FANTASTIC PRIZES OFFERED AT DURBAN CHARITY FAIR

SOME of the most fantastic prizes ever given away in any contest organised by non-Europeans — they include a free trip to Paris and a brand new motorcar — will be offered at one of the biggest bazaars and fairs to be held in the country, when five sponsors hold a mammoth Freedom Fair at Currie's Fountain, Durban, for ten days beginning on December 23, in a fund-raising effort for the various charities.

Long-tailed lady with a broad smile is Sharon Singh, who played the part of queen Guinevah in Eugene's Sacrilege, presented by the Clairwood Indian High School. Last year Miss Singh took the part of Mrs Pierce in the school's production of Pygmalion, and in 1956 she had a part in the Chinese Comedy. She is the daughter of Mr. and Mrs. H. B. Singh, of Malvern.

In the shopkeepers, Dr. Naicker said: "We appeal to you to give us as much as you possibly can. We would be content with goods that are saleable and unsaleable."

Householders are asked to rummage through their wardrobe and spare rooms, and anything they did not want, would help to raise a few pounds for charity. "No matter how small the article is it will be welcome," Dr. Naicker said.

DARUL YATAMA WAL MASAKEEN

THERE is an institution in Durban with the odd name of Darul Yatama Wal Masakeen. The name is Arabic and as you can see, is as difficult to pronounce as it is to spell. That's why most people refer to the Darul, etc., simply as The Muslim Orphanage.

The building stands in Eat South Highway, Durban. Recently some ... when the ... determined to try and see that every needy child who asks is given the necessary books.

Look into your book-lockers, won't you? I know ... and how many discarded text-books there are lying around. Here's a chance to put them to good use. Those left at the "Leader" offices will gladly be handed over. And if you can send a donation, the address of the Muslim Orphanage is 1029 Eat South Highway, Durban.

Picture what it means to a boy or girl of your family when parents ... cannot afford to buy the ... text book.

REMBRANDT BURSARY COMPETITION.

ANNOUNCEMENT TO ALL SCHOOL PRINCIPALS

Dear Principal,

Your school has a vital interest in the announcement this year of the Provincial Bursary Competition.

This competition has been established in collaboration with the Cape Provincial Committee, the Department of Education in the Cape Province and Publicity Association of South Africa, and the Department of Bantu Education and Coloured Affairs.

The theme for the year to inspire an entry from every school will be "Every Home and Field Beautiful". Entry forms will be issued to pupils in Standard 5 and 6 (Forms I and II) at the beginning of the new school year in January.

The principal objective may well be to inspire every pupil to express himself or herself creatively in terms of the theme, and to develop a sense of appreciation for the beauty around him or her. Every pupil should be encouraged to enter.

Entry forms will be issued to pupils in art classes, and it will be the responsibility of the art teacher to see that every pupil receives a copy.

Pupils may enter any one of the four sections, namely, oil painting, water colour painting, pencil drawing, or poster work. Each entry must be accompanied by a completed entry form, which must be signed by the pupil's parent or guardian, and by the principal of the school.

Entries will close on March 31st, 1960, and must reach the Rembrandt Bursary Fund, P.O. Box 4254, Cape Town, by that date.

The winner in each of the four sections will receive a Rembrandt Bursary for pre-matric art study (courses of at least three years' duration are envisaged), with a gold medal from the Union Corporation. In addition, an additional award, a second prize of £100, and a third prize of £50 will be given in each section, while other entries will receive certificates of commendation.

The selection of leading photographs and other well-known entries from each year will be on display in Cape Town during April, under the Chairmanship of Prof. M. Rabinowitz, Director of the Michaelis Art Gallery, to decide on the winners.

While the judging is taking place in Cape Town, all works will be publicly exhibited. Prize-winning works, as well as some others specially selected by the judges, will be exhibited as part of the Union Festival Art Exhibition in Pretoria-in from 21st to 31st May, 1960. It is also intended to arrange exhibitions in other main centres of the Union.

Cordially yours,

REMBRANDT BURSARY FUND.

THE ART OF RAM GOPAL

. . . a purist in the fullest sense

AMONG the pioneers of the renaissance of Indian dancing Ram Gopal occupies a prominent role. His technique combines a sinuous grace of limbs and a precision of rhythm —the probable result of being the son of a Rajasthan father and a Burmese mother. At a very early age, his talent was discovered by the French dancer La Meri who immediately whisked him off to Europe, where he came under the protective guidance of Alexander Jania, a famous lover of art in all its forms. Ram Gopal's style, grace and individuality drew crowds to his performances. After his first taste of success, Ram Gopal settled down to a really serious contemplation of the art of the dance and how best he could convey its deep significance to other countries.

Point VIII

The "Commonwealth Exhibition," which brilliantly depicts the growth and development of the Commonwealth, was recently opened in Liverpool by Her Royal Highness Princess Margaret. "The Commonwealth," she said, "now contains 660-million people, living together in independence, harmony and constant consultation with one another and representing a quarter of the world's population. Here Miss M. I. Goode of the Colonial Office in London studies the posters that illustrate the main products and industries of the member countries.

Threat to non-white builders

NON-WHITES in the building industry are under the threat of unemployment, if steps are not taken to

The Indian Master Builders' Association has submitted a memorandum to the Industrial Tribunal, which was published by us last week. Builders are vote for Indian building contractors in over 1,500 wards. In Durban alone, 500 artisans are registered with the Association.

The memorandum points out, that there has been no substantial increase in the number of any section in Natal's building industry, and that the Industrial Tribunal is dead with regulations. It also stated that

[illegible] RESERVATION SPELLS [illegible] EMPLOYMENT FOR NON-WHITES. THE DOORS OF OPPORTUNITY MUST ALSO BE OPENED TO THE NON-WHITE [illegible] AND CLOSED PURPOSE OF THAT [illegible] IS MEANT."

Begging jobs for school-leavers

FOR several years, Mr. A. D. Lazarus, principal of Sastri and president of the Natal Indian Teachers' Society, has been knocking at the doors of commercial firms, begging jobs for young Indian lads capable not without but barred by colour prejudice. These young people have had some education; they want work so that they may make their contribution to their families, to their community and to the country. Commerce is crying out for efficient clerical staff, but stupid South African "traditions" stand in the way. "Only Whites need apply" is the implied tag to vacancies advertised.

EXCELLENT BANQUET MARRED BY UGLY PERSONAL REMARKS

MAYVILLE'S star-studded Clares Cricket Club spared no effort in celebrating their 21st birthday and their out-standing achievements last season in grand style at the Lotus Club on Friday night. Their banquet was an enormously enjoyable one and in the capable hands of the sporting Virginia Strikers. Everything was running smoothly and happily until an official of the club, one D. R. Harry got up to speak.

ATHLETES ON TRIAL AT ASHERVILLE

By R. S. GOVENDER

SOME of Natal's prominent athletes who failed into obscurity after the national championships held at Kings Park Stadium in January this year, are to appear on a refresher programme at the Asherville Ground on Sunday, December 13. Not that the athletes went into a voluntary "rest period" but because of our sad factor no track.

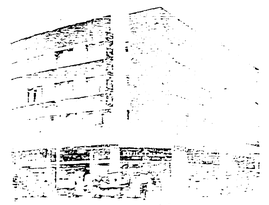
SCATHING ATTACK ON EDUCATION SYSTEM



The imposing building houses the Natal Education Department in Durban. It is the first of its kind for non-Europeans in Southern Africa, which will be officially opened by His Worship the Mayor of Durban, Cr. A. A. Milne, this Friday.

IN a scathing attack on the educational system of South Africa, Mr. C. K. Hill, a member of the Liberal Party, told the Human Rights meeting in Durban last week that many White youths look up on their education, although they lacked the academic merit for entrance, because their parents had the money, and "because of the ideas about White supremacy make them think that they are to be given preferential lessons for which they have no natural gift."

No more schools to be built for Indians in Maritzburg

THE Natal Education Department will not sanction the building of any more schools for Indian children within the Pietermaritzburg City limits, but favourable consideration will be given to plans for the extension or rebuilding on the Northdale area. That was the text of a reply received by the Sub-Nicholas School Board.

"INDIANS AND AFRICANS ARE BROTHERS"

— Naicker

Mr. Govan Mbeki, the non-European medical student who represents natives on the Joint Committee of Red Cross Detachment No. 78, who rescued two boys during the floods which swept people at Merrivale, then swept to safe from disaster. Earlier this month the Durban Red Cross presented Mr. Naicker and Mr. A. B. Xuma with engraved and gold-mesh wallet respectively in appreciation.

WIDESPREAD BELIEF IN MAGIC IN INDIA

Ancient practices

Belief in magic is widespread in India, and is shared by Hindus and Indonesians. For the fisherman's little child, which gets pierced with pins, there is the black doll which relieves the pains. Ward off a Beam from the roof of their new home so that it, and not the inhabitants, may attract disaster.

Rama the robber finds God

THE crowing of the cock caused old Rama to stir in his sleep. This was unusual, for he was generally fairly alert about getting up. Remembering his appointment with Sai Baba, he rose from his bed and exercised his arms. Rama was longevity. He dressed himself and for the first time had breakfast with his son Hari. Their breakfast consisted of "chapatis" and a mug of steaming hot, fragrant coffee.

Around the Capital

WITH C. G. MOODLEY

NO more new State-aided schools may be built for Indian children within the P... burg City limits. School accommodation plans for Rossburgh and in the Northdale area, however, will receive the blessing of the Natal Education Department.

Poor organisation

POOR organisation was also responsible for the Northdale Social Club's unsuccessful attempt at raising funds with which to help on to secondary education needy, but promising students from the township.

I hope that I am not being too critical. It may have been due to inexperience, but had the club officials and their helpers gone into the hotel dining-room during the ninth hour, they might have secured a number of names for the second draw at a local cinema on December 23.

Mr. K. P. Nadasen is the club's chairman with Mr. A. J. Naicker and Mr. B. C. Nadasen (joint secretaries) and Mr. M. R. Maharaj (treasurer).

Here I might mention that what caught my eye at the Tay fete on Saturday was the great local flair and common uniforms worn by the stall and tea-room assistants.

Mr. Gladstone Moodley said that he had experimental powers to help those in the townships and he has also the support and sympathy of Mr. Nadasen and Mr. Maharaj.

I understand that it was for the Northdale area that the Education Department was asked to provide a school.

LONELY AND HUNGRY AT CHRISTMAS TIME

WHILE the world will be celebrating the birth of the Child Christ, and also when the New Year will be ushered in with much merry-making and feasting, in an obscure corner of Durban, 14 people, among whom are eleven children, will be thanking their Heavenly Father that this Christmas will not be like the previous ones, when they had to go hungry or feed on plain porridge.

DR. BANDA WILL NOT SEE COMMISSION

Boycott "by all Nationalists"

LONDON.

THREE leaders of the African Congress movement in the Federation of Rhodesia and Nyasaland, known as more nationalist in outlook than Mr. Harry Nkumbula, would not give evidence to the Monckton Commission that visited the three areas of the Federation to examine the proposals for constitutional changes. They said the Labour Party, host to the visiting delegation, had told them it would express all the views that the Commission wanted to hear, and they would therefore be sending a written memorandum to the Commission. Mr. Nkumbula, Mr. Kanyama Chiume and Mr. Dauti Kapwepwe, leaders of the Nyasaland African National Congress, will be called as witnesses under protection.

TALK OF THE BAZAAR

by The Fakir

THE vast majority of Indians in South Africa are dismayed at the news that the organised Church in the U. Mahatma Gandhi (himself, of course, that was a good Hindu, he was also a good Christian. He claimed that every good Christian could be a good Hindu, for the principles and the philosophy that govern both are perfectly reconcilable. But here, apparently, is the Indian people — not the organised Church — is prepared to go to the extreme length of Christ is a prophet.
