BASIL DE OLIVIERA—OUR BEST BET FOR SPRINGBOK CRICKET SIDE

BLACK South Africa's best bet to make the Springbok side to tour England, it is hoped, the South African Cricket Association takes any notice of the appeal made by the South African Sports Association to make the side non-racial, Basil de Oliviera, took time off from his boating honeymoon to spend a few days in Durban. It was a skirlsind stay for this diminutive cricketer, who was literally mobbed by enthusiasts and Pressmen.

School shortage — Indian Congress statement

COMMENTING on the re-opening of schools in Natal last week, the Natal Indian Congress, in a Press statement, expressed its concern at the recurring heartbreaks and anxiety caused by the Indian school shortage. The preliminary figures released showed that of the 1,600 children seeking accommodation in Durban's secondary schools, approximately 600 had been admitted.

Luthuli's plea for miners

CHIEF A. J. LUTHULI, president-general of the African National Congress, called on the people of South Africa to give generously and kind, to the bereaved families of the 435 miners killed in the Coalbrook mine disaster.

A blind man's gratitude

THE gratitude of a blind man for the assistance given him by the Natal Indian Blind Society is revealed in this letter to the Editor of "The Leader".

On behalf of myself and my family through your widely read columns to express our deep sense of appreciation and gratitude to the officials and members of the Natal Indian Blind Society for readily agreeing to undertake all the arrangements for our wedding.

My future was a very dark and uncertain one, I having been blind for 27 years now, and this is the first time in almost nine years of darkness that I feel my future assured. My desire to lead a full and normal life awakened me to commencing training at the workshops of the Natal Indian Blind Society with a secure job I decided to build myself a partner in life.

I chose my bride and asked the Society for a loan which I was prepared to repay. But the members of the Society, however, felt otherwise. They did not want me to start off my new life in debt, so they undertook to pay the married at no cost to myself. I had a few pieces of jewellery which belonged to my late mother. These were taken over by the Society and a new set of jewellery in unique style was prepared for my bride and me at the Society's expense. A new wedding outfit was provided for my bride and myself. The members prepared the delicious eats and tea. They obtained the Temple Hall, crackers, etc., which gave me great peace of mind. The members of the Society went out of their way to assist and I shall be ever indebted to the Society and to the many donors who came forward to make my start in married life as smooth as one can expect.

My friends and relatives told me of what a grand wedding we had. Through the Society's kindness I have been provided with a partner in life to lead me from my groping darkness into light and independence. Some day we hope to be given the opportunity of repaying the Society for all their kindness shown to us.

GREENWOOD PARK RATEPAYERS WARNED

SUBDIVISION of land in Greenwood Park, Durban, was not allowed on the grounds that the soil was not suitable for dwelling purposes. This was disclosed in the annual report submitted to the Greenwood Park and District Indian Ratepayers' Association by Mr. R. D. Pillay, the acting chairman, at its recent meeting.

PLEA TO CLOSE EARLIER ON FRIDAY

CLINIC FOR CHILDREN

A NEW clinic to assist the ill-nourished children of indigent parents was opened at Springfield on Wednesday by the Durban Indian Benevolent Society. The extension of the work of the Society is an attempt to help in some measure the large number of Indian children afflicted by deficiency diseases owing to the lack of nourishing food.

A Durban Indian medical practitioner, Dr. K. Seeva Pillay, will be in attendance at the clinic on a free service. Apart from providing medical attention for the babies, they will be given powdered milk and other nourishment.

Announcing this, Dr. K. S. Gawaalla, the president of the Society, said that they were shocked by the considerable incidence of cases like kwashiorkor among Indian children. The cases such as the Inanda Indian Community Centre and the Merebank Health Centre aimed to lift them to cope with urgent need for which they had been battling for years, he added.

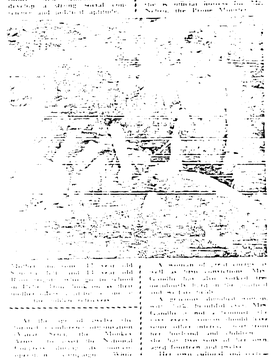
PORTRAIT OF MRS. INDIRA GANDHI

INDIRA GANDHI, Mrs. Indira Gandhi, daughter of Mr Nehru, the Prime Minister of India and former President of the Indian National Congress.

Her full name is Indira Priyadarshani Gandhi meaning 'to behold' her life, since her birth at Allahabad on 1917, has been dedicated to the service of her country.

Reared in the keenest political atmosphere of Anand Bhavan, the home, where her father, Pandit Jawaharlal Nehru, planned agitated for his country's independence it was perhaps inevitable that the future Mrs. Gandhi should develop a strong mental constitution and will of iron.



This portrait of Indira Gandhi, passed by the famous Indian artist Nanik Gurai, hangs in the drawing-room of the Prime Minister's residence in New Delhi. The painting is a favourite of both Mr. Nehru and his daughter.

APARTHEID IN SCHOOLS

THIS the week of this week — wherever people have gathered has been of the admission of students to Durban's Indian high schools. Of the 1,600 applicants, it is estimated that about 600 will not be able to find accommodation. There have been grouses over the high standard of entrance to secondary high-age, that pupils and students should have no say in regard to the school of their preference. Apartheid is to be observed in regard to admission and choice of teachers. Apartheid is not a religion and language.

Indians to use Town Hall

THE Stanger Town Board has at last, after much vacillation, decided to allow Indians to use the new Town Hall.

On previous occasions, bookings for the Town Hall had to be cancelled as, it is understood, the Town Board did not get the sanction of the Group Areas Board.

This gave the Indian communities of Stanger some cause for concern, for more than 80 per cent. of the rates comes from Indians.

The function which marks the opening of the Town Hall to non-Whites is the wedding of Miss Phungu Soni, of Cooper Street, Stanger, to Mr. Jayanadan Desai, of Mac Street, Durban.

NAICKER HITS OUT AT NAT. REPUBLIC

"AFRIKANER ambitions have been strongly inclined towards republicanism—as a matter of fact, before Union in 1910, we had the Orange Free State and the Transvaal republics, and as far back as 1842, an Afrikaner republic in Natal. Dr. G. M. Naicker, president of the South African Indian Congress, said this week. He was commenting on the Union Government's plans for a republic.

Curries to get Top-dressing

ACCORDING to the new full-time secretary of the Durban & District Indian Sports Control Association, H. S. Govender, Curries Fountain will not be ready for use until early April.

The ground, which has taken a pounding during the last season, has been thin in many places and especially around the goalmouths there is no turf. On a slightly rainy day excessive mudding and wash would.

The Association is now making an effort to see that the turf is given a chance to grow back to normal. They have vowed severe penalties for players still "bombarding".

A fence all the way round the pitches which will be ready for use, when completed the ground will be considered to be one of the best in the province. Also a pavilion which will be erected by the end of the year.

Games can be played on this ground only after it has been rolled for at least two months with rain of no less than 1/2 inch.

Boxing's in his blood

LANKY, 50, Hon. Danny Govender walked into our Durban offices and with a broad grin on his face told our boxing reporter, "I'm making a comeback. I can't give it up. Boxing's in my blood."

The fast-moving Govender, outpointed all four of his opponents in his last outing in the amateur ranks.

Trained by the veteran M. K. Ramsamy, one of the most knowledgeable men, Danny has had a string of knockout victories over local and visiting boxers.

Danny, an ardent fan, made his comeback at the Orient Club tournament.

Plunging necklines not new

THE plunging neckline is not as popular by far as it was a generation ago, according to Mrs. Ivy Jones, of Durban, who has been in the fashion industry for more than 30 years.

Mrs. Jones, who is a consultant to the Durban Corporation on fashions, said that the plunging neckline was first introduced in the 1920's. It was considered very daring at the time and caused a sensation when it was worn in the public streets.

Mrs. Jones, who is a member of the Durban Chamber of Commerce, is married to Mr. Gordon McDonald, who is also a well-known figure in the business world.

TALK OF THE BAZAAR

by The Fakir

Nobel prizewinner Rabindranath Tagore sang the songs of the soils of his native Bengal, but so did Indira. A contemporary, so Mahatma Gandhi, he was Gurudev to the masses. India's most prominent poet-play-wright of the 20th Century, Tagore has been compared with Valmiki, Kalidasa, Vyasyar and Valluvar. Yet it is an interesting thought, in this centenary year of the coming of Indians to South Africa, that we are indebted to a White Woman for the introduction of Tagore's works to the local population.

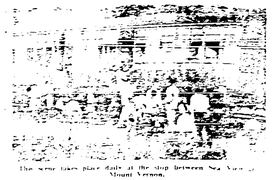
Cannot govern without the non-whites -Boyd

IN the past it was possible to govern the country without consulting the non-Whites and with scant regard for their interest. In future it will not be so," declared Mr. Leo Boyd, before more than 2,500 people, both European and non-European at a mammoth Progressive Party meeting in the Durban City Hall, last week.



The scene that took place daily at the stop between Mt. Vernon and Mount Vernon.

Railway halt- need for a platform

THE Non-European Railway Passengers' Welfare Association, which represents passengers using and boarding trains at the Jacobs, Mt. Vernon and Mount Vernon, on Natal Government Railways, has called on the manager of persons who are in charge of the Railway Administration that a platform should be erected at these stations.

CHACHAJAN at his age still has wings under his feet. I quickly get restless over weekends and like to visit new and old, familiar places. It was congenial last weekend in my old "Tin Lizzy" through rambling sugar country. It was good to take in the fresh, country air again, and it did my soul heart good to see the green ratoons drenched by the recent rains.

The North Coast is often derided, but I give it full marks every time . . . .

CALL FOR ABOLITION OF N.I.F.A.

At the Southern Natal Indian Football Association's annual general meeting last week, two motions were passed which will affect the whole of Natal Indian soccer.

Durban delegate, Mr. B. Lutchman, put forward a resolution for the abolition of the Natal Indian Football Association. He pointed out that South natural no real purpose as all the clubs are affiliated to the South African Indian Congress and the Natal Indian Congress.

Another resolution, called for the resignation of the Executive from the name of the Association.

HOSPITAL DEFENDS CHANGE OF HOURS

INDIAN WOMEN showed a keen interest in the trial Group Areas Board hearing which took place at the Durban City Hall, on Monday. Our picture shows some of them listening to arguments between counsels and members of the Board. The upper picture shows some members of the defence team who appeared on behalf of Indian property owners of Durban.

YOUNG WIFE BLAZES LIKE TORCH IN HUSBAND'S ARMS

WHITE WOMEN SPEAK UP FOR INDIANS

AN Afrikaans-speaking woman, the mother of several children, who lives at South Street, Durban, exploded the myth this week that the group areas proclamations were necessary to promote racial harmony, and to protect the Whites being "swamped" by Indians.

She but out vociferously at the proclamations, and said that the Government was "in a state of madness which would ultimately lead it to its downfall".

I came to know of this woman, who did not want her name to be published for obvious reasons, from several students who carried out a house-to-house survey of the Grosvenor area, to ascertain the true picture regarding Indian-owned properties that were to go to the Europeans, under the proclamations.

BIRTHING DAY

In the broiling heat of Durban's mid-day sun, I sought her out, and a young European woman answered [illegible] knees on our mour.

Two children clutched at her dress and the third child, a babe, was in her arms. I told her of my mission, and mentioned the Group Areas proposals for the area.

TALK OF THE BAZAAR
by The Fakir

NORMAL work was at a stand-still for dozens of very busy people this week while all effort was concentrated upon attempts to resist further stealing of Indian-owned properties for the benefit of Whites. The Group Areas Board has been sitting to consider proposals, one of which emanated from a Government authority, that the Indians of Greyville should be uprooted and their hard-earned assets turned over to those persons in the White community who pretend that theft is something else if it is done in a legalised manner.

STORM OF PROTEST AT FAKIR'S "INDIAN SCHOOL APARTHEID"

"THE FAKIRS" attack on "Apartheid in our Indian Schools" has raised a storm of protest. The "Fakir" has been accused as being "narrow-minded and bigoted." He has also been praised for his courage in bringing to light what some readers describe as a "harrowing" practice. The following are the views for and against:

"IN THE NAME OF THE INDIAN PEOPLE"

WHILE it is not unusual for certain individuals to make statements in the name of the Indian people"

Last week an exception took no wonder if the Indian community was a purple apart from the rest of the South African community.

The principal of Sastri College spoke "in the name of the Indian people" on the Coalbrook disaster, expressing his sympathy accordingly.

As the President of the Natal Indian Organisation spoke as reported, "on behalf of the Indian community in Natal," to express his delight at the birth of a son to Her Majesty the Queen.

WHILE THE SENTIMENTS EXPRESSED IN BOTH STATEMENTS, WE HAVE NO QUARREL.

BUT WE QUESTION THE RIGHT OF THESE INDIVIDUALS TO POSE AS SPOKESMEN OF THE INDIAN COMMUNITY, AND TO SINGLE OUT THE INDIAN PEOPLE.

On such occasions, the Indian community shares a common experience, and feels and reacts as any other people in South Africa. Their feelings and sentiments are in no way peculiar.

There is indeed no reason to ponder over the effect [illegible] statement. Is the Indian community [illegible] Has it [illegible] its soul defiled [illegible]

Is the Indian people of Durban, for instance, not [illegible] represented by the Mayor of Durban, or his [illegible] by the Chairman [illegible]

Why should there be [illegible] spokesmen presuming [illegible] It is [illegible] Heaven forbid!

Loved by many, kissed by none

HOLLYWOOD actress Andra Martin has the kind of role in Warner Bros. "Yellowstone & Co" that actresses dream about. She is the only female among hundreds of men and is loved by no fewer than four of them. Truly a dream part for any young actress.

But there is something missing for Andra. She never gets even one kiss in the entire film, not even an embrace, though the four men who seek her love literally fight to death over her.

The men who fight for the elusive actress in this frontier drama are Clint Walker, Edward Byrnes, John Lowell and Ray Danton, who constitute quite a line-up of Hollywood heartthrobs.

The chief reason why the lovely Andra goes kissless through the film is that she portrays an Indian girl in the year 1876, and the studio research department feels sure that kissing was never a part of Indian custom, and no Indian maid would allow herself to be kissed.
