INDIANS v. PANTS

RONNIE GOVENDER SAYS:

A tragedy for white sportsmen—but bravo S.A.S.A.

WITH the Government ruling that there shall be no mixed sport within the Union, a cruel blow has been struck the White South African sportsman who as a result now finds himself on the brink of isolation from the world sporting arena.

With the international sporting organisations such as the International Olympic Committee, the Federation of International Football Associations and the world cricket body avowedly against any discrimination on the basis of race, colour or creed, there will be no option now for these organisations to exclude the presently affiliated all-White South African bodies.

As a result of growing world pressure, particularly in recent years by the now very powerful South African Sports Association, world organisations, especially the LOCOG and the Cricket Association, tried to settle the matter amicably in the mutual benefit of both the Europ. Whites and non-Whites.

The South African White bodies were given time to set things right but now with the recent Government ruling there can be no acceptable solution.

These international bodies will, it seems, follow the drastic steps of the International Table Tennis Union who expelled the all-White body and accepted the non-White African Table Tennis Board.

While non-racial sporting organisations will now be accepted internationally, there is little doubt that the isolation will only be theoretical. As in the case of the African Table Tennis Board, it is extremely unlikely that visas will be granted for local teams to tour overseas countries.

Which leaves us in a rat hole of stagnation, with no hope in any case, of allowing the arrangement to succeed on both White's and non-White's soil.

Local non-White's will be forced to seek local competition, the standard will naturally sink to a big drop in our already high sporting standards.

The picture is no doubt a sorry one and is not the type of sportsman would like to see happen.

FIRST DETAILS OF NEW HOUSING SCHEME

A lovely guest at a dinner given by the management of the Admiral Hotel on Monday night was Miss Maureen Lazarus. The dinner was in honour of Sam's Latin kings, winners of the recent hand contest. Maureen is following in the footsteps of her sister Rita, winner of the "Miss Durban Plus" contest and who was chosen "Centenary Queen" at a ball held at the Durban City Hall recently.

THE Durban City Council plans to build 4,846 houses at Chatsworth as the initial part of the Indian Housing Scheme which will eventually cost £24,000,000. For the first time "The Leader" is able to publish details of what these houses will cost for those who are interested.

Teachers to present "The Mikado"

THE music sub-committee of the Natal Indian Teachers' Society is presenting the world-famous Gilbert and Sullivan opera "The Mikado" at the Orient Hall on December 8, 9 and 10, at 7.45 p.m., under the patronage of the Administrator of Natal, Mr. A. E. Trollip and Mrs. Trollip.

According to Miss S. M. Lawrence, chairman of the sub-committee, "The Mikado" is being produced on a lavish scale, with outstanding costumes, and acting of an exceptionally high standard.

The opera is being produced by Mr. Teddy Browne, who is an authority on Gilbert and Sullivan operas, and a well-known actor. The music direction is by Mr. Patrick Hooke, music master at the Springfield Training College.

More than 50 performers are by the cast and compose men and women in all walks of life from housewives and teachers to factory workers. All of them have been given a thorough training, and it promises to be an enjoyable show.

The principals are Douglas Joseph, John Prakasam, Maynard Pete, Mara Singh, Mary-Jane Naicker, Lawrence Joseph, Ann Thompson, Karen Pillay, S. Pather, and a chorus of men and girls.

More than £200 has been spent to produce the opera, and the aim is to create interest and the advancement of music and dramatic work in the Indian community.

The Gilbert and Sullivan operas take a unique place in English musical life.

"The Mikado" is the most popular of all Gilbert and Sullivan operas. The special attractions are scenes and costumes, corresponding gaiety and an atmosphere of cheerfun a veritable feast of humour.

At the time the opera was written (1884-85) Japan was emerging from medieval obscurity. Exciting Japanese art things, romance and exotica. The timing of the opera in connection with the Japanese exhibition at Knightsbridge, England, was a most piece of Gilbertian showmanship.

This is the first time that "The Mikado" is being acted and staged by Indians in South Africa.

WE ARE FAR FROM FREEDOM IN S.A.

Dr Brookes

THE South African Institute of Race Relations has no illusions about the difficulties that lie ahead in the struggle for freedom in South Africa, Dr. Alan Paton, president of the Institute, told a meeting of Pietermaritzburg members and friends at the Y.M.C.A. on Thursday night.

Dr. Paton, who was introduced by Mr. Leslie Rubin, Q.C., Natal chairman, and Mr. J. S. Haigh, a Pietermaritz advocate, of Durban and chairman of the Natal Indian Congress Committee.

"We are far from freedom in South Africa," said Dr. Paton. "There is no freedom of movement, no freedom of speech, no freedom of assembly, no freedom of association, no freedom to worship as one pleases, no freedom to choose one's own leaders, no freedom to choose one's own rulers, no freedom to choose one's own place of residence, no freedom to choose one's own work, no freedom to choose one's own education, no freedom to choose one's own way of life, no freedom to choose one's own way of death.

"Far from regarding identity with the African people as a crime, we regard it as a privilege. We are not ashamed of it. We are not afraid of it. We are not afraid of the consequences of it. We are not afraid of the consequences of it. We are not afraid of the consequences of it.

"BASIC VALUE"

IT has been the general experience of those affected by all-engulfing Group Areas Act and the Group Development Act, that the valuations placed on unsuitable affected areas, have little, if any bearing, is commonly regarded as market value.

We do not here question the bona fides of the Valuators who no doubt are doing their best of the law, to the best of their ability.

Yet, the pattern of value with no alternative sites also known anything about a free market, unhampered by laws such as the Group Areas Act. In the free and open property market, the significance of Indian property owners that may better values for their properties.

The difference between what is called basic real market value is very obvious. The authority by saying that property owners generally, placing on their properties. That may be in individual what of the general design".

Now, property owners in Cato Manor deemed with the Minister's final "No" to the Re have received notices declaring the basic value f parties. They are allowed 21 days within which their objections. It goes without saying that this all human beings would in such dire circumstances in their power to salvage what they are able to in legal onslaught.

COURAGE OF STRIKERS PRAISED

THE Natal Indian Congress has congratulated the workers and members of the National Union of Leatherworkers, Natal branch, on their "courage and fighting spirit" on their struggle for higher wages and better working conditions.

Nearly 2,000 members of the Union throughout Natal have downed their tools in sympathy of the 3,000 workers who are presently on strike in Durban.

The message, signed by Dr. G. M. Naicker, the president, read: "Mr. Congress has been watching closely the problems your members have been facing, especially on this occasion on their efforts to secure decent wages. We are aware that the demands of your members here, for better paid tasks, are being made absolutely by wages.

"May I take the opportunity to express the wish that the unity within your Union, and in a result of this struggle become even stronger and bring on the fore of the best interests of the greatest number.

"Finally I wish to assure you and your members that the Natal Indian Congress fully sympathises with, and supports you in your fight for a living wage and is ready and willing to render you whatever assistance you may desire and which it or its unit power to give."

600 at great Muslim rally in Natal

ONE of the several points which attracted him to the religion of Islam, was the complete absence of colour or race prejudice in the teachings of the prophet Mohammed, said Mohammed Ilyas Michael, addressing an All Muslim Unity Rally at Durban's Curries Fountain on Sunday October 30.

The function which was organised by the Wesleyville Muslim Institute was the largest of its kind ever to be held in the Durban area in the Province.

It was attended by more than 600 people, many of whom were African Muslims from various parts of Natal and the Transvaal and Orange Free State.

The function was originally planned for Monday December 5.

Earlier in the week telegrams of goodwill were received from Pakistan and Egypt, but the Egyptian telegram was received too late for translation.

Mr. Mohammed Ali Gawanabadi, a visitor from the Transvaal, addressing the meeting, said that Islam was the only religion that had a constitution and that was why it was the fastest growing religion in the world.

Mr. Gawanabadi said that Islam was the only religion that had a constitution and that was why it was the fastest growing religion in the world.

Mr. Michael, who spoke on behalf of the Islamic Institute, said that Islam was the only religion that had a constitution and that was why it was the fastest growing religion in the world.

AN OLD TIMER BOWS OUT....

THE sun has at last set on the life of man who can truly be regarded as one of South Africa's greatest sons, a man whose each and checkered life is an outstanding example to young South Africans Black and White. A man, who was the doyen of the country's sporting fraternity, Advocate Albert Christopher.

One of those birds pioneers who set many of the more notable sporting organisations on their feet, Mr. Christopher had been connected with almost every sport.

In another article, appears two eloquent tributes from two of Mr. Christopher's buddies, Mr. M. John and Mr. S. G. Singh.

Every tribute can not be sufficient homage to this great soul, but coming from two Sports respected sportsmen, who were connected with Mr. Christopher both on the sportsfield and on the committee rooms, cannot be perhaps made his greatest contribution, they will at least serve to record a legacy and tribute.

Many of the organisations are today engaged on a fight of recognition inherit to sportsmen international recognition of the Union Blues, particularly one of the old troopers cherished dreams. RUTHLESS GANG'S REIGN OF TERROR ON BRIDGE

A GANG of African thugs is spreading a reign of terror among the thousands of Indians and Africans who use the Somtseu Road overhead bridge, by molesting young girls, robbing people of their pay packets, and stabbing and assaulting those who refuse to give them cigarettes, matches, or money.

Reggie Dommere, who won first prize of £10 last week in a talent contest organised by the management of Durban's Hotel, is seen being presented with the cheque by the compere, Mr. Cyril Seglias. Trump Gama won second prize of £5, and Errol Johnson won the £10 third place.

MEETING ENDS IN UPROAR

THE MEETING held at the 33rd annual general meeting of the Durban Indian Sports Ground Association, and some ugly scenes were narrowly averted when the chairman decided to adjourn the meeting indefinitely.

Cause of the trouble was the protest lodged by the cricketers who felt that as the pitters had not paid their dues they were not entitled to participate in the meeting, and thus contested to have their action on the grounds were allowed to participate.

A heated argument ensued, and the issues was split into two camps. After much wrangling, the matter was put to the vote, and it proved that the clubs which installed more than £200 for the marquee was refused as it was not made out to the pitters, but to the D.I.S. Ground.

The pitters contended that they were paying under control because the Sports Ground Association has not provided facilities for them.

TO KINGDOM COME — SEXTON MABENA

RONNIE GOVENDER SAYS:-

Tut! tut! this is no time for crowing

THE exultation of the "pugnacious" Mr. Ebby Mtembu, of the "Golden City Post", over the breakaways of the Boland cyclists from the S.A. Amateur Athletic and Cycling Board of Control should not be any cause for consternation.

We know well enough the fate of the indiscriminate punches he has thrown in the past at the opponents of the West Indies tour and the foundation members of S.A.S.A.

But to keep the records straight, the "split" has not done anybody any good, more especially the cyclists themselves. The Boland cyclists, after making a justified claim that they were not getting anywhere within the present administration, decided to break away and threatened to join the subservient South African Bantu Athletic and Cycling Association.

They then found after a hopelessly unsuccessful tour of the Transvaal that they would be better off back in their old fold.

Now a thing or two about the Bantus. In the present fight for international recognition our first and most imperative consideration is not to sell out the rest of our sportsmen by accepting subservient affiliation to White national bodies, no matter how attractive the conditions.

This is the determined stand that has taken S.A.S.A. and the South African Table Tennis Board where they are today.

As a person doing a responsible job, Mr. Mtembu owes this much to the public. Agreed that the S.A.A.A. and C.B.C. is very inactive at the moment, but this is no reason for any group to sabotage a national cause.

The Board should be severely chastised for this. When I spoke to Mr. I. G. Williams, the secretary, about this he said that the main difficulty is the lack of a suitable venue. I say that if Cape Town can't make a go of it, then the reins should be handed over to another centre.

SEVERE BREACH

Back to the Boland cyclists. The Board has now found that they have been ruling against professionals in the Transvaal, which is a very severe breach of the strictest amateur athletic code.

While they can still take back the Boland cycling body, it has become incumbent on them not to recognise some of the members who did this. In a statement to "The Leader", Mr. Williams said: "To play absolutely safe, the Board is investigating the matter before letting people simply compete at random."

NEW HIGH SCHOOL FOR VERULAM

VERULAM is to have a new high school. Mr. Simon David, Headmaster of the Verulam Indian High School, told a large gathering of parents and students at an Speech Day that some progress has been made in this direction. The Education Department had given the matter sympathetic consideration and had asked the Verulam School Board to look for a suitable site. Mr. David expressed the hope that the School Board would pursue the matter "with more zeal and see that a new high school is built in Verulam".

Bursaries for Natal schools

THE South African Committee for Higher Education, a body formed a year ago in Johannesburg to assist indigent non-White students receive university education, has now extended its scope to extend to Natal and to receive applications from 24 students for its bursaries valued at £500 a year each to study for the General Certificate of Education (G.C.E.) and the Extra B.A. or B.Sc. Honours degrees through the University of Durban.

Applicants are not required to pay tuition fees and the bursaries are renewable for five to six years. The applicants must live on Durban.

Since its inception the Committee had awarded more than 60 students. A group of interested individuals in the Witwatersrand, have gone to a lot of trouble to raise the necessary funds.

Applications should be addressed to the Principal, Box 11166, Johannesburg, not later than January 5, 1961.

THIS WEEK IN PICTURES

For the first time in the history of Natal College, a pupil won prizes for coming first in the class as well as topping the school in six subjects at Matric level. He is N. P. Sawyer, of Durban, who is seen being congratulated by the Principal, Mr. A. H. Lazarus, and the Vice-principal, Dr. M. B. Sanbon.

CITY COUNCIL SHOULD EMPLOY MATRICULANTS

"As the principal of a high school, the second largest for Indians in the Borough of Durban, and for that matter in all Natal, I have one special problem to-day or at the beginning of every year. What is to happen to the increasing numbers of boys and girls who are matriculating every year?" so said Mr. V. Naidu, principal of the Clairwood Indian High School, before a large gathering of parents and pupils at the school's speech day on Saturday.

POINT OF NEGLIGENCE

TALK OF THE BAZAAR

by The Fakir

EXHIBITION to shoemaker must surely be disgusting. And it is as clear as anything can be that the withdrawal of Mr. Paton's passport was sheer intimidation. Not of Mr. Paton, for I am sure that the Nationalist regime cuts too well that their nasty work will stop him from fighting for decency in his own country. They must have also known that their action will raise a fresh international hullabaloo. You don't win over lickers like them, they don't care. They do. The action was aimed against other liberals inclined. White South Africans who might want to raise their voices against the immorality that is practised. If they can suffer further ostracism from others, they might have had a worthwhile point for resisting further pokes it south.

I doubt however whether this will, if it is their aim, will succeed. For many Whites are finding that the smell of the unsettled skunk is unbearable to bear, and since that fascist skunk is going their ways, soon their months will be numbered.

Kashmir as seen by a visitor from Durban

THE old bus carrying us from Delhi rattled its way along the winding road and, after several hours of travel in the steaming heat, we reached Pathankot, the frontier town to the Kashmir State. Kashmir has now assumed a place of importance on the map of India, and evoked the interest of the world after hostilities between India and Pakistan, when each claim it as their own.

Strange events taking place at Greenwood

[TWO] developments have taken place following the recent group areas proclamations in the Greenwood Park and the Red Hill areas, well informed sources told "The Leader," this week.

Firstly, it is understood that a number of individuals, who are residents in the area and affected by the proclamations, were visiting those who are affected, in an attempt to enlist their support to make representations to the Group Areas Board and the Durban City Council for alternative lands in the Bluff-Isipingo area to accommodate those that have to move.

Secondly, agents, who visited Indian residents on Greenwood Park over a month ago to inquire them to sell their properties to the Coloureds, as they claimed the area was to be proclaimed for the latter race group, were now visiting Europeans whose homes have to move under the proclamations and make offers to the Indians, to ask them to sell their properties to prospective Indian buyers — most of whom are wealthy merchants from the city.

Several affected Greenwood Park residents interviewed by "The Leader" reported agents at what they called "meetings for the outsiders" to make them responsive to the proclamations.

"I am prepared to help you and you can remain my property and no one is going to ask me to exchange it for another. I love them. I shall be satisfied if a start is made to investigate the matter," said Mr. Paton.

Mr. Paton then referred to the Group Areas Act and said that the Act was the most vicious piece of legislation ever passed by the Union Parliament.

THERE IS NO ALTERNATIVE

IMPORTANT talks are being held this week-end between tribal college authorities and the Indian community in called upon to decide whether the unhappily costly, now that the Government has made clear what they

Opinion of thoughtful advocates is sharply divided. Some of Salisbury Island. So far no opposition have been heard before this public. No doubt of the project's practical will be fully aired.

Still, it is clear in spite of the misgivings of the community and its abhorrence for this tribal project, the Project Plan must flounder on the rock of practical alternative. What is the alternative?

What are Indians expected to do, if the Government decides? One does not expect that, no practical alternative, they will refuse to send their sons and daughters to Salisbury Island.

It is not fair to expect them to sacrifice their children. They cannot be made pawns in a game of politics.

What a great Indian patriot said about ... to Indians, to the tribal college, even as they ... early, offered many valuable safeguards. ... and Marion Heritage.

But this does not mean that there is ... ment's concept of tribal colleges. The ... under the compulsion and overbearing ... a tribal college.

The tribal college is only one link in the ... complex apartheid scheme. It has to be ... proper work in. And in that context, we ... that the only alternative is a change of ... Government policy, which must be ...

IS THAT POST OFFICE PEN TO GO?

THE British public — migratory birds perhaps — has long ranked the pens supplied for their use in post offices as fair target for a joke, along with ... and ... and mothers-in-law. In a broadcast on the B.B.C. General Overseas Service, Sam Pollock recalled the Sherlock Holmes story in which the great detective deduced that an anonymous letter had been written in a post office, because clearly the writer had had to take four dips of ink to form each letter of the alphabet, and such a messy result could never have been achieved with the pen as we ... to-day.

But now, Pollock said, it seemed that the traditional and ... Service pen post office pen was on the way out. ... of the Royal Mail ... the first of London's ... ... one of six ... which ... in a few years' time will be ... over the ... pattern throughout Britain.

Designed by the eminent industrial ... Hugh Casson, the pen-of-the-future ... ... of glass, ... and plastics and ... ... and ... ... pen-of-the-past.

The most ... ... Pollock said, was the ... ... of the "unwritable" ... and ... ... modern ... ... chained at intervals along the counter and ... writing obscene ...

In future no detective will be able to make the same deduction as Sherlock Holmes.

'FIREWORKS' EXPECTED AT MEETING

THE gradual slump in weightlifting and physical culture and the people responsible for this state of affairs have come in for severe criticism in the annual report due to be submitted by the secretary of the Natal Weightlifting and Physical Culture Association Mr. Rajendra Chetty.

The annual meeting will be held at 11 a.m. Sunday December 18 at Bhagat's Cafe in Warren Walk, Durban.

According to Mr. Chetty, competition in the "iron" game has practically ceased on the provincial level due to complete lack of co-operation from affiliated units. He observes that in spite of repeated attempts, some associations completely ignored affiliations and functioned independently.

CHRISTMAS is round the corner ... and right at the moment frenzied last-minute final arrangements are being made for the day. And as I write the thought occurs that had Christ not been born on this day, mankind would have found some other excuse for merry-making. Man likes to let his hair down now and a while and I dare say needs to do so. Witness the large number of holidays we have — destruction of fault-lines on the religious sanctity probably being given to familiar in order to receive the greater portion of ... From thousands of years ago, Man celebrated festivals and harvests, celebrations on a community level, apart from all the others we possess set apart for personal or family

Professor believes education at new college will be "grossly inferior"

A BELIEF that the education at the Indian University at Salisbury Island, Durban, would be grossly inferior, was expressed by Prof. Leo Kuper, the well-known Durban sociologist and author of the book on tribal colleges, "The College Brew," in a paper read by him at the anti-tribal university conference, at the Natal Tamil Vedic Hall, last Saturday.

THE PRICE OF FOLLY

DURBAN'S municipal bus service is a classic example of the cost of apartheid in purely monetary terms. It is now under consideration whether the National Transport Commission will allow apartheid to prevail on the buses. Durban is anxiously waiting to hear what it will decide.

What we wish to emphasise is merely this: that the enforcement of apartheid is costing the ratepayers of Durban pretty heavily. Durban is anxious to have apartheid at almost any price. It has always had an apartheid policy. It has been enforced at a loss for many years. Now it is said that an extra heavy loss will be incurred if the apartheid rule is not enforced on the National Transport buses.

It is quite impossible to estimate the full extent of the loss Durban has suffered and will suffer in the future as a result of its apartheid policy

Kalideen forced to resign

A "leader" Reporter

A MAN who had served golf for almost 30 years, was forced to resign as President of the Durban Indian Golf Club at an special general meeting on Sunday and when the full particulars actually appeared in the newspaper.

Not one single speaker said one [illegible] for his many endeavours. Only Mr. Lionel Nelson had the courage to come out and say [illegible] with respect and he came forward on a point of ordering. "I have reference to page Mr. S. M. Rao has left an [illegible] until the annual meeting".

It was surprising that of all those people present only three appeared to favour Mr. Rao's decision to [illegible] the result on the ground that [illegible] members in Mr. Kalideen were [illegible] private matter.

Even after the [illegible] Mr. Kalideen [illegible] the meeting [illegible] Mr. Rao [illegible] as a member of the [illegible] and [illegible] for the term of office.

R. S. GOVENDER (GUEST COLUMNIST)

Is this another Reg Honey bluff?

(Mr. R. S. Govender, the Sports Editor and writer of all the sports articles in this issue, and Mr. R. S. Govender, junior Sports Editor of "The Leader" and a well-known sports commentator, have over the column as a guest-writer.)

THE powerful non-racial South African Sports Association, which has had paved the way towards international recognition during its two years of existence, holds its first biennial general meeting in Johannesburg in the middle of next month.

A number of interesting items are featured on the agenda, among which is a very intriguing one by Mr. Reg Honey, Q.C., a senior official of the S.A. Olympic and Commonwealth Games Association (all-White) and the South African representative of the International Olympic Committee, who is invited to speak on the controversial but interesting topic: "The Colour Bar in South African Sport."

Your guess is as good as mine. What this big-hearted White sports chief, who has kindly accepted the invitation, is going to utter at the mammoth conference is a foregone conclusion.

It is bound to say: "As all the Olympic and Commonwealth Games Association are very much in sympathy with non-White sportsmen. Our doors are wide open and we do not practise any form of racial discrimination. But mind a very big BUT at that! the Laws and customs of the country forbid mixed sport."

Mr. Honey: Mr. please to note it, don't open your mouth too wide lest you put your foot in it. We have had many bluffs from White sportsmen, so don't let this be another of those pure bluffs. It is true that we had some tangible help from non-White sportsmen who can do so much to breaking the colour barrier in South African sport.

HATS OFF TO DAYASE NAIR

Hats off to Mr Vasu Nair, President of the Natal High Schools' Sports Association, and his band of sincere, hard-working officials.

Mr. Nair and his colleagues, Messrs. M. Ramsamy, L. Selig, A. L. A. Pillay and several others, have made a magnificent contribution to sport as a whole since they have taken up the reins of the Association three years ago.

These gentlemen carried most of their holidays for the interest in sport. Like, for instance, this year. During the July vacation they organised the Schools' Soccer Week, tennis championships during Michaelmas, and last week they concluded a very successful annual cricket week (which is fully covered by our colleague, Morgan Naicker, elsewhere in this issue).

They must surely be complimented for their efficient organisation. Their activities have already been extended on an inter-provincial basis, and machinery has now been set in motion to form a South African Schools' Sports Association.

The Natal Sportsmen's Club is due to announce the "untimely" sports administrator of the year shortly. I cannot suggest a more fitting choice for Mr. Nair who has been noted as the unsung hero.

KAIBIN HITS CANADA BOSSES

A well-merited success on golf marks this week. After 12 years as President of the Durban Indian Golf Club, Mr. H. Kaibien was forced to resign for (but at a special general meeting of the Club last Sunday.

When he announced his resignation, it was amusing to see that the majority of the members present applauded.

What a case of chronic ingratitude for a man who contributed so much to golf. Mr. Kaibien has served the Club since 1939, and he was chiefly instrumental in securing for the present non-lots golf course to be Leased at Springfield.

He was re-elected silent at the recent annual meeting of the D.I.G.A., and he may be forced to open a chronic for the rest of 1961 when the Club will owe about £12 10s. to its credit, previous was brought out how to resign.

What a story against a man who has done so much material for Indian golf in Durban.

Well has our tweet come to? I left to keep mile any sports announcement which has become so often that it stinks miles away. For the sake of some "butter" officials in our sport, the whole thing reeks. A change of heart, more policy and change of some administrators is needed if our sport is to be saved from the rot.

I take this opportunity of extending to all sportsmen and readers of The Leader a Merry Christmas and a Very Prosperous New Year.

Gun-slinger of '70's puts things right

"THE HIRED GUN," a taut and suspenseful outdoor action drama, starring Rory Calhoun and Anne Francis will be featured at the Scala this weekend.

The action begins when Calhoun, portraying a gun-slinger of the 1870's, agrees at a price to bring back Mrs. Francis, who has escaped to her father's New Mexican ranch from a jail in Texas, just before she was due to hang for the supposed murder of her husband.

A series of exciting adventures follow when Calhoun leaves the girl to return with him to Texas and in the course of the subsequent events learns of her innocence and is instrumental in the capture of the real murderer.

The highlight of the action is an Apache attack and chase. For these scenes in which Calhoun are shown in hand-to-hand combat with the Indians, director Ray Nazarro used three cameras simultaneously, with one camera mounted on a high vantage point, a second concealed in a four-foot pit, and the third mounted to a moving dolly.

THE presence of Tab Hunter in the small town of Santa Maria, California, for "Hell Bent for Glory" caused great excitement among the local college and high school set.

A steady parade of cars loaded with teenagers drove each night through the grounds of the motel where Tab was staying so the kids could catch a glimpse of the blonde star.

William A. Wellman, producer-director of "Hell Bent for Glory" was a member of the famed Escadrille of Americans pilots in the French Air Corps during World War I. He wrote the story for the film, based on his own experiences.

Tab Hunter and Fabian Chouteau play the young airmen cast of this Warner Bros. romantic drama which plays at the Scala next week.

Candid Commentary . . . by Politicus

The English in Natal have nothing to learn from Dr. Verwoerd

PERHAPS the statement of Mr. Alan Paton that really angered the Government was the one in which he said that the main culprit for the present situation in the Union is the Afrikaner. "After all they are our rulers," he said. But, when it comes to apartheid, one knows that English Natal can easily "out-Nat, the Nats." In an editorial on the Molteno Report of the Progressive Party, our very own "Daily News" wrote:

Precautions to take in a thunderstorm

FOLLOWING the recent thunderstorms in which many people lost their lives, many were injured, and properties worth thousands of pounds were destroyed, Dr. W. R. Stanton, vice-principal of South Entrance, and Fellow of the Royal Geographical Society and the American Society of Geographers, has written the following article for the benefit of the readers of "The Leader," giving them advice on the precautions to be taken during a storm.

Coming-of-age

Pictured left is Mr. R. A. Naidu (Provost of Mondale Road, Riverside, Durban, on the occasion of the celebration of his 21st birthday attended by friends and relatives. He is the eldest son of Mr. and Mrs. Vernon Singh.

The Reverend N. J. Chetty was the master of ceremonies for the occasion.

After prominent speakers paid compliments to Mr. Singh's qualities and his congenial nature, over eight to help Gone in debt while Mr. Singh has no financial interests, as he is a non-smoker and a strict teetotaller.

He entered the hearing profession at the age of 17 and became a shining school teacher also. The good work of Mr. Singh's father and his grandfather, Mr. Durgan Singh, was also mentioned of the part.

The Guest H.H. Durban, was the scene of the wedding on September 25, 1960, of Devadath, son of Mr. and Mrs. R. Ramsamy, 48 Avenue, Merebank to Dhanamoney, daughter of Mr. and Mrs. Samy Soorty, Dunmore Road, Merebank, Durban. TALK OF THE BAZAAR

by The Fakir

WHEN, towards the end of 1959, certain groups of persons in Britain and America, as well as in Ghana and East Africa, decided to observe the year 1960 as "Africa Year," they could never have dreamed how right they were to be proved. It certainly has been a year in which the world spotlight has remained focused almost continuously upon our continent, except for short breaks during the abortive summit meeting, Uncle Nobie's childish antics at the New York U.N. sessions and the American Presidential elections.

R. S. GOVENDER (GUEST COLUMNIST) SAYS:-

LET PEACE REIGN OVER SPORT IN 1961

THE year 1960, a most memorable year in the lives of the Indian people in South Africa—marking the 100th year of the arrival of Indians in this country, has seen our sport pass through one of the most crucial periods ever. While efforts on the international plane have given indications of bright prospects, the turmoil on the internal administration faces a sorry state of affairs.

The destiny of our sport lies in the hands of our administrators. Their bickering for position and hence the plums of office are causing our sport irreparable harm. Board rooms are now reminiscent of playing fields and boxing rings. Very seldom does one find that the discussions at these meetings are for the progress of the game itself. Instead, one finds that the game and the players are grossly neglected, and the emphasis is on self glorification. These are sad days for sport because of the many vendettas, so much so that meetings have become real battle fields.

Many administrators tend to serve sport not for the cause of sport but to gain glory for themselves. Most are so lethargic and complacent that progress in sport has stagnated.

Before I make a brief review of the various sporting activities during this memorable year, may I caution all those, especially to the administrators of the game as BURY THE HATCHETS AND LET PEACE REIGN OVER OUR SPORT DURING THE NEW YEAR. LET PAROCHIALISM TO THE FOUR WINDS AND MAKE A SINCERE AND CONCERTED EFFORT FOR THE PROGRESS OF THE GAME YOU REPRESENT. THE PAST YEAR HAS BEEN MARRED WITH MANY SQUABBLES AND THESE SHES SHOULDERS ARE NOT GOING TO TAKE US ANYWHERE. OUR SPORT NEEDS IMPROVEMENT AND ONLY YOU ADMINISTRATORS CAN HELP US. PROVE IT. LET YOUR NEW YEAR RESOLUTION BE TO DO JUSTICE TO THE GAME AND SHAKE HANDS FINISH OR ALTERNATIVELY, KEEP OUT OF IT.

IF I WERE TO GIVE A BOUQUET TO THE PERSON WHO HAS DONE THE MOST FOR SPORT DURING THE YEAR, I WOULD WITHOUT HESITATION HAND IT TO MR. BELLUS. HE HAS PROVED THE SPORTSMEN'S CAUSE TIME AND TIME AGAIN BY THE SACRIFICES HE HAS GIVEN OF HIS BEST. HIS IS AN EXAMPLE WHICH MANY HONOURABLE ADMINISTRATORS COULD DO WELL TO EMULATE IF THEY CAN ALSO SHOW THE SAME DEVOTION TO DUTY AND SACRIFICE AS MR. BELLUS MAY HE REST IN PEACE AND HAPPINESS IN THE SPORTING LIFE IN 1961 AS HAPPY AS HE HAS MADE ALL OF US.
