flock of fowls.

As if that damage was not sufficient, the Padayachee home was flooded and frightened women and children climbed on top of tables and beds as the waters rose to about 4ft. high. After the mourners had returned from the graveyard four Indian City residents helped to clear up the debris.

TALK OF THE BAZAAR
by The Fakir

THE Group Areas Board is going to have its time cut out when it sits in Durban in three months' time. The Board will of course meet partly to consider proposals for disposessing our Borough Indian owners of property they lawfully acquired.

Some members are, however, disgruntled over the apparently large number of appeals that actually will be heard. Realising the difficulties our Indian friends must get into considerations, but perhaps they might devise some stream that won't give rise to complaints which appear to be on the fact of it not completely without justification.

Floodlit soccer grant

THE South Coast Indian Football Association has been credited in having in contribution for a £722 Grant-in-Aid from the Local Council for the erection of floodlights on the Association's sports ground at Asherfield Road, Chatsworth, approved by the Council's Sub-Committee for Finance.

The Recreational Purposes Committee has recommended to the Finance Committee for the approval of the Council accordingly that the Association bear costs of installation and the subsequent maintenance and running of the equipment, estimated at £279 p.a., and that the Association pay a hire charge of £12 12s. 6d. per month for the use of the floodlights, provided that these considerations may be revised only by the Electrical Engineer's Department in the account of the Association and that the Association be free to use the floodlights on not more than 10 occasions per year for all cricketing purposes at an approximate rate of 12 shillings per hour.

The Finance Committee agreed to the recommendation of the Grant-in-Aid, but a financial point of view.

MR. NGUBANE HAS TWO OBSESSIONS ABOUT INDIANS

Sir,—The ever-recurring, never-ending stream of anti-Indian virulence poured forth in a continuous flow by Mr. Jordan Ngubane is suggestive of nothing so much as a cobra with its poison spitting fang shaped like a municipal water tap. What is it that impels him to make such a serpentine exhibition of himself? Analyse him and you will find that his whole ugly output in its entirety ensues from a morbid brooding over the following two obsessions.

They are (1) That Indians are equal. Do the Nationalists mount the Africans as an inferior race or are they different and do they discriminate against them, and (2) about ranging every Indian and African as an equal. Teachers' Society property — 'For and against'

SOME Indian teachers in Natal seem to be divided in their opinion in regard to the purchase by the Natal Indian Teachers' Society of the property of the Full Gospel Church at the corner of Albert and Beatrice Streets, Durban.

When asked for his views, A. D. Lazarus, President of the Natal Indian Teachers' Society, said that the teacher has responsibilities and that the Society's activities are limited by its resources.

IN KEEPING

"A fifty per cent. building grant would have been obtained from the Provincial Administration and there would also have been the possibility of a loan. Several hundred children would have been provided with educational facilities which is more in keeping with the aims and objects of the Teachers' Society," he said.

TALK OF THE BAZAAR

by The Fakir

IT was good that there was such a magnificent turn-out to the official opening last week of "Ukehlaseni," the children's home established in Sea Cow Lake by the Durban Indian Child Welfare Society. The attendance has been estimated at something like 1,100, and was certainly indicative of the keen sympathy that is felt for the work of this organization.
