## PRETORIA GIVES PAPWA £200 OVER WEEKEND

## How about Durban?

WITH Papwa's second overseas venture drawing well nigh above the leaves on April 10th the Papwa Fund is stepping on the gas in a final on-slaught to reach the target of £1,200. In a whirlwind drive in Pretoria in ONE weekend, Messrs. Louis Nelson (chairman) and R. Lutchman (treasurer), accompanied by Papwa himself collected £200 in cash. More money has been promised. The Pretorians responded magnificently. How about Durban — Papwa's hometown?

## PROFESSIONAL SOCCER ROW IS BREWING

MR. GEORGE SINGH'S statement, made at the Natal Indian Football Association's annual general meeting, that he could not see professional soccer being introduced this season because no blueprint has been produced as promised, has angered Mr. R. Lutchman, convener of the Natal Inter-Race Soccer Board's sub-committee on professional soccer. Quiet-spoken Mr. Lutchman has come out with a torrid attack on Mr. Singh, which is certain to spark off one of the biggest rows in sport.

## LOVERBOY'S FACE BLOWN OFF BY GUN

WASHINGTON. — Only the girls were missing when 26-year-old George Henry Brown, well-known Negro gambling figure, was shotgunned to death in the doorway of his home recently.

Brown, also known as "Cadillac George," had an incurable fascination for pretty girls, mauve Cadillacs and huge rolls of cash which he liked to flash. One of the last things he saw when he opened his front door in response to a knock was his 1959 black convertible Cadillac parked at the kerbside.

More his face was almost torn away by the shotgun blast from a shotgun, police found 2,500 dollars in his pockets. Only the girls were missing.

The shooting set off a wide-spread search for two men seen running from Brown's doorway immediately after the sound of the shot brought neighbours running to their windows and doors.

## Dr. Naicker condemns shooting

"ON behalf of the Indian people of South Africa I must express my deep sense of shock and regret at the death of citizens on Monday, March 21 during demonstrations. While we endorse the disapproval expressed, we cannot for one moment condone the violence that occurred," said Dr. G. M. Naicker, President of the South African Indian Congress, in a Press statement last week.

Dr. Naicker was commenting on the shooting to death of 56 Africans and the wounding of another 200 at Langa and Nyanga, in the South African capital.

"When our historical country is torn and gripped by violence we as right-thinking people have a duty to mourn, and to protest most vigorously.

"The shootings on Monday exemplified the lengths to which authority was prepared to go to maintain order against the background of poverty, misery and exploitation," Dr. Naicker said.

### SAYS

Dr. Naicker said that there was no need for the Saracen and sten guns, armoured cars and Alsatian dogs to suppress the people of peace-loving Africa, as if faced by armed attack.

He mentions at Sharpville and Langa Dr. Naicker said emphasised the normal need on the part of the authorities and all humanitarians to condemn the deep-rooted grievances and resentment of the African people against the pass laws, and other discriminatory legislation that denies the free existence of human beings.

Dr. Naicker stated that people whose lives were made unbearable by laws on the country had every democratic right to protest against them and call for their abolition.

The South African Indian Congress, said Dr. Naicker, calls for an immediate suspension of all forms of repression, and the repeal of all legislation that caused resentment and bitterness among people, and also to inquire into the whole background to the violence that was directed by the authorities.

## COUNCIL ACCUSED OF BUILDING HOLD-UPS

MR. R. [illegible] MAL, chairman of the Greenwood Park Indian Ratepayers Association, told the Durban Affairs Advisory Committee last week, that there was a growing feeling among Indian ratepayers owners that the City Council was trying to stifle the development of Indian-held properties under the Group Areas Act, by preventing Indians from erecting dwellings on their land through the City Engineer advising them that the ground was not suitable for drainage.

## LIGHT ON A SERIOUS SOCIAL PROBLEM

SOME facts about the male who showed an extreme attitude of sexual hate been revealed in records set out in either a taboo or from a study of the problem family the past five years by a woman psychologist at the University of California, Dr. Evelyn Hooker.

The victim will most often have had a poor parental relationship with a dominating, possessive mother and a weak, ineffectual father or one who was absent altogether. He is no particular physical or intellectual type. He may be a shoeshine supporting from a degree, an intellectual, artistic type or a successful, well-rounded business man with a family.

Frequently he will have parents three years.

Dr. Hooker says that the homosexual is likely to have been a worrisome child who had difficulty establishing friendships with boys should be viewed with suspicion, she emphasizes. Many such boys never have a homosexual problem. "In handling the problem we must not only be concerned with the individual homosexual but the society whose attitudes isolate him and compound his problems," she says. ### SACK THOSE SACKS AT GALAS

Sir, As one who likes to see the successful Indians get ahead in business, I would like to make a comment about the commercialism being displayed at the Indian galas in Durban, especially.

Surely the organisers of these galas have some other means of raising funds for their institutions besides selling sacks which bear the solid colours of the flags.

The flags would look so much more presentable if they were arranged for sale and for use.

Besides presenting a depressing sight, the sacks give off a chemical odour which contaminates the air.

They take away the feeling of gaiety and give the impression that the galas are nothing more than money-making schemes.

If the organisers want to make a genuine appeal to the man on the street, the man who unfortunately cannot afford to take his whole family to the gala, then they should sponsor their bazaars and think beyond the box office takings.

### COUSINS MAKE HISTORY

TWO Durban cousins made history in the Hindu world last Sunday, when they received their Kovid (Matriculation) certificates, and the traditional shawls, which they wear on ceremonial occasions, and entitles them to be referred to as "Pandit," at an impressive ceremony at the Mahatma Gandhi Hall, Lorne Street, Durban, by the Hindi Shikshi Sangh of South Africa, which holds the classes.

They are Miss Indiran H. Dhupelia (right), daughter of Durban social worker and businessman, Mr. H. H. Dhupelia, who received a secondary pass, and Miss Hasna P. Dhupelia (left), daughter of Mr. P. H. Dhupelia, who received a third-class pass.

They are believed to be the first girls in South Africa to have entered this academic qualification in Hindi. Also, for three years the examinations. The other, a male, failed.

In addition to the regular achievement, Indiran, who is a student at the Durban Indian Girls' High School, also won a silver cup, given by Kovid, which goes to the highest marks scholarship.

Hasna, who is also a student at the Durban Indian Girls' High School, won a bronze medal, given by Kovid, which goes to the highest marks scholarship.

## N.I.O. SEEKS A FAIR DEAL FOR INDIAN OWNERS

THE Natal Indian Organisation is seeking a postponement of the valuation on affected properties, until it has had an opportunity of discussing the method by which land values should be arrived at.

Mr. P. M. Pather, president of the Natal Indian Organisation, said that the N.I.O. was not opposed to the Group Areas Act, but it was opposed to the way in which it was being implemented.

Mr. Pather said that the Government had not given the Indian people any indication of the basis on which they would be compensated for their properties.

"We have been asking for this information for the past two years, but we have received no reply to our letters," he said.

"We feel that the Government should not proceed with the valuation of Indian properties until it has given us the information we have been asking for."

## PRO SOCCER A CERTAINTY

THE recent decision of the Natal Coloured Football Association not to accept professional soccer this season, and the intention of certain other bodies and individuals to follow suit, may well have serious repercussions.

According to the people who are anxious to start pro soccer, a new body, independent of other organisations, will be set up. This will in the end seriously disrupt the workings of the present soccer organisations.

According to Mr. R. Hutchinson, players and many officials are keen on introducing a form of professionalism and they are willing to leave their present organisations.

It is understood that players such as the national captain, Chris Soma, and others who have left the Mitchell Association are willing to join Mitchell's if moves is being made by mitchell them in a team under the management of Mr. Rasoolia Chetty.

Mr. Chetty said that he had contacted leading players and they had expressed their willingness to join. He is waiting for the go-ahead from the new body.

Mr. Hutchinson said that professional soccer will definitely start this season. Arrangements are now in active hands and a statement will be issued within the next few days.

In spite of wild rumours, no Indians were reported to have been molested or assaulted, or any businesses forced to close down in the recent disturbances.

## MORE EXPOSURES ON UNDERMINING OF TEACHERS

FOLLOWING a report in "The Leader" on how anonymous letters and complaints have undermined the careers of many teachers, several teachers have revealed other methods used by unscrupulous teachers to prevent their colleagues being promoted, and to have them transferred elsewhere.

### Behaviour of staff

The Editor,

THE Editor,

Sir,—What motive lies behind the behaviour of the Indian staff at the Protector of Indian Immigrant's Department, Durban, as those have been numerous complaints recently by people who have had to wait for hours for attention, while the clerks indulge in idle chatter.

It is shocking to see how some people are being treated.

There are members of the public who have to travel many miles to Durban from their homes, only to be told to come back another day.

Some of these people live at Verulam and Stanger. Must they pay the extra cost of travelling backwards and forwards?

I have no animosity against the staff, but they should be more polite when dealing with the public.

It would also be interesting to know what is so difficult to obtain a birth certificate or a pass, that the clerks hold a man that he could not issue a pass until the man produced the date of his birth from the school he had attended 24 years ago.

Some of the clerks should pay more attention to their work instead of writing down cake recipes handed to them by friends.

Yours, etc.,
K. B. MAHARAJ.

Durban.

## A WITCH-HUNT AMONG TEACHERS

LAST week, we published a report on the meeting of some teachers who, in sensational letters to the Natal Education Department, reported alleged misconduct of their colleagues.

This is a practice we regret we are accustomed by a few who have been nearly 20 years in the profession and who, instead of inspecting the classroom, which is undoubtedly only a task of teachers but by even some principals and principals.

The purpose of the anonymous letter-writer, and we are puzzled to guess his colleagues from his point of view for himself. In the nature of things, it is difficult to pinpoint anything, but there is never smoke without fire.

To say the least, this is a very disturbing situation, certainly not a healthy situation.

These so-called anonymous letters it is said, are the Authorities, who place the highest reliance upon and immediately institute investigations. Apparently are not so anonymous that their writers cannot be traced.

A veritable witch-hunt is set in motion. The result can do neither the teachers, the Education Department, the pupils, any good. In this, perhaps, some of the reasons the alarmingly high percentage of failures in some schools in recent years.

It is a situation fraught with the greatest of concern for the future of Indian education. It is the duty of the Natal Indian Teachers' Society to pose immediate attention to this matter, to take it up with the Authorities and to put an end to a nefarious practice.

For as Henry Adams has said, "A teacher affects eternity; he can never tell where his influence stops."

## THE COALITION RUMOURS

THERE are rumours of a common program between the Nationalists and the U.P. These rumours have been started by the antics of Mr. Douglas Mitchell.

Why should there be a coalition when the Government is sure of its seats in power, and to turn all its attention to the economic problems of the country? A coalition only came about when there was no clear-cut majority on account of three cornered contests, or as France knows, must lead a record list for the number of coalition Governments.

## "DO IT YOURSELF" BROADCASTING

NOT long ago an indignant British citizen wrote to the papers about the length of the lunch hour taken by the officials. He had, he said, paid an impromptu visit to the B.B.C. studios, arriving at 12 midday to find no one there. At the B.B.C. itself, he was returned from lunch when he left at 2 o'clock.

Said Mrs. Margaret Ballinger:

THE Govender twins, Sunday Nagaran and Gunga Nagaran, members of the North Ranges Football Club, will be making history on the world of matrimony when they get married this Sunday at the Shree Vaithianatha Tapovan Temple, Umgeni Road, Durban.

They will have two parents officiating at the wedding ceremony, as the unique feature is that both of them will be married at the same time, that is, they will each be the "bhaiji" to their respective wives exactly the same moment.

Chapu and Gunga, as they affectionately known, were two of the founders of the North Ranges Football Club in 1950. The club will be celebrating its 10th anniversary this year.

## SILENCE IS PRECIOUS! He had to pay for it

IN Hollywood, you have to pay for silence. That is what Ralph Thomas, director of the new Pinewood film, "Conspiracy of Hearts," discovered while filming on location in Corsica.

For just as the unit was about to shoot an important scene, the sound of a "ping" pong game drifting out of a nearby cafe, made the whole work impossible. An assistant was sent to the cafe to ask for a few minutes silence.

So the unit waited. The music stopped. The filmmakers prepared to start work. The assistant returned. "We've only got 12 minutes," he said, "but you can have them."

He was asked to explain. "It was the cafe's juke box players. The owner said that if we wanted silence we must pay for it by giving him the money he would have received by people putting it on the disc." And the assistant gave him 100 lira (1.2d.), enough for three records . . . and 12 minutes silence.

## Scrap the Inter-Race Soccer Board Now

NOW IS THE TIME. We've sat about and wear fed up of sham talk and false promises from our governing bodies about the abolition of race divisions in sport. In soccer the Natal Inter-racial Board is a bride to progression in sport. It is time the South African Soccer Federation, that have two bodies will now more stage matches between the three non-White race groups. It should be made clear to them that these matches have taken on the temper of hot lead. Let's quit fooling with theories and make a concrete effort to purge racial enmity in sport. To make a start let's scrap the Natal Inter-race Soccer Board.

# SHOCKS FOR MOURNERS AT DURBAN FUNERAL

HUNDREDS of mourners at a Durban funeral last week were shocked to see relatives carrying the coffin containing the body of a 71-year-old Tamil woman down the fire escape from a first floor flat because a neighbour refused them access to a flight of stairs leading through the back of his flat to the street. The coffin had to be carried upright down a narrow flight of stairs.

## HUSBAND DIES IN MINUTES OF GOODBYE

WITHIN minutes of saying goodbye to his wife before going to work one morning last week, Mr. Herrial Sidhoo of Lincoln, was knocked down by a bus and killed.

He was on his way to a nearby textile mill when the tragedy occurred.

A keen angler, Herrial was the sole support of a family which included his wife, brothers, sisters, and an aged mother.

According to his wife, Mr. Sidhoo had only left for work a few minutes earlier when the news of the accident came.

She was so shocked that it took her some time to come to her senses.

She said that she did not know what to do now that the family were without an wage earner.

The family has no means, and "The Leader" understands that neighbours are contemplating setting up a drive amongst sympathisers to avoid the destitute family

## 13-YEAR-OLD CHILD DIES OF BURNS

WHEN 13-year-old Asha Bibi Shaik Mather, of 128 Dunbar Crescent, Asherville, Durban, was fatally burnt last week, her parents were not at home.

Her aged mother was in Durban shopping, and her father was employed 100 miles away at work in a Glendale sugar mill, on the South North Coast.

When Asha ran out of the house like a flaming torch, her sisters and neighbours tried in vain to extinguish the flames, but by the time a neighbour brought a blanket to put out the flames the girl was badly burnt. She died in hospital four days later.

According to one of her sisters, who was at home at the time of the tragedy, Asha went into the kitchen to do some work. She had her back to the stove, and her clothes caught alight. When the flames began to envelop her, she ran and screaming left the house for help, but it was too late to help her.

## 41 special trains laid on for Good Friday

THE Non-European Railway Passengers Welfare Association has been informed by the Seaton Manager (Natal), South African Railways, that there will be 41 special trains to and from Durban and Pinetown on Good Friday, when thousands of Hindus will be making pilgrimages to the Temple between Sydenham and Pinetown.

All the trains, according to Mr. J. Bogwandeen, Secretary of the Association, will stop at the new halt Pelgrom to pick up outgoing passengers.

Mr. Bogwandeen has been appointed by the association as special duties officer at the halt. He appeals to Indian passengers to cooperate with the railway officials to make their task easier, and to facilitate a smooth flow of people at the station.

Mr. Bogwandeen said that the officials of the Association will be on duty on Good Friday and Saturday and any complaints should be made to them.

## TALK OF THE BAZAAR

*by The Fakir*

LAST week I wrote of the urgent and important duty that rests upon every one of us in momentous days. It behoves each and all of us not only to do, say or think anything that might even remotely damage race relations, but that moreover we must go out of our way to foster and promote inter-racial harmony.

Pushpakanthi and Savithri, Durban's dancing duo, who are creating a sensation with their superb performances of the intricate Bharatanatyam, are the "stars" in Durban. Daughters of Mr. and Mrs. Parvathi Soobramoney of Durban, they learnt this difficult art, which requires great physical endurance, from their mother.

The girls gave a scintillating performance at the Natal Tamil Vedic hall, Durban, last week, in a programme arranged by Tamil Vedic Society to celebrate Rammoorthy Lord Rama's birthday.

# "TEN COMMANDMENTS" GREAT FILM

SPECTACLE of an immensity never before seen on the screen and a masterful telling of a reverend religious story make Cecil B. de Mille's production of "The Ten Commandments," the greatest of all motion picture entertainments. No matter what the picture you have seen, the Paramount colossus which opens at the Rio Theatre from Easter Monday onwards, has it on incredible megastic nights in concept, mammoth in execution and overwhelming in impact; the costliest and longest work in screen history is an experience never to be forgotten.

### Pull up Your Socks Natal Weightlifters

### MAKE UP YOUR MIND TEACHER!

Sir, Is it right for teachers to ask for books etc. throughout the year, or whenever they feel like it? Do they not realise how much inconvenience some parents are faced with especially when they can just remember to keep up their homes, and give what little education they can afford to their children?

Furthermore, who are the children given booklists? Surely that includes the requirements for the whole year? If so, why then should the pupils be told to buy more books?

Teachers seem to be under the impression, that money falls from heaven. It just shows how irresponsible they can be.

Teachers should have a thorough discussion regarding the full book requirements for the year, so as not to inconvenience the parents.

I hope you will publish this article in your widely-read newspaper.

FORTY-SEVEN-YEAR-OLD William Johnson, of Chicago had just got out of bed to open the mailman on Saturday. He felt sick, so he decided not to deliver for Brink's Incorporated, the armoured firm which transports large sums of money.

He left his armoured van at a Chicago street.

Then he went home, had a drink, and to make sure he felt good he took a few aspirins and a couple of sedatives.

Unfortunately, he took them before all these drinks, and he died.

### HE FAVOURS NON-WHITE IN GOVT.

## "The Leader" Editorial

### AN ACT OF MADNESS

WE would be failing in our duty if we did not place on record our reaction to the attempted assassination of the Prime Minister.

We can find no justification in saying that the sympathies of the non-European community go out to the Prime Minister and his family.

However much the Indian people may object to some aspects of the Government, they most definitely can never condone acts of violence.

This act of madness, there is no other description for it, can no answer to South Africa's racial problems. It can only aggravate racial feelings when the hour demands that nothing should be said or done which may worsen the present and strain race relations.

We are happy that Mr. Nehru has sent his message of sympathy and good wishes for a speedy recovery to Dr. Verwoerd. This kind of gesture cannot go unnoticed.

It is in sharp contrast to the attitude of Ghana for which there is no parallel in the Commonwealth.

Political differences aside the people, but essentially all people of whatever colour or creed, cannot fail to respond to the call of humanity at a time like this. We extend to Dr. Verwoerd and his family, on behalf of the Indian community, our heartfelt sympathy, and wish him a speedy and complete recovery.

### HOW YOGA CAN AID YOU IN THESE TROUBLED DAYS OF STRESS

THE tragic happenings of the last few weeks have shocked all thinking people, and to my mind the solution lies in the study and practice of Yoga. If you are a student of this science you see and feel deeply that love is the basis of all understanding, says Madeline Palmer, of Durban, a teacher of Yoga.

Being the highspots on New York is South Africa's "Nightingale," Miriam Makeba, who can neither read nor write music. This however has not deterred her from singing songs in several languages, least her own Xhosa. Miriam is being coached by an American musician, who is writing some of the African tunes on paper. Meanwhile in England, husband Sonny Pillay is also winning fame. He has recently signed a contract to do a television series.

These young Durban nurses spent their time off from duty relaxing at the beach.

About 80 people of all races gathered outside the Durban Central Jail recently for five minutes of silent prayer for the emergency detainees. Because the Emergency Regulations forbid gatherings of more than 12 people, they knelt in prayer in isolated groups. On a previous occasion they were told to leave by the police, but this time they left on their own accord after saying prayers.

Here, Mrs. Nan Joubert (centre), M.L.A. and Mrs. Joe Joubert (right) are seen with Mrs. Ruth Mompati, wife of Mr. Mompati, Secretary-General of the African National Congress, who is at present in Cape Town. Mrs. Mompati is on a visit to Durban.

The 87-year-old Buddhist Monk and author from Ladis, Bhikkhu Chamnien Lal, who photographed during the opening of the African fashion fund fair, on his 23rd outing the annual Easter Monday sports held at Battery Beach. Standing on his right is Dr. M. B. Naidoo, Bhikkhu Chamnien Lal has just returned from Cape Town where he had an audience with Cabinet Ministers Mr. Fox Louw and Mr. Tom Naude.

The photograph above shows some of the Scouts of Durban who took up positions at the entrance to the Sportsman Hockey Ground on Good Friday during the annual Match between Natal and Transvaal. Each of the Scouts is responsible for the safety of a number of people in the queue for admission.

## NO PRESS NO VISITORS — NO SHOW?

DANIEL PETRIE, director of "The Bramble Bush" at Warner Bros. Studios, closed the set to the Press and visitors while actress Angie Dickinson participated in "glass-window movie" scenes.

Not only was the stage closed and guarded, but at Miss Dickinson's request the set itself was screened off from the crew, with only the director, cameraman and a few necessary electricians admitted during the filming.

"The Bramble Bush," which stars Barbara Rush, Richard Burton and Jack Carson in the leading roles, will be seen in South Africa shortly and, with luck, non-White cinema fans may see the film after the newspaper Board of Censors have backed it, or they may not see it at all.

# Give Indians a chance in the Public Service, Mr. Botha

The Deputy Minister of the Interior, Mr. P. W. Botha, told Parliament on March 22, that the creation of new avenues of employment for Asiatics in the Public Service is not being considered by the Government at present. Yet according to the 1951 census, 60 per cent. of the Indians in Durban were under the age of 21. We are, therefore, a very young community.

## OH BOY! WAS IT A GREAT DAY— SUN, SURF, SUEDE AND SARRIES

TIME—MONDAY, 11 A.M. PLACE—BATTERY BEACH, DURBAN. The sun has taken time off from playing hide and seek behind ominous rain clouds which are scurrying away. The sea, reflecting the wide-eyed, clear blue sky is patterned on the bay's silvery white foam of rolling surf. A bleary-eyed tourist, taking a late morning peep out of his hotel window, with mouth agape, exclaims, "Man, something's gone wrong here this ain't Durban, it's Calcutta!"

WITH Southern Natal's triumphant showing against the top Transvaal and Coloured teams we have become even more wing conscious after talking to soccer fans, officials and players. We have come a long way, no doubt, from the gloomy days of the rugby wars when soccer could not be mentioned in Indian homes, but it isn't in the interests of soccer to think that we have reached the top rung and should let it go at that.

## ACES MEET SWALLOWS ON MAY 15

THE experts-anticipated "Aces-Swallows" soccer clash on May 15 has taken place on May 15 this year, according to officials of the Transvaal Football Association. Ivan Grice, President, Mr. Hans travelled down to Durban over the week-end for the match.

Mr. Twala said that Swallows are one of the best teams in the country. "I can assure you our centre forward, Farkey, who has been signed on for the Transvaal side, will be a delight to watch. He will prove a dangerous threat to the rival keeper, Dan Naidoo."

And one of the Swallows players signed for the Transvaal Aces against the Southern Natal Indians, Mr. Twala said, especially invited us to watch the opposing centre-forward. Such were the highest praises we could hear so that they can be sure of a fine game for their coming match.
